

STATISTICAL ABSTRACT

**INDIA
1989**

**CENTRAL STATISTICAL ORGANISATION
DEPARTMENT OF STATISTICS
MINISTRY OF PLANNING
GOVERNMENT OF INDIA**

- * Based upon Survey of India map with the permission of the Surveyor General of India.
- * The boundary of Meghalaya shown on this map is as interpreted from the North-Eastern Areas (Reorganisation) Act 1971 but has yet to be verified.
- * The territorial waters of India extend into the sea to a distance of twelve nautical miles measured from the appropriate base line.
- * The administrative headquarters of Chandigarh, Haryana and Punjab are at Chandigarh.
- * Responsibility for the correctness of the internal details rests with the Publisher.

P R E F A C E

The current issue, which is the thirty-first in the new series of the Statistical Abstract, incorporates the latest available data upto March, 1989 under important heads of economic and social development. It gives national aggregates generally for 1950-51, 1955-56, 1960-61, 1965-66, 1970-71, 1975-76, 1980-81 and for latest three or four years. State-wise information is presented for the latest year.

2. This publication has been printed by the modern technique of computer aided photo litho process. Effectiveness of the method is both with regard to enaoling elegant presentation of tables and reducing the time-lag in printing.

3. A review of the subject coverage of Statistical Abstract is made regularly with a view to introducing improvements in the light of the latest developments and the availability of fresh data. Changes effected in the tables in the current issue, as compared with the previous issue, are given at page (x).

4. The Statistical Abstract serves as an important source material for authentic data on different sectors of the Indian economy. The source agencies are indicated under each table. The relevant publications of these agencies furnish more detailed information on the subjects.

5. The continued and generous co-operation given by various offices of the Central Government, State Governments and Public undertakings, in making available the required data for the Abstract is gratefully acknowledged. Suggestions for improvement received from the users are also acknowledged with gratitude.

M.G.Sardana
Director General

CENTRAL STATISTICAL ORGANISATION
DEPARTMENT OF STATISTICS
MINISTRY OF PLANNING
GOVERNMENT OF INDIA
NEW DELHI
APRIL, 1990.

The following symbols have been used in the Abstract:

- .. Not available
- Nil or negligible
- (P) Provisional
- n.e.c. not elsewhere classified.
- n.e.s. not elsewhere specified.

Note: Arunachal Pradesh and Mizoram became States w.e.f. 20.02.1987 and Goa w.e.f. 30.05.1987. These are, however, shown under Union Territories in the various tables giving State-wise information.

CONTENTS

Table		Page
	1. AREA AND POPULATION	
1	Area and population by states	3
2	Area and population by districts	4-14
3	Number and population of towns and villages (by classes)	15-16
4	Population of cities	17-22
5	Decennial growth of population	23-25
6	Density-wise distribution of population and area	26-27
7	Ranks of states and union territories by population and area	28
8	Economic classification of the population	29-31
9	Expectation of life	32
10	Population by major religious communities	33-34
11	Population of scheduled castes and scheduled tribes	35-36
12	Estimated mid-year population	37
	2. RAINFALL	
13	Monthly and annual rainfall 1988- by meteorological sub-divisions	39-41
14	Annual rainfall- by meteorological sub-divisions	42
	3. AGRICULTURE	
15	Pattern of land utilisation	46-47
16	Area under principal crops	48-50
17	Production of principal crops	51-53
18	Average yield of principal crops	54-56
19	Index number of Agricultural production	57
20	Agricultural implements and machinery	58
	4. LIVESTOCK AND FISHERIES	
21	Livestock and poultry	60
22	Cattle and buffaloes used for work only	61
23	Production of milk	62
24	Production of raw wool	63
25	Fish catch and landings by group of species	64
26	Distribution of fish catch	64
	5. FOREST	
27	Classification of total forest area	66-67
28	Outturn of forest produce	68-69
29	Revenue from and expenditure on forest	70
30	Protection of forest	71
31	Progress of forest regeneration and afforestation	72
	6. SERICULTURE	
32	Production of raw silk and silk yarn	74
32A	Export of silk goods and silk waste	75
	7. IRRIGATION	
33	Net area under irrigation- by sources	77
34	Gross area under irrigation- by crops	78
	8. MINING	
35	Number of Mines in India.	80-83
36	Production of minerals and ores and details- by selected items	84-92
37A	Index of mineral production (quantum index - Base:1970=100)	93-94
37B	Index of mineral production (quantum index - Base:1980-81=100)	95
	9. INDUSTRY	
38	Annual survey of industries (Factory Sector)-by states	99-101
39	Annual survey of industries (Factory Sector)-selected characteristics by industries	102-110
40	Mill production of cotton yarn	111
41	Production of cotton cloth- by categories	112-113

CONTENTS-contd.

Table	9. INDUSTRY-contd.	Page
42	Production of man-made fibre fabrics	114
43	Production of selected industries	115-126
44	Index number of industrial production	127-133
	10. POWER	
45	Electricity-Installed capacity, generation and consumption	135-136
46	Electricity sold to ultimate consumers	137-138
47	Number of towns and villages electrified in India.	139
	11. BANKS	
48	Liabilities and assets of the Reserve Bank of India	142
49	Liabilities and assets of different classes of banks	143-144
50	Cheque clearances- by centres	145
51	Cash deposit ratio by class of banks	146
52	Industrial Finance Corporation Liabilities and Assets	146
53	State Financial Corporations Liabilities and Assets	147
54	Industrial Development Bank of India Liabilities and Assets	148
55	Industrial Credit and Investment Corporation of India Liabilities and Assets	148
	12. CO-OPERATIVE SOCIETIES	
56	Number and membership-all types	150
57	Number, membership and financial position of state co-operative banks	151
58	Number, membership and financial position of central co-operative banks	152
59	Number, membership and financial position of primary credit societies	153-155
60	Number, membership and financial position of grain banks	156
61	Membership and financial position of central land development banks	157
62	Number, membership and financial position of primary land development banks	158
63	Number, membership and financial position of primary non- credit societies (Excluding Insurance Societies)	159
	13. JOINT STOCK COMPANIES	
64	Joint stock companies at work	161-166
65	Joint stock companies: newly registered	167-171
66	Joint stock companies: liquidated	172-176
	14. INSURANCE	
67	Summary of life insurance revenue account of the Life Insurance Corporation of India	178
68	Liabilities and assets of the Life Insurance Corporation of India	179-180
69	New life insurance business by Indian Insurers and total life insurance business in force	181
70	Post Office Life Insurance Fund Account	182
71	Postal life insurance policies issued	183
72	Particulars relating to premium derived from fire,marine and miscellaneous insurance business of Indian Insurers	184
	15. TRADE	
73	Foreign trade-overall trade in merchandise and treasure	191
74	India foreign trade by groups, divisions and sections	192-212
75	-Value of imports of merchandise into India by principal countries of consignment	213-215
76	-Value of exports of merchandise (Indian produce and manufactures) from India by principal countries of destination	216-218
77	-Value of re-exports of merchandise from India by principal countries of destination	219-220
78	-Summary of the value of merchandise trade by revised economic regions.	221-222
79	-Quantity and value of imports of principal articles of foreign merchandise	223-224
80	-Quantity and value of exports of principal articles of Indian produce and manufactures	225-226
81	-Index numbers of imports of the unit values and of quantum of imports	227
82	-Index numbers of exports of the unit values and of quantum of exports	228

CONTENTS-contd.

Table	15. TRADE-contd.	Page
83A	Coasting trade-Total value of import merchandise to various maritime blocks of India	229
83B	-Total value of export merchandise from various maritime blocks of India	229
84	Inland trade-Movement of certain principal articles by rail and river between the states and chief port towns	230-233
	16. BALANCE OF PAYMENTS	
85	Overall balance of payments	236-238
86	Regional balance of payments-current account	239-244
87	External assistance-authorisation and utilisation classified by source	245-248
	17. RAILWAYS	
88	Railways statistics-summary	251-254
89	Passengers and goods carried and earnings derived therefrom by railways	255
90	Capital at charge, earnings and expenses of railways	256
91	Financial results of Government railways	257
92	Revenue account of the railways in respect of which Government is financially responsible	258
93	Details of gross traffic earnings	259
94	Number of persons killed and injured according to nature of accidents	260-261
	18. MOTOR VEHICLES	
95	Number of motor vehicles registered in India.	263
96	Revenue from road transport	264-265
97	Number of motor vehicles plying on inter-state routes with regular permits	266
98	Working of state transport undertakings	267
	19. ROADS	
99	Length of highways by authorities	269-270
100	Length of urban roads by authorities	271
101	Length of project roads by authorities	272-273
102	Length of national and state highways- by width	274
103	Growth of National highways in India and Central Government expenditure incurred there-on	275
	20. SHIPPING	
104	Strength of Indian merchant shipping fleet	277
105	Share of Indian flag vessels in the overseas cargo traffic handled at ports	278
106	Vessels entered and cleared	279-282
107	Number and tonnage of vessels which entered Indian ports	283
108	Number and tonnage of vessels which cleared at Indian ports	284
109	Tonnage of vessels which entered and cleared in ballast at Indian ports in coastal trade	285-286
110	Tonnage of vessels which entered and cleared with cargo at Indian ports in coastal trade	287-288
111	Total shipping in the foreign and coastal trade at principal ports-summary	289-292
112	Gross weight of cargo handled at major ports	293-294
	21. CIVIL AVAITION	
113	Indian scheduled operations	296-297
114	Indian non-scheduled operations	298
	22. TOURISM	
115	Number of foreign tourists to India	300-302
	23. POSTS AND TELECOMMUNICATIONS	
116	General statistics of post offices	305
117	Estimated number of postcards, letters newspapers, parcels and packets	306

CONTENTS-contd.

Table	23. POSTS AND TELECOMMUNICATIONS-contd.	Page
118	Number of post offices, letter boxes and postal articles (excluding money orders)	307
119	Total number and amount of money orders	308
120	Number of post office saving banks, depositors and amount of deposits	309
121	Receipts and charges of the post offices	310
122	Post office capital account expenditure	311
123	Telegraphs lines-summary	311
124	Telephone lines-summary	312
125	Telephone offices-summary	312

SELECTED ECONOMIC INDICATORS

AREA AND POPULATION

This section includes abstract of available data on area and population of the Indian Union based on the Census of population 1981.

Table 1

This table contains data on area, total population and its classification according to sex and urban and rural population. Urban area is defined as follows:

(a) All statutory towns i.e. all places with a municipality, corporation or cantonment or notified town area etc.

(b) All other places which satisfy the following criteria:

(i) a minimum population of 5,000.

(ii) at least 75 per cent of male working population engaged in non-agricultural (and allied) activity.

(iii) a density of population of at least 400 per sq.km.(or 1,000 per sq.mile).

In the case of Jammu and Kashmir, the population figures exclude information on area under unlawful occupation of Pakistan and China where Census could not be taken.

Table 2

This table shows the district-wise break-up of area (provisional) and population of States and Union Territories according to 1981 census. This also gives district-wise details of population regarding male, female, total and percentage increase of population since 1971 and proportion of rural/urban population to 1,000 total population.

Table 3

This table shows the number and population of towns in India by classes (I-VI). Towns are classified according to population as below:

Class I-One lakh and above
Class II-50,000 to 99,999
Class III-20,000 to 49,999
Class IV-10,000 to 19,999
Class V-5,000 to 9,999
Class VI-Under 5,000

Table 4

This table shows the sex-wise population of cities (with population one lakh and above) in each State in 1981 along with increase over the 1971 Census.

Table 5

This table gives State-wise population enumerated in nine censuses from 1901 to 1981 along with the decennial percentage variations.

■
Table 6

This table gives State-wise percentage distribution of population and area according to population density.

Table 7

This table shows the rankings of the States and Union Territories in order of population and area.

Table 8

This table presents the economic classification of the population.

Table 9

Expectation of male and female lives at birth and at ages 10,20,30,40,50 and 60 years in the census years 1881-1980 for all India is shown in the table.

Table 10

The table shows the population according to numerically important religious communities of India-Hindus, Muslims, Christians, Sikhs, Buddhists, and Jains with the percentage increase during 1971-81. Other religions have been collectively presented under 'others'.

Table 11

The figures represent the population and percentage distribution of members of Scheduled Castes and Scheduled Tribes in States and Union Territories.

Table 12

This table shows State-wise provisional estimated mid-year population for the years 1961,1966,1971, 1976,1981 and 1984 to 1988. The estimates have been made by the Expert Committee, on Population Projections with the Registrar General, India, as Chairman.

AREA AND POPULATION

TABLE 1- AREA AND POPULATION BY STATES
(Census-1981)

State/ Union Territory	Area in sq. kms. (1)	Population				
		Males	Females	Persons	Rural	Urban
1	2	3	4	5	6	7
INDIA (2)(3)	3,287,263 (a)	354,397,884	330,786,808	685,184,692	525,457,335	159,727,357
State:

- (1) The figures are provisional and are as on 31st March, 1982. These are computed by the Surveyor General of India and cleared by the Central Statistical Organisation.
- (2) The population figures exclude population of areas under unlawful occupation of Pakistan and China, where census could not be taken.
- (3) Includes projected population of Assam where census could not be held owing to disturbed conditions prevailing there.
- (4) Projected population for 1981.
- (a) Includes area under unlawful occupation of Pakistan and China.

(1) Censused for the first time in 1961.

(2) In working out the percentage decadal variation of India and Nagaland for 1941-51 and 1951-61, the 1951 population of Tuensang district i.e (7,025) and 1961 population of Tuensang (83,501) and Mon (50,774) districts of Nagaland have not been taken into account as the areas were censused for the first time in 1951 and these figures are not comparable.

(3) The 1961 population of Arunachal Pradesh has also not been taken into account for working out the percentage decadal variation of India for 1951-61 as it was censused for the first time in 1961.

(4) Figures relates to the end of the period indicated above. For the year 1901 the percentage of urban population was 10.8 and females per 1000 males was 972.

@ Includes projected population of Assam, for estimation.

* For the end year of the decade.

- (1) Excludes Assam where census could not be held owing to disturbed conditions prevailing there at the time of 1981 census.
- (2) Excludes the population of areas under unlawful occupation of Pakistan and China where census could not be taken.
- (a) This figure would appear to include high returns relating to certain communities with nomenclatures similar to those included in the list of scheduled tribes consequent on the removal of area restrictions.

Notes:

- (i) No castes were scheduled by the President of India for Nagaland, A. & N. Islands and Lakshadweep.
- (ii) No tribes were scheduled by the President of India for Haryana, Jammu and Kashmir, Punjab, Chandigarh, Delhi and Pondicherry.
- (iii) 1981 figures of scheduled castes and scheduled tribes are the enumerated figures based on Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976 and other relevant Acts and Orders.

Ministry of Home Affairs

(1) Figures of Assam include Mizoram before, 1971.

Note:

- i. The estimates from 1981 onwards are as on 1st October. For earlier years these are as on 1st July. The two series, 1961, 1966, 1971, 1976, 1981 and 1982-88 are based on two different base figures. The former is based on census counts of 1961, 1971 & 1981 and later on expert committee population projections.
- ii. The aggregate over the States and Union Territories will not exactly tally with population of India, which has been calculated independently. The differences, however, are very minor.

RAINFALL

Rainfall is recorded by the Indian Meteorological Department at 541 surface and 610 Hydromet observatories. In addition there are about 4,900 rain recording stations maintained by the various State Governments who publish the data emanating therefrom.

Daily rainfall is recorded at 0830 hours everyday throughout the country. The amount is the total rainfall for the preceding 24 hours ending at 0830 hours of the date of measurement.

This section gives the data of normal and actual rainfall with reference to meteorological sub-divisions mentioned therein. The rainfall figures appended with the letter 'a' in parenthesis are based on the data recorded at the observatory stations, while the other figures are based on the available data recorded at both departmental observatories and state raingauge stations. The sub-divisional means are provisionally worked out on the basis of observatory data only, since there is a considerable time lag in the receipt of the rainfall data from the states.

Table 13 gives sub-divisionwise actual and normal monthly rainfall.

Table 14 gives, at sub-divisional level, actual annual rainfall data for the individual years

(1) Figures are based on observatory data.

(2) Refers to sub-divisional set up as on 1976.

(3) Meteorological sub-division "Bay Islands" has been re-named "Andaman and Nicobar Islands" with effect from June, 1977.

(4) This sub-division includes Sikkim with effect from 1976.

(5) Meteorological sub-division "Arabian Sea Islands" has been re-named "Lakshadweep" with effect from November, 1974.

(a) Figures are based on observatory data.

Note: For previous years' data i.e 1951 to 1971 which is according to old classification of sub-divisions, please refer to 1985 and earlier issues of the publication.

AGRICULTURE

This section contains tables regarding pattern of land utilisation, area, production and yield per hectare of principal crops in India. The section also contains a table on index number of agricultural production and on agricultural implements and machinery. The source for these data is the Ministry of Agriculture which, however, collects primary data from individual State authorities.

Table 15

REPORTED AREA

This table presents data regarding area classified by categories of land utilisation which are explained below:

Reported Area is the area for which information on 'land use by classification of area' is available. Generally land utilisation figures are based on the returns prepared by the village staff for revenue purposes.

Area under 'forests' includes area actually forested or lands classed or administered as forests under any legal enactment dealing with forests whether State-owned or private and whether wooded or maintained as potential forest land. The area of crops raised in the forests and grazing lands open for grazing within the forests are also included under the forest area.

Figures of forest area shown in the table are taken from 'Indian Agricultural Statistics', brought out annually by the Directorate of Economics and Statistics, Ministry of Agriculture. The figures in this table do not tally with corresponding figures of area given in forest section for the following reasons:

(a) Differences in periods covered : The period of preparation of two sets of figures differ. These figures based on Agricultural Statistics Returns generally relate to the Agricultural Year (July- June) where as the forest area presented in the forest section relates to the financial Year (April- March).

(b) Diversity in the meaning attached to the term "Area Under Forests" in the Indian Forests Statistics Returns, the whole area including non-wooded area under the control of Forests Deptt., is taken as area under forest while in Agricultural Statistics Returns, it is classified according to its utilisation.

(c) Differences in coverage : Forest Deptt. reports are expected to cover all forest areas in the States but Agricultural Statistics relate only to the reporting areas.

Area not available for cultivation is the land which is absolutely barren or uncultivable or covered by buildings, water, roads, railways, mountains, deserts or otherwise appropriated for non-agricultural purposes.

Other uncultivated land excluding current fallows, include the following categories:

(i) Permanent pastures and other grazing lands which cover all grazing lands whether they are permanent pastures and meadows or not and village common grazing lands.

(ii) Land under miscellaneous trees crops and groves not included in the net area sown which includes all cultivable land, not included under area sown but put to some agricultural use. Land under casuarina trees and others groves for fuel, etc. which are not included under orchards, are also included in this category.

(iii) Culturable Waste land which includes all lands available for cultivation but not taken up for cultivation or taken up for cultivation once but not cultivated during the year and the last five years or more in succession.

Fallow land implies all lands which were taken up for cultivation but are temporarily out of cultivation for a period of not less than one year and not more than five years. "Fallow land" has been split up into (i) "current fallow land"; and (ii) "other fallow land". Lands lying fallow for a period of one year, are included under "current fallows", those lying fallow for more than one year but less than five years, are included under "other fallow land" while those fallow beyond a period of five years, are included under "culturable wastes" or under "miscellaneous tree crops and groves" (not included under net area sown) as the case may be.

Net area sown, area sown more than once and total cropped area:- In computing the aggregate net area sown, area sown more than once has been counted only once. However, while calculating the total cropped area, if different crops are raised in a year on a given land, the same area is accounted more than once.

Tables 16 and 17

Figures are given for area and yield of 31 principal crops in tables 16 and 17 respectively. Regular all India forecasts are issued in regard to most of these crops viz., all food grains, oilseeds, fibres, potatoes, sugarcane, ginger, black pepper, chillies and tobacco. The estimates of area and production of coffee, tea and rubber are based on special returns received from the State Governments in connection with the all-India publications on these crops. For some recent years, however, in the absence of necessary data, from the State Govts., figures as available from Coffee Board, Tea Board & Rubber Board have been provisionally adopted.

The data relate to crop year ending June unless otherwise stated. Figures for the latest year are the final forecasts while those for the year 1986-87 are partially revised estimates as issued from time to time along with final forecasts. Figures for earlier years are fully revised estimates.

Table 18

This table presents data regarding average yields of principal crops in quintals per hectare. Average yields per hectare of principal crops have been obtained by dividing the total production by the corresponding total area under each crop. All India and State average yield per hectare has generally been calculated on the basis of area and production figures rounded up to hundreds in the case of forecast crops. In the case of tea, coffee, rubber and minor crops average yield has been calculated on the basis of area and production figures upto the unit place. In the case of coffee yields per hectare relate to plucked area and in the case of rubber to tapped area.

Table 19

This table shows the index of agricultural production in India on base : Crop years-triennium ending 1969-70=100. The index covers 42 crops divided into two main groups and 8 sub-groups. Weights have been assigned to different crop indices in proportion to the total value of production of each crop during the base periods. The output has been evaluated at annual harvest prices prevailing during the year. In a few cases where reliable harvest prices were not available, average wholesale prices during the post harvest period have been used with appropriate adjustment. Weights allotted to each crop are mentioned in the table. During recent years a number of additional crops have been covered under the system of crop estimation. The coverage of the all India series has thus been enlarged by including these additional crops viz., fruits and vegetables, turmeric & arecanuts, guar seed etc. These 42 crops now account for nearly 96% of total gross cropped area in the country.

The change over during the last decade or so from the traditional method of reporting area and production of crops to the method of complete enumeration in the case of area and to crop estimation survey for estimation of yield rates and also increase in reporting area, have taken place progressively in respect of different crops in different states. To provide for these changes in coverage and methods of estimation, the index numbers of agricultural production are constructed by the chain-base method under which the production of a crop during a year is expressed as a relative to that of the corresponding production in the preceding year, based on the same coverage and methods of estimation. These relatives for each crop are linked to the base year through the intervening chain relatives to give the production index for the crop.

The application of chain-base method involves two assumptions which are:

- (i) The variation in production in the non-reporting areas is the same as that in the reporting areas in the aggregate; and
- (ii) the relative variation in the figures of production based on crop-estimation surveys is the same as that based on the traditional method of crop estimation employing eye-appraisal and normal yield figures.

The practical implications of (ii) above are that for the transitional year, that is, when the method of estimation undergoes a change the estimates of production should be available on the basis of both the traditional method and the crop-estimation surveys.

$$\begin{aligned} \text{Index of Agricultural Production} &= \frac{\sum (a_{ij}) y_{ij} p_{i0}}{\sum (a_{i0}) y_{i0} p_{i0}} \times 100 \\ \text{or} &= \frac{\sum (p_{ij}) p_{i0}}{\sum (p_{i0}) p_{i0}} \times 100 \end{aligned}$$

where a_{ij} = area under the i^{th} crop in the j^{th} year.

a_{i0} = area under the i^{th} crop in the base period.

y_{ij} = yield per hectare of the i^{th} crop in the j^{th} year

y_{i0} = yield per hectare of the i^{th} crop in the base period.

p_{i0} = price per unit of the i^{th} crop in the base period.

p_{ij} = production of the i^{th} crop in the j^{th} year.

p_{i0} = production of the i^{th} crop in the base period.

Table 20

This table gives an account of agricultural implements and machinery in actual use as recorded in the quinquennial livestock censuses. Statewise details are also given for the livestock census year 1982.

- (1) Relates to the year 1981-82.
 (2) Relates to the year 1983-84 except total cropped area in case of West Bengal.
 (3) Relates to the year 1984-85 except net & gross irrigated area in case of Maharashtra state.
 (4) Ad-hoc estimates, except total cropped area.
 (5) Relates to the year 1980-81. (6) Relates to the year 1974-75.
 (7) Relates to the year 1984-85 except area shown (net & gross) and irrigated area (net & gross) in case Sikkim State.
 (a) Below 500 hectares. (b) Excludes area under the unlawful occupation of China and Pakistan. (c) Area under forests in Jammu & Kashmir declined during 1984-85 & 1985-86 as compared to 1981-82 as reported by the State Chief Conservator of Forests.
 This has also resulted in decline of reporting area for the State/All India during the years 1984-85 & 1985-86.
 For other foot-notes please see next page.

(d) Reporting area is more than the geographical area in case of U.P. and these variations are under verification. (e) As per the existing village records. The figures of forest area reported by the Chief Conservator of forests is 1300 thousand hectares. The large variations between the two sets of figures are under examination. (f) Includes forest area reported by the Chief Conservator of forests of the State. (g) Included under the head 'Land under misc. tree crops. and groves etc.'

(*) Forecast data has been utilised in estimating gross cropped area.

(@) Adjusted.

(#) Not available separately, included under culturable waste.

For other footnotes please see pre-page.

LIVESTOCK AND FISHERIES

This section contains tables regarding livestock and fisheries. Data regarding the number of livestock and poultry, besides agricultural implements (shown separately under Agriculture), are collected through a census conducted quinquennially. In the rural areas, primary data are collected through the village revenue agencies where they exist and through other local staff, where they do not. In the urban areas, staff of the municipal or notified area committee collect the information. The data are compiled by the Department of Agriculture, Animal husbandry or Land revenue, as the case may be, in the different States and consolidated returns showing district wise details are furnished to the Directorate of Economics and Statistics, Ministry of Agriculture. The 13th Livestock Census was conducted in different States with 15th April, 1982 as the reference date. While some of the States carried out the Census as per schedule, others had to postpone it due to administrative and organisational difficulties. The States/Union Territories which conducted Census with different reference dates are given below:

State	Date of reference	State	Date of reference	Union Territory	Date of reference
Andhra Pradesh	15.10.83	Meghalaya	15.05.82	D. & N. Haveli	15.06.82
Bihar and Tamil Nadu	15.07.82	Manipur	15.09.84	Delhi	15.01.83
Jammu & Kashmir	15.11.82	Orissa	31.12.82		
Karnataka	15.07.83	Rajasthan	15.04.83		
Madhya Pradesh	15.06.82	Uttar Pradesh	15.08.82		
		West Bengal	01.02.84		

Tables 21 to 22

Table 21 provides data regarding number of livestock by category of livestock. This also shows the number of poultry. Table 22 presents number of male and female cattle and buffaloes used for work only. Working cattle include bulls and cows and working buffaloes include male and female buffaloes over 3 years and kept for work only.

Tables 23 to 24

These tables give the production of milk and estimates of raw wool production in India.

Tables 25 to 26

Table 25 presents data regarding fish catch and landings by groups of species. Table 26 provides data regarding quantity of fish catch by disposition.

(1) Purely tentative estimates.

(a) Including wool produced from migratory sheep, details for which are not available.

(b) Includes 1,814 tonnes of wool produced from migratory sheep, details for which are not available.

(c) Includes 1,500 tonnes of wool produced from migratory sheep, details for which are not available.

FOREST

This section contains tables on area under forest by type, major and minor forest produce and revenue and expenditure and progress of forest regeneration and afforestation.

Table 27

This table presents area under forest classified by types as described below:

(i) Composition, namely coniferous (soft-wood) and non-coniferous (broad leaved). Coniferous forest is one in which 80 per cent or more of the volume is coniferous species and rest non-coniferous species, both hard and soft;

(ii) Functions, namely merchantable and non-merchantable. Forests which are within the reach of economic management or exploitation as sources of forest products including immature forests and managed forests where fellings are prohibited, are known as merchantable forests and forests which are not yet managed or exploited owing to inaccessibility or on account of forest produce in them being unsaleable are known as non-merchantable forest (or inaccessible and unprofitable forests);

(iii) Legal Status such as "reserved", "protected" and "unclassed." Reserved forest is one which is permanently dedicated either to the production of timber or other forest produce and in which right of grazing and cultivation is seldom allowed. In protected forests these rights are allowed subject to a few mild restrictions. Unclassed forests occur mostly in Madhya Pradesh, Assam, Bihar and Maharashtra and consist largely of inaccessible forest or unoccupied waste; and

(iv) Ownership, namely area owned by (a) Forest Department; (b) Civil authorities (c) Corporate bodies; and (d) Private individuals.

Table 28

This table provides data relating to forest produce classified as major and minor produce. The column 'others' under minor produce includes fibres and flosses, vegetable oils and oilseeds, bidi leaves and other minor produce. Figures of quantity along with total value are shown in the case of the major produce and value only in the case of the minor produce.

Table 29

This table gives gross and net revenue from and expenditure on forests.

Table 30

This table provides data relating to area of forest protected from fire and cattle. The figures relating to "total area of all forests under Forest Department" given in this table are inclusive of other forest area which is also controlled by the Forest Department.

Table 31

This table shows the figures relating to area of existing forests regenerated and of area afforested. This also presents the figures of the total cost of regeneration and afforestation.

FOREST

(1) Excludes the value output of 'atomic minerals'. Totals will not tally with the details which are for selected items only.

(2) In '000 tonnes.

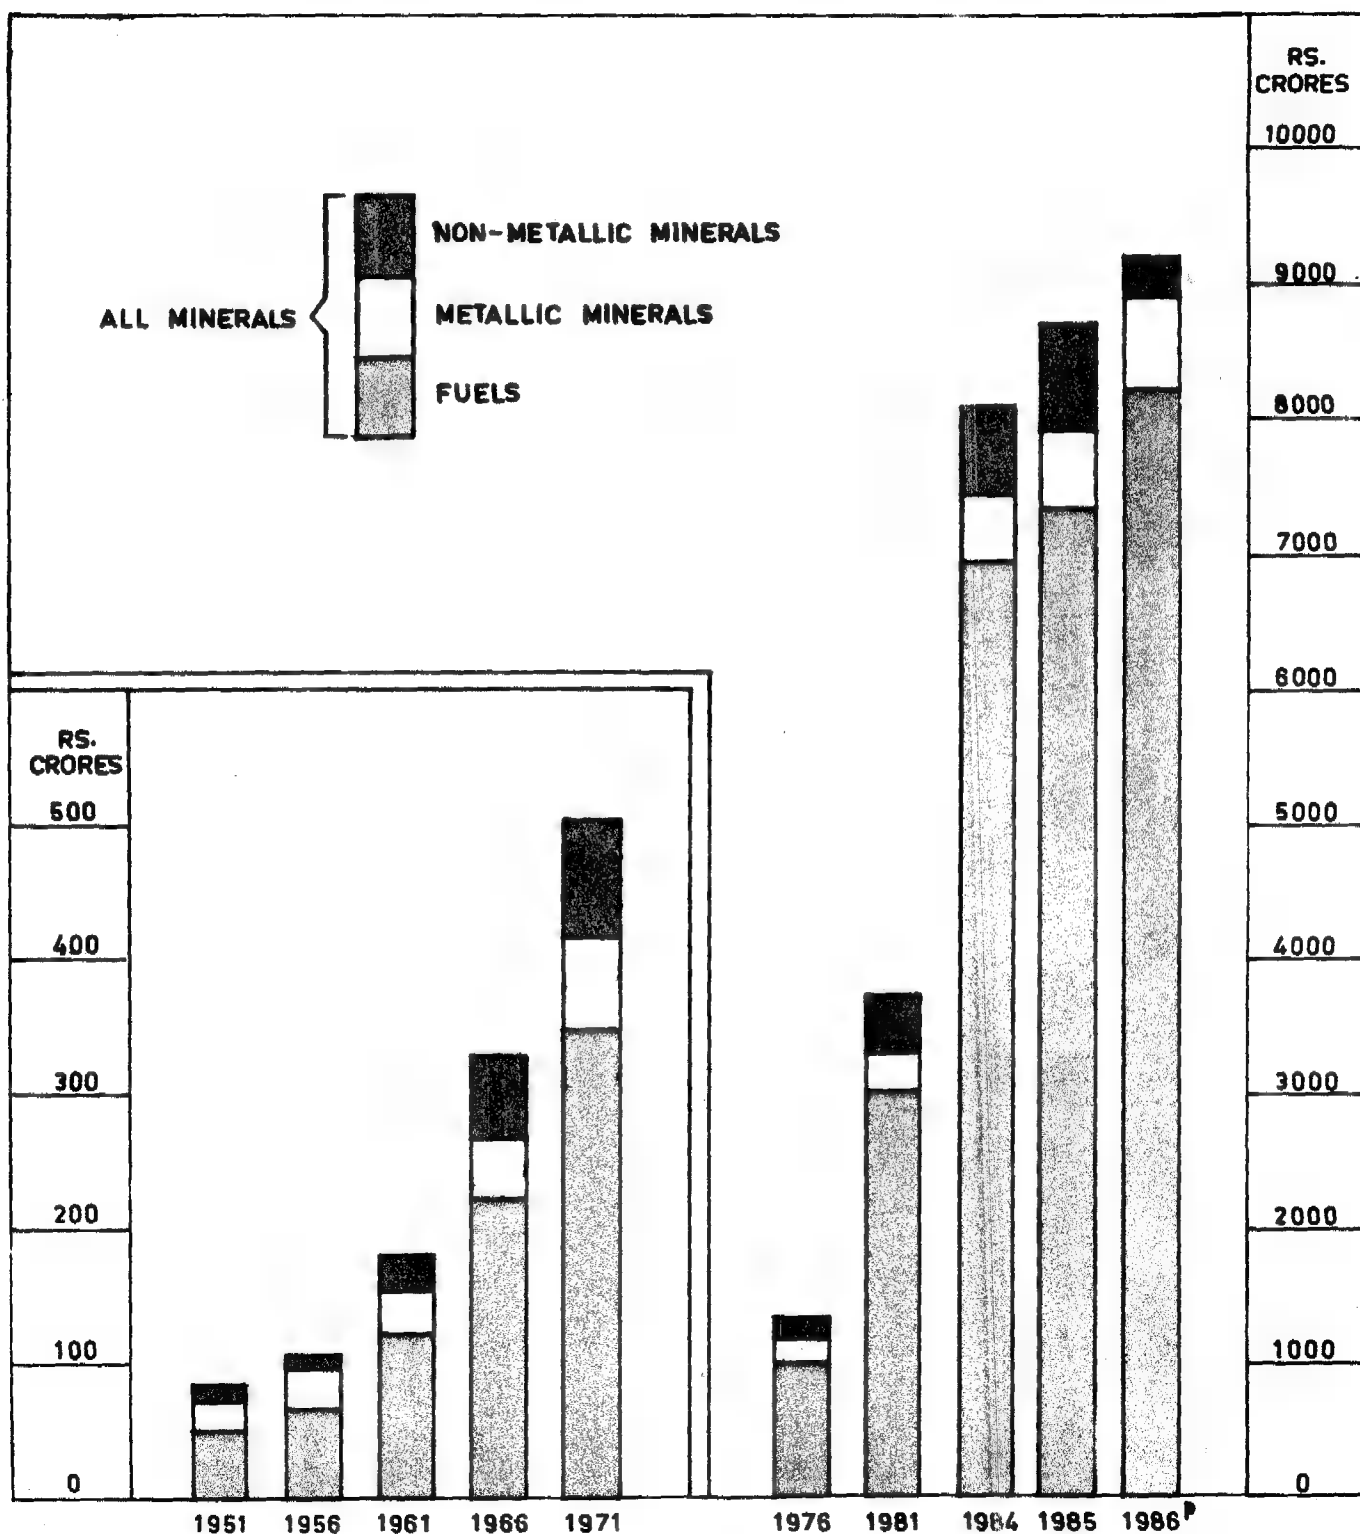

(3) In crore cubic metres (Gas utilised).

(a) Excludes the value of petroleum (crude) and natural gas.

(b) Not available separately, included in Assam State.

* Excludes minor minerals.

(2) '000 tonnes.

(4) In kilograms.

(c) Relates to lead metal only.

(d) Gold is recovered from ore produced incidental to prospecting and exploratory operations.

(e) Gold is recovered as by product from copper slime

(f) includes concentrates.

(g) Relates to copper concentrates.

* Includes production and value of copper concentrates produced from 1977 in Sikkim and from 1983 in Orissa.

(2) In '000 tonnes.

(6) Kaolin (processed) relates to the kaolin obtained after processing the run-of-mine materials.

(j) Break downs of kaolin production into natural and processed for the years 1951 to 1956 are not available.

(1) Includes all metallic minerals except those declared as prescribed substances in the Atomic Energy Act, 1962.

(2) Includes other non-metallic minerals.

* Figure is low because of suspension of production of Petroleum (crude) for part of the year 1980. Statistically adjusted figure is indicated in parenthesis.

INDUSTRY

This section deals with the following items:

- (a) Annual Survey of Industries-Factory sector,
- (b) Production of cotton yarn and piece-goods,
- (c) Production of man-made fibre fabrics;
- (d) Manufacture of salt,
- (e) Production of certain selected industries and
- (f) Index numbers of industrial production.

Table 38 and 39

These two tables present data regarding Annual Survey of Industries(ASI), the scope and coverage of which are described below:

The ASI replaced both the Census of Manufacturing Industries and the Sample Survey of Manufacturing Industries with effect from the survey year, 1959. The survey is conducted under the authority of the "Collection of Statistics Act, 1953" and the "Collection of Statistics (Central) Rules, 1959" framed thereunder. These tables give information on important characteristics of manufacturing industries from 1973-74 to 1985-86 at all-India (all Industries) and for 1985-86 State-wise and industry group-wise.

Geographically, the survey covered the whole of the Indian Union, including Jammu & Kashmir although the Collection of Statistics Act did not extend to Jammu & Kashmir. From Jammu & Kashmir the data initially were collected on a voluntary basis and later collected under the Jammu & Kashmir Collection of Statistics Act, 1961 and Rules of Collection of Statistics 1964 framed thereunder.

The coverage of the survey extended to all factories registered under the Factories Act, 1948. Data, however, were not collected from defence installations; factories engaged in storage and distribution of oil and technical training institutes not producing anything for sale or exchange even though these were registered under the Factories Act.

Since 1966 onwards ASI relates to the accounting year of the factories on any day between 1st April to 31st March of the next year. The Annual Survey of Industries upto 1965 related to the calendar year with the exception of sugar, cotton ginning and pressing factories and electrical undertakings for which the reference periods were respectively the year ending 30th June, 31st August and 31st March respectively.

Definition and concepts of some of the terms used in these tables are mentioned below:

Productive capital- It consists of fixed and working capital. The former comprises land, buildings, plant, machinery, furniture, etc., and the latter consists of stocks of materials; fuels; semi-manufactured products; cash-in-hand and at the bank etc.

Number of persons engaged- This is computed by taking the total attendance of persons in all the shifts on all the days and dividing it by the number of days worked. It includes persons attending and on leave with pay, and also those engaged in welfare activities. It also includes all working proprietors and their family members who are actively engaged in the work of the factory even without any pay and unpaid members of the cooperative societies who worked in or for the factory in any direct and productive capacity.

Workers- The term "workers" is used in the same sense as in the Factories Act, 1948, but excludes persons holding position of supervision or management or employed in a confidential position. Under the Factories Act, a worker has been defined as "a person employed whether for wages or not in any manufacturing process, or any other incidental or connected work".

INDUSTRY

Table 39-ANNUAL SURVEY OF INDUSTRIES(FACTORY SECTOR)- 1985-86-contd.
(Selected Characteristics by Industry)

Indu- stry code	Industry	No. of factories	Productive capital (Rs. lakhs)	Total persons engaged	Gross output ex-factory value(Rs. lakhs)	Value added by manufac- ture(Rs. lakhs)
1	2	3	4	5	6	7
274	Manufacture of wooden industrial goods such as bobbins, blocks, handles, saddlings etc.	204	609	3,158	1,389	304
275	Manufacture of cork and cork products	20	468	803	828	158
276	Manufacture of Wooden furniture and fixtures	309	1,879	8,099	3,815	807
277	Manufacture of bamboo and cane furniture and fixtures	-	-	-	-	-
279	Manufacture of Wood, Bamboo and cane Products n.e.c.	51	953	1,285	1,380	458
28	Manufacture of Paper & Paper Products, Printing and Publishing and allied Industries	4,870	211,427	281,821	320,521	63,417
280	Manufacture of pulp, paper and paper board including news print	802	130,055	102,897	168,358	23,810
281	Manufacture of containers and boxes of paper and paper board	702	9,553	19,439	29,452	3,330
282	Manufacture of pulp products n.e.c. like dolls	-	-	-	-	-
283	Manufacture of paper and paper board articles n.e.c.	159	1,758	4,393	5,681	1,634
284	Printing and publishing of newspaper	237	16,378	27,116	45,311	10,549
285	Printing and publishing of periodicals, books, journals, maps and sheet music directories etc.	1,151	21,827	73,138	31,780	12,252
286	Printing of bank notes, currency notes, postage stamps, security presses etc.	9	6,719	6,784	5,652	3,146
287	Engraving, etching, block making etc.	113	8,969	2,137	1,395	461
288	Book binding	154	693	2,907	2,562	404
289	Printing, publishing and allied activities, n.e.c. like envelope printing, picture post card printing, embossing etc.	1,543	15,475	43,010	30,331	7,830
29	Manufacture of Leather and Leather and Fur Products(except repair)	999	17,578	73,377	99,352	13,224
290	Tanning, curing, finishing, embossing and japanning of leather	701	10,328	38,175	65,789	6,048
291	Manufacture of footwear (excluding repair) except vulcanized or moulded rubber or plastic footwear	187	6,259	31,207	30,140	6,382
292	Manufacture of Wearing apparel like coats, gloves etc. of leather and substitutes of leather	57	613	2,408	2,283	436

INDUSTRY

Table 39-ANNUAL SURVEY OF INDUSTRIES(FACTORY SECTOR)- 1985-86-contd.
(Selected Characteristics by Industry)

Indu- stry code	Industry	No. of factories	Productive capital (Rs. lakhs)	Total persons engaged	Gross output ex-factory value(Rs. lakhs)	Value added by manufac- ture(Rs. lakhs)
1		3	4	5	6	7
293	Manufacture of leather consumer goods (other than apparel and footwear)	38	189	1,257	738	268
294	Scraping, currying, tanning,bleaching and dyeing of fur and other pelts for the trade	-	-	-	-	-
295	Manufacture of wearing apparel of fur and pelts	-	-	-	-	-
296	Manufacture of fur and skin rugs and other articles	-	-	-	-	-
299	Manufacture of leather and fur products n.e.c.	16	189	330	402	90
30	Manufacture of Rubber, Plastic, Petroleum and Coal Products	3,958	415,570	191,418	1,493,579	185,881
300	Tyre and tube industries	305	60,284	36,438	147,792	31,839
301	Manufacture of footwear made primarily of vulcanized or moulded rubber	363	3,776	10,461	15,158	2,586
302	Manufacture of rubber products n.e.c.	957	17,941	37,962	50,748	10,447
303	Manufacture of plastic products n.e.c.(except house furnishing)	1,813	40,586	55,971	114,843	20,569
304	Petroleum refineries	15	248,720	15,963	1,002,494	111,591
305	Manufacture of products of petroleum n.e.c.	99	10,346	6,245	53,853	4,502
306	Production of coaltar in coke ovens	176	23,101	17,974	87,418	1,920
307	Manufacture of other coal and coal tar products n.e.c.	230	10,816	10,404	21,279	2,427
31	Manufactur of chemicals and chemical Products (except Products of Petroleum and coal	6,402	1,280,270	541,799	1,601,241	290,097
310	Manufacture of basic industrial organic and inorganic chemicals and gases	1,040	518,192	87,764	266,983	50,884
311	Manufacture of fertilisers and pesticides	546	390,594	79,986	393,463	59,189
312	Manufacture of paints, varnishes and lacquers	555	37,179	35,279	97,516	18,061
313	Manufacture of drugs and medicines	1,358	110,929	118,468	261,766	64,808
314	Manufacture of perfumes, cosmetics, lotions, hair dressing, tooth-paste, soap in any form, synthetic detergents, shampoos, shaving products, cleaners, washing and scouring products and other toilet preparations	620	45,313	43,112	155,656	25,466
315	Manufacture of inedible oils	665	28,858	35,502	126,320	7,515

INDUSTRY

Source: Central Statistical Organisation

- (1) Figures represent the production of only large flour mills.
 (2) Figures of cane sugar refer to crop year (Nov.-Oct.), prior to 1980-81 thereafter data relate to changed crop year (Oct.-Sept.).
 (3) Total output of coffee cured, pounded and delivered to the coffee pool.
 (4) Data from 1971-72 include decentralised sector also.
 (5) Source for the data upto 1973 was Indian Jute Mill Association and that from 1974 onwards Jute Commission.
 (6) Includes canvas.
 (7) The installed capacity refers to powerloom installed.
 (8) From 1971 onwards, production figures relate to annual estimate report based on availability of indigenous imported raw materials.
 (a) Unit refers both installed capacity and production unless former is specified in column (1).
 Note: Data from 1981-82 onwards are provisional.

(d) Aero	nos.	5,004	4,109	..	2,340

(1) Total capacity for tea-chests and commercial.

(E) Estimated.

* Includes O.T.R. Tyres from January 1987.

9 Unit refers to both installed capacity and production unless former is specified in column(1).

(1) From 1962 onwards production figures are included in those of 'Pig Iron'.

(2) From September, 1962 onwards figures relate to steel ingots only.

(3) From January, 1961 onwards figures relate to production for sale only.

(4) Relate to refined copper only.

For other footnotes please see next page.

Sewing machines(9)	nos.	555,000	385,300	573,600	337,700	..	377,050
Machine tools	'000 Rs.	1,032,000	1,065,100	2,304,000	2,703,100	..	4,069,210
Twist drills	'000 nos.	15,600	13,740	19,980	17,493	..	30,564	..	27,797
Calico looms
Plain semi-automatic and automatic	nos.
Complete ring spinning frames	nos.
Grinding wheels	tonnes	8,520	6,978	10,980	9,414	..	12,210	..	9,238
Carding engines(revolving flat cards)	nos.
Arc welding electrodes	lakh r.mts	5,040	5,153	7,420	6,015	..	6,638	..	5,388

(5) Includes installed capacity of brass pipes and tubes from January, 1971 onwards.

(6) Installed capacity combined with capacity of brass rolled products.

(7) Installed capacity combined with capacity of copper pipes and tubes.

(8) Diesel engines (stationary type).

(9) The actual production for 1945 to 1961 was much in excess of installed capacity because while installed capacity was calculated for a single-shift working, one of the units had been working for more than one shift.

For other footnotes please see pre page.

2803	Manufacture of newsprint(machine made)	0.86	107.5	229.3	341.9	393.1	486.7	529.5	515.4
29	Manufacture of Leather and Leather and Fur Products(except repair)	4.89	128.0	100.1	116.3	139.7	169.2	177.7	185.5
290	Tanning, curing, finishing, embossing and japanning of leather	2.84	136.2	94.7	109.9	142.7	132.4	137.6	147.8
291	Manufacture of footwear (excluding repair)except vulcanized or moulded rubber or plastic footwear	2.05	116.8	107.5	125.2	135.4	220.4	233.4	238.0
30	Manufacture of Rubber, Plastic, Petroleum and Coal Products	40.00	119.2	119.0	136.1	147.2	153.0	149.6	155.8
300	Tyre & tube industries	8.50	106.7	109.9	122.3	124.5	132.1	128.4	121.0
301	Manufacture of footwear made primarily of vulcanized or moulded rubber and plastic	1.06	86.1	93.5	86.8	81.7	89.4	95.6	93.8
302	Manufacture of rubber products n.e.c.	4.13	112.4	117.8	128.2	131.8	133.0	116.9	102.9
3022	Prophylectics(rubber contraceptives)	3.98	142.0	106.6	126.9	129.5	186.5	177.2	258.1
3029	Others	0.14	111.3	118.1	164.6	195.5	131.0	114.7	97.4
303	Manufacture of plastic products n.e.c.(except house furnishing)	5.45	190.7	149.4	208.0	270.8	233.2	200.0	242.3
304,305	Petroleum refineries and products of petroleum	15.19	116.9	128.8	136.3	137.7	165.3	175.9	187.4
306,307	Production of coaltar in coke ovens and manufacture of other coal tar products	5.67	86.3	83.0	102.2	111.4	100.5	99.1	90.3

INDUSTRY

Table 44- INDEX NUMBERS OF INDUSTRIAL PRODUCTION-contd.

(Base: 1980-81=100)

Industry code	Item	Weight	1981-82	1982-83	1983-84	1984-85	1985-86	1986-87	1987-88
	1	2	3	4	5	6	7	8	9
31	Manufacture of chemicals and chemical Products (except Products of Petroleum and coal	125.13	116.9	121.1	131.0	142.8	154.3	175.5	200.9
310	Manufacture of basic industrial organic and inorganic chemicals and gases	22.32	115.2	111.9	120.0	131.9	132.9	149.0	157.2
3101	Manufacture of basic heavy inorganic chemicals	14.85	106.4	105.3	115.6	126.9	126.8	138.1	149.0
3102	Manufacture of basic heavy organic chemicals	7.66	112.5	124.7	128.4	141.7	144.6	169.9	172.9
311	Manufacture of fertilisers and pesticides	25.48	132.4	138.2	148.3	166.0	180.8	217.8	227.1
3111,2,3	Manufacture of inorganic mixed fertiliser	21.91	135.3	137.6	150.2	171.6	190.7	233.6	247.2
3114,5	Manufacture of pesticides(insecticides, fungicides and weedicides) and pesticides formulations	3.57	1,114.7	141.8	136.6	131.3	119.7	120.5	103.9
312	Manufacture of paints, varnishes and lacquers	9.60	100.7	108.2	111.7	105.8	112.4	119.0	106.2
3121	Manufacture of paints, varnishes, lacquers, etc.	3.64	104.5	115.9	119.7	113.6	116.9	126.4	115.3
3122	Manufacture of dye-stuffs	5.96	98.5	103.5	106.9	101.0	109.7	105.4	100.6
313	Manufacture of drugs and medicines	23.25	124.1	133.3	136.4	140.5	151.2	183.0	282.5
314	Manufacture of perfumes, cosmetics, lotions, hair dressing, tooth-paste, soap in any form, synthetic detergents, shampoos, shaving products, cleaners, washing and scouring products and other toilet preparations	10.27	104.7	111.1	110.3	124.6	144.8	152.0	151.0
3148	Manufacture of detergents	6.71	98.7	102.8	99.4	112.8	132.0	142.1	138.8
3149	Manufacture of others	3.56	115.9	126.6	130.7	146.6	168.8	171.1	173.9
316	Manufacture of turpentine, synthetic resins, plastic materials and synthetic fibres like nylon, terylene except glass etc.	24.28	112.6	118.3	146.9	164.0	181.3	191.3	217.0
3163	Manufacture of synthetic rubber	1.12	117.8	131.4	134.9	147.3	137.7	159.3	153.5
3164	Manufacture of plastic material	5.46	116.2	133.0	140.8	158.4	157.1	149.1	154.7
3165	Manufacture of synthetic fiber	17.45	111.2	112.6	147.1	166.9	192.4	207.7	241.3
3167	Manufacture of products of fermentation industries other than alcohol	0.22	108.5	135.3	125.5	159.0	125.9	114.2	168.9
317	Manufacture of matches	1.86	108.2	103.2	102.9	157.5	218.3	237.7	222.2
318	Manufacture of explosives, ammunition and fire works	1.68	93.9	100.8	117.7	114.9	122.2	138.2	140.8
319	Manufacture of chemical products n.e.c (including photo chemicals, sensitised film and paper)	6.40	126.8	121.1	102.6	105.0	100.1	126.2	121.3
3191	Manufacture of photo chemical materials, sensitised films and papers	3.16	0.0	0.0	30.1	100.6	119.8	130.0	111.3
3192	Manufacture of fine chemicals	1.72	157.7	176.5	120.3	136.4	61.7	133.9	171.1
3195	Manufacture of glue and gelatine	1.53	92.2	85.9	78.9	78.6	102.5	88.7	87.3

INDUSTRY

Table 44- INDEX NUMBERS OF INDUSTRIAL PRODUCTION-contd.

(Base: 1980-81=100)

Industry code	Item	Weight	1981-82	1982-83	1983-84	1984-85	1985-86	1986-87	1987-88
	1	2	3	4	5	6	7	8	9
32	Manufacture of Non-Metallic Mineral Products	29.99	106..	107.0	122.2	138.4	157.3	160.3	158.1
324	Manufacture of cement, lime and plaster	15.98	112.9	123.6	144.3	161.6	177.0	195.7	198.0
328	Manufacture of asbestos, cement and other cement products	4.62	100.5	73.2	101.0	110.1	118.8	108.2	112.2
329	Manufacture of misc.non-metallic mineral products	9.39	99.1	84.9	95.2	112.7	142.5	125.6	112.8
3295	Manufacture of grinding wheels and abrasives	2.82	96.8	94.8	81.1	110.2	175.1	88.0	..
3296	Manufacture of graphite products such as electrodes, crucibles, etc.	6.57	100.1	80.7	101.0	113.8	128.6	73.6	..
33	Basic Metal and Alloy Industries	98.02	100.0	104.2	95.1	107.3	117.0	126.8	135.6
330	Iron and steel industries	64.51	110.7	1,114.7	104.6	111.8	124.5	135.2	141.4
3301	Manufacture of iron and steel	61.69	110.7	114.7	104.6	111.8	127.3	136.0	141.4
3309	Manufacture of special steel	2.83	0.0	0.0	0.0	0.0	46.8	9.8	
331	Foundaries for casting and forging iron & steel	25.05	69.9	75.2	70.0	89.1	94.9	104.1	121.4
3311	Manufacture of casting and forging	12.93	53.3	44.8	27.3	61.0	72.7	74.9	76.3
3312	Manufacture of structurals	2.60	60.3	76.9	88.7	100.5	106.9	194.6	358.8
3313	Manufacture of pipes	6.73	90.4	123.0	104.4	105.6	130.2	136.5	133.3
3319	Manufacture of others	2.78	106.8	98.9	128.8	131.9	101.1	73.9	80.2
332	Manufacture of ferro alloys	2.22	113.9	98.8	94.5	81.5	96.3	89.3	66.7
333,334	Copper and copper alloy manufacturing	2.87	108.6	122.6	84.0	142.9	127.3	148.0	188.1
335	Aluminium manufacturing	3.36	103.6	107.1	114.6	143.8	139.9	139.2	131.2
34	Manufacturing of Metal Products and Parts except Machinery and Transport Equipment	22.88	94.6	89.9	88.1	105.0	114.7	124.4	129.6
340	Manufacture of fabricated metal products	9.89	88.6	96.7	90.6	84.1	87.6	107.1	98.0
343	Manufacture of handtools and general hard ware	10.87	97.5	80.5	78.1	120.0	137.6	140.5	162.2
3435	Manufacture of agricultural hand tools and implements	5.42	94.7	85.8	87.7	103.7	75.7	94.8	89.8
3439	Manufacture of others	5.46	100.2	75.2	68.6	136.3	199.1	185.8	234.2
349	Manufacture of metal products except machinery and transport equipment n.e.c.	2.12	107.5	106.8	127.9	125.3	129.1	124.2	109.6
35	Manufacture of Machinery, Machine tools and parts, except electrical machinery	62.40	111.1	112.0	119.6	127.6	130.2	141.8	139.2
350	Manufacture of agricultural machinery and equipment and parts	6.22	118.4	88.3	106.9	119.4	107.4	112.4	116.6

INDUSTRY

Table 44- INDEX NUMBERS OF INDUSTRIAL PRODUCTION-contd.

(Base: 1980-81=100)

Industry Code	Item	Weight	1981-82	1982-83	1983-84	1984-85	1985-86	1986-87	1987-88
	1	2	3	4	5	6	7	8	9
351	Manufacture and repair of drills, coal cutting machines, earth moving lifting and hoisting machinery, cranes, conveyors & road rollers and other heavy machinery and equipment used by construction and minings industries	5.13	131.9	169.4	140.6	134.0	141.9	156.3	128.8
352	Manufacture of Prime movers, boilers and steam generating plants such as diesel engines and parts	10.02	99.4	100.8	105.2	127.7	162.7	169.6	148.0
3521	Manufacture of boilers and steam generating plants	3.91	98.6	107.6	114.8	107.5	115.2	129.6	98.2
3522	Manufacture of steam engines and turbines	0.08	98.9	148.1	107.5	32.7	25.1	77.6	73.0
3527,29	Manufacture of internal combustion engine and others	6.03	99.8	95.7	63.4	142.1	195.3	196.7	181.2
353	Industrial machinery for food and textile industries	10.59	99.4	97.5	103.7	104.0	82.7	100.0	98.4
3533	Manufacture of sugar machinery	1.79	74.9	93.2	99.4	105.7	92.9	80.8	77.4
3534	Manufacture of tea machinery	0.20	65.1	57.9	91.8	114.1	140.3	106.6	26.7
3535	Manufacture of textile machinery (such as spinning frames, carding machines, power looms etc.) including textile accessories.	7.61	102.8	95.7	98.5	93.4	76.1	106.1	110.6
3536	Manufacture of jute machinery	0.23	200.9	300.8	166.7	142.4	87.9	32.6	50.0
3539	Manufacture of others	0.77	81.8	77.2	150.7	192.3	108.2	103.1	59.8
354	Industrial machinery for other than food and textile industries	5.82	91.6	92.4	88.2	96.7	94.5	106.8	95.4
3541,42	Manufacture of pharmaceutical and chemical machinery	2.59	98.2	104.1	115.2	122.8	110.0	119.0	113.9
3543	Manufacture of paper machinery	0.83	99.2	84.6	56.7	50.2	42.4	42.1	40.5
3544	Manufacture of mining machinery	0.80	70.5	92.9	61.4	58.9	46.6	68.7	64.9
3545	Manufacture of metallurgical machinery	0.47	53.2	42.3	45.0	56.6	53.9	107.8	119.5
3546	Manufacture of cement machinery	1.14	101.4	91.3	86.1	114.1	147.2	152.5	104.5
355	Manufacture of refrigerators, air conditioners and fire fighting equipment and other parts, components & accessories etc.	3.27	121.6	133.0	149.3	205.4	206.7	175.7	188.0
3551	Manufacture of refrigerators, air conditioning plants for industrial use	1.58	129.7	143.0	145.7	227.2	197.0	153.4	152.9
3552,53	Manufacture of domestic air conditioners and refrigerators	1.69	113.9	123.7	151.4	185.1	214.3	196.5	220.8
356	Manufacturing, alteration, repair of general items of non-electrical machinery components & accessories n.e.c.	11.23	115.0	118.7	161.2	161.1	172.0	191.6	213.5
3561	Manufacture of size reduction equipment, crushers, ball mill etc., and conveying equipment, bucket elevators etc.	3.21	104.9	112.5	113.6	173.2	185.4	231.8	241.0
3564	Manufacture of power driven pumps, reciprocating, centrifugal etc.	3.01	73.6	79.9	98.8	113.1	116.6	104.6	117.4

INDUSTRY

Table 44-INDEX NUMBERS OF INDUSTRIAL PRODUCTION-contd.

(Base: 1980-81=100)

Industry Code	Item	Weight	1981-82	1982-83	1983-84	1984-85	1985-86	1986-87	1987-88
	1	2	3	4	5	6	7	8	9
3565	Manufacture of air,gas compressors, and vaccum pumps(excluding electrical furnaces)	1.96	110.7	128.1	310.0	158.8	120.3	165.1	180.9
3566	Manufacture of ball roller and tapered bearing	3.95	154.5	147.1	162.8	192.0	232.1	247.6	282.0
357	Manufacture of machine tools,their parts and accessories	5.13	136.5	130.9	112.1	125.0	100.4	126.1	126.8
358	Manufacture of office computing and accounting machinery and accessories	0.97	95.7	115.1	117.1	112.6	126.0	125.8	126.8
3581	Manufacture of typewriters	0.54	90.5	119.4	109.7	120.0	135.0	127.2	96.9
3586	Manufacture of weighing machines	0.43	102.3	108.8	126.4	103.3	114.6	124.0	164.6
359	Manufacturing and repair of non-electrical machinery, equipment, components and accessories n.e.c.	2.62	101.5	98.8	101.9	99.6	87.6	113.3	98.3
36	Manufacture of Electrical Machinery, Apparatus, Appliances and Supplies and Parts	57.79	103.9	115.9	143.1	148.8	200.6	254.7	335.2
360	Manufacture of electrical industrial machinery and apparatus and parts	27.08	92.1	92.5	101.2	103.6	140.2	111.9	111.7
3601	Manufacture of generators	6.72	56.6	58.2	59.6	58.7	57.4	41.3	85.1
3602	Manufacture of transformers	2.39	106.5	94.7	119.2	129.7	114.7	129.1	124.4
3603,4	Manufacture of switch gears and electric motors	12.87	104.5	107.4	114.3	116.9	132.1	136.1	127.4
361	Manufacture of insulated wires and cables	9.71	108.2	76.8	87.9	99.0	92.1	109.1	79.6
362	Manufacture of dry & wet batteries	3.57	115.0	113.2	107.2	117.7	126.1	135.1	175.1
3621	Manufacture of storage batteries	1.59	118.9	113.9	109.0	119.6	133.5	156.4	181.5
3622	Manufacture of dry batteries	1.98	111.9	112.7	105.8	116.1	120.2	118.0	170.0
363	Manufacture of electrical appliances, apparatus and parts such as lamps, bulbs, tubes etc.	5.13	107.6	112.2	116.4	132.3	138.1	140.9	135.6
3631	Manufacture of electric fans	2.49	93.6	97.9	108.8	125.6	137.8	128.7	129.6
3632,33	Manufacture of flourescent tubes and ordinary electric lamps	2.40	126.3	129.8	130.3	140.9	141.9	151.7	141.4
3635	Manufacture of power capacitors	0.24	93.3	90.7	55.7	115.5	104.1	159.3	139.8
364	Manufacture of radios and television transmitting & receiving sets etc.	7.58	111.2	143.8	210.5	234.3	318.0	331.7	389.0
3642	Manufacture of radios	0.78	190.8	124.9	150.6	182.7	245.1	228.6	311.3
3643	Manufacture of television sets	0.85	111.9	141.2	187.3	423.6	800.3	1,155.6	1,027.1
3644	Manufacture of teleprinters	0.36	108.6	112.1	106.3	97.4	110.5	128.7	75.7
3645,46	Manufacture of telephones and telegraph instruments	3.72	109.9	148.1	245.8	248.3	277.0	230.1	258.1
3649	Manufacture of others	1.87	78.9	150.5	212.6	168.4	250.0	242.0	452.3
365	Manufacture and repair of radiographic x-ray apparatus & tubes and parts	0.20	92.9	96.0	104.2	91.7	111.5	122.1	97.9
366	Manufacture of electronic computer, control instruments and other equipment	3.51	149.7	354.8	546.6	522.2	1,062.9	1,691.4	3,101.5
367	Manufacture of electronic components and accessories n.e.c.	1.00	86.0	111.2	125.5	199.2	264.2	315.9	388.5

INDUSTRY

Table 44-INDEX NUMBERS OF INDUSTRIAL PRODUCTION-concl'd.

(Base: 1980-81=100)

Industry Code	Item	Weight 1981-82	1982-83	1983-84	1984-85	1985-86	1986-87	1987-88	
	1	2	3	4	5	6	7	8	9
37	Manufacture of Transport Equipment and Parts	63.86	108.1	111.3	123.4	131.6	135.8	144.9	151.8
370	Ship building and repairing	6.50	69.8	115.7	181.4	165.4	133.2	120.7	91.5
371	Manufacture of railway locomotives and parts	9.27	74.3	79.3	76.1	72.5	76.1	94.6	88.8
372	Manufacture of railway wagons, coaches and parts	10.32	122.2	109.2	124.2	108.9	108.2	121.9	118.9

POWER

Figures presented in this section relate to installed plant capacity, generation, consumption in power station auxiliaries, per capita consumption and sales of electricity by public utility electric supply undertakings, whether owned by Government, local authorities, or companies. Ordnance factory and railway power stations with the sole exception of Chola Power Station are excluded. Bombay is inter-connected with the Tata power system and the Renukot Power House (U.P.) is inter-connected with U.P. Grid. The data given in this section are compiled by the PDB & I Directorate of the Central Electricity Authority, Department of Power, Ministry of Energy and are Published in their annual publication, "Public Electricity Supply-All India Statistics-General Review", 1985-86

Table 45

This table presents state-wise figures of total installed capacity, electricity generated, electricity used in power station auxiliaries and per capita consumption of electricity. The figures for installed plant capacity and electricity generated do not include data relating to non-utilities such as self generating industries and railways. Figures of electricity generated in a state do not include the power purchased from other states. Data on electricity generated by the Damodar Valley Corporation and the Central Government projects have been shown separately.

Table 46

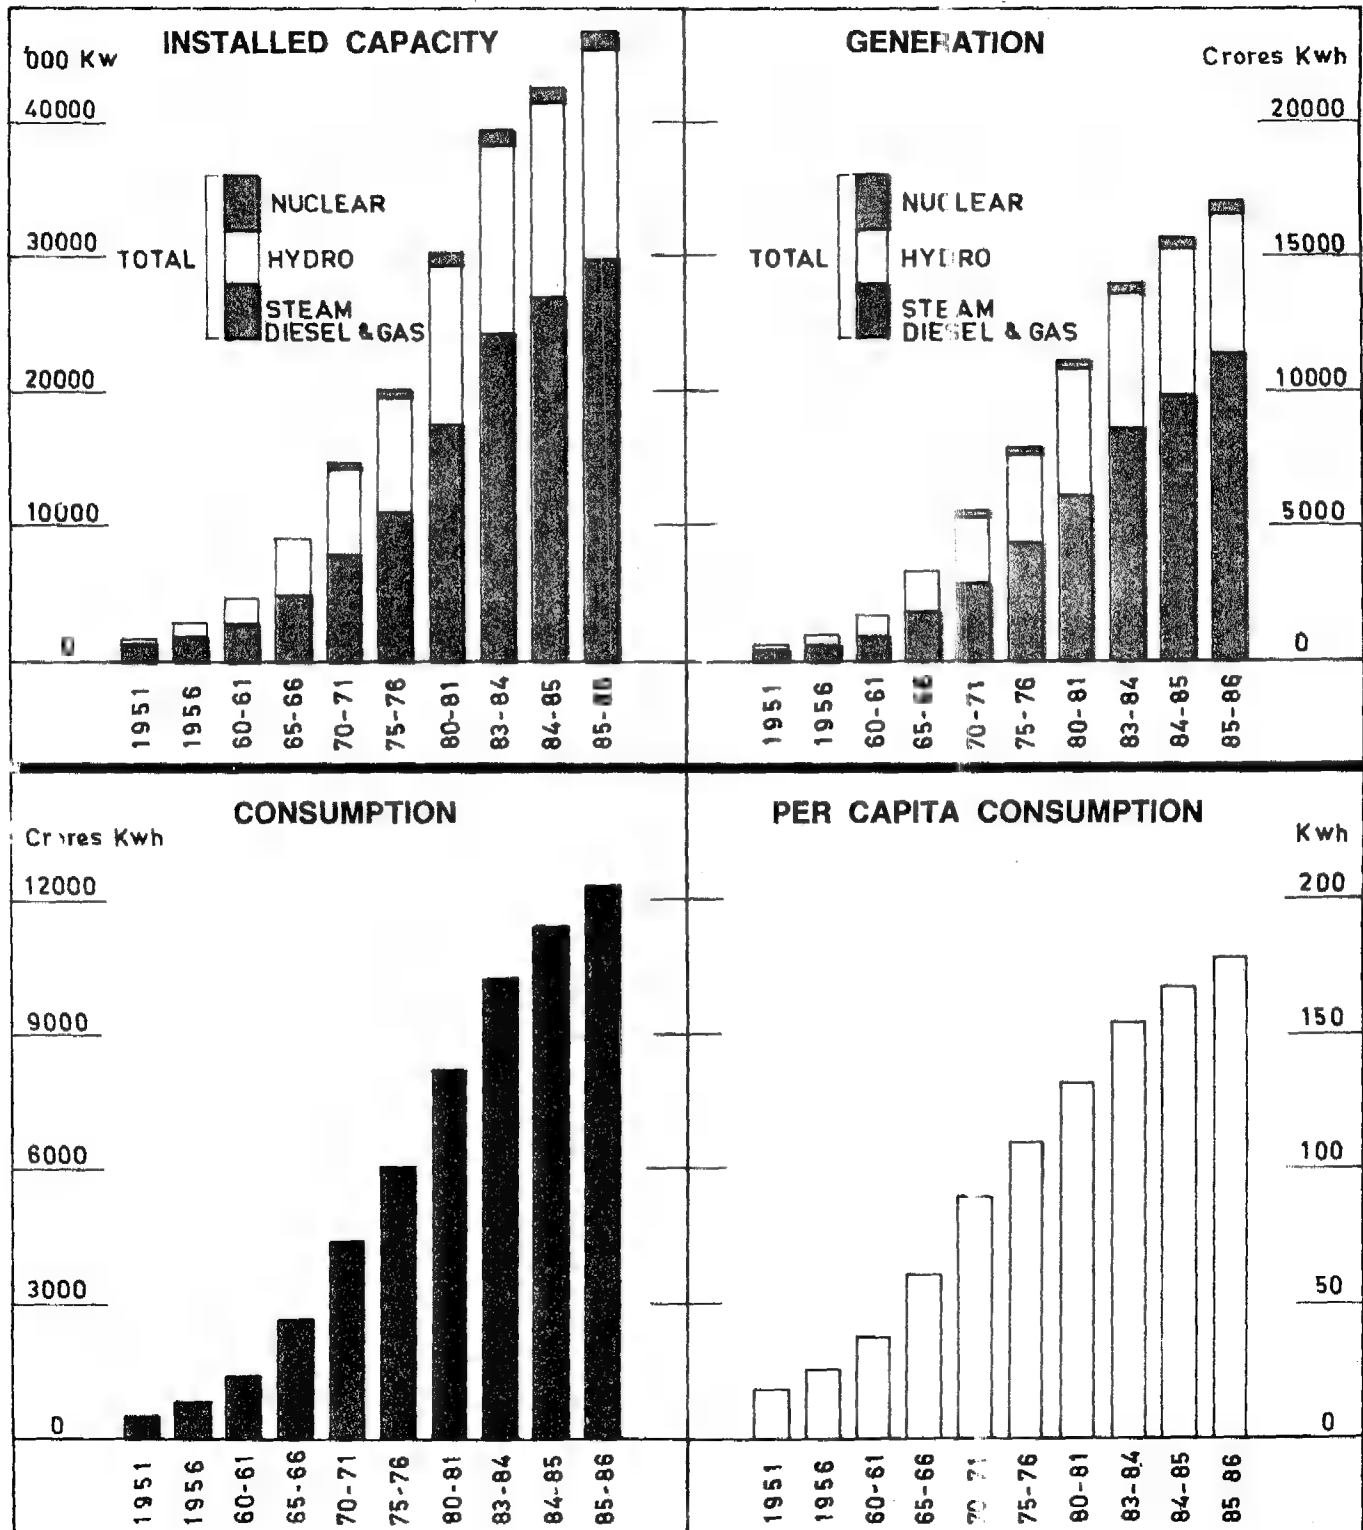

The statewide data on electricity sold to ultimate consumers by public electricity undertakings are presented in this table by categories of consumers namely domestic, commercial, industrial power, public lighting, traction, agricultural, public water works sewage pumping and miscellaneous.

Table 47

In this table, data are presented for total number of towns/villages electrified along with the percentage electrified by States. The data are compiled by Rural Electrification Directorate. Agencies helping in compilations of data are State Electricity Boards and Electricity Departments of various States and Union Territories.

(a) Sixty two villages are declared uninhabited.

(b) The revenue block has been reckoned as the smallest administrative unit by the census authorities.

(c) Five villages are going under submergence in Damanganga Project.

BANKS

The tables in this section present a consolidated picture of progress of banking in India, showing liabilities and assets of categories of banks as classified below:

- (i) Reserve Bank of India.
- (ii) Scheduled Commercial Banks-
 - (a) State Bank of India.
 - (b) Other Indian Banks.
 - (c) Foreign Banks.
- (iii) Non-Scheduled Indian Commercial Banks.
- (iv) Indian Co-operative Banks.

Besides the above information, tables showing (i) the total number and amount of cheques cleared, (ii) percentage of cash balances to deposit, liabilities of several classes of banks, (iii) liabilities and assets of Industrial Finance Corporation of India, State Financial Corporation, Industrial Development Bank of India and Industrial Credit and Investment Corporation of India, have also been included.

Table 48

Liabilities and Assets of Reserve Bank of India (Banking Department): The table provides data relating to the Banking Department of the Reserve Bank of India. Figures relate to transactions in the Indian Union.

Table 49

Liabilities and Assets of different classes of Banks : This table provides data for liabilities and assets of various classes of banks, which are described below :

A. Scheduled Commercial Banks. The banks, which carry on business of banking in India and which are included in the second schedule to the Reserve Bank of India Act, 1934 are known as Scheduled Banks. These include the State Bank of India, other Indian Banks and Foreign Banks.

(i) State Bank of India: The State Bank of India was formed in July, 1955 after the nationalisation of the Imperial Bank of India. Figures in this table relate to the business of the bank in India and abroad.

(ii) Other Indian Banks: Indian banks are those who have their registered offices in India. These include data for Private Sector Banks, Associates of State Bank of India and 20 nationalised banks. The figures relate to the business both in India and abroad

(iii) Foreign Banks: Foreign Banks are those who have their registered offices outside India. The data relate to their business in the Indian Union.

B. Non-Scheduled Indian Commercial Banks: The banks which are not included in the Second Schedule to the Reserve Bank of India Act, 1934 are known as Non-scheduled Banks.

C. Indian Co-operative Banks: These include scheduled Central and State Co-operative Banks.

Table 50

The table shows the number and amount of cheques cleared at each principal clearing centre managed by the Reserve Bank of India. The total for all "other centres" comprising clearing house managed by the State Bank of India, subsidiaries of the State Bank and Sangli Bank up to March, 1967 is shown separately. The management of the clearing houses at Bangalore, New Delhi, Nagpur, Patna, Hyderabad, Trivandrum, Jaipur and Gauhati was taken over by the Reserve Bank of India in October 1953, August 1956, March 1957, January 1960, May 1960, January 1963, November 1964 and January 1966 respectively.

Table 51

This table gives data on 'cash deposit ratio' which represents percentage of cash in hand and balances with banks to total deposits of different classes of banks.

Tables 52 to 54

The data provided in these tables relate to the working of the Industrial Finance Corporation of India, the State Financial Corporations, the Industrial Development Bank of India and the Industrial Credit and Investment Corporation of India respectively and furnish data on the liabilities and the assets of the same.

(4) Guarantees and other Assets.

Note: Totals may not tally due to rounding off of figures.

CO-OPERATIVE SOCIETIES

This section presents data regarding the number, membership and financial position of various classes of co-operative societies, thus depicting in abstract form the working of co-operative societies in India.

Tables 56 to 63

Table 56 provides the data on number and membership of all types of co-operative societies.

Tables 57-63 present data regarding the number, membership and financial position respectively of the following classes of co-operative banks and societies:-

- (i) State Co-operative Banks.
- (ii) Central Co-operative Banks.
- (iii) Primary Credit Societies (Agricultural and non-agricultural).
- (iv) Grain Banks.
- (v) Central Land Development Banks.
- (vi) Primary Land Development Banks.
- (vii) Primary Non-credit Societies.

The data relate to the years ending June. Prior to 1967-68 'Land Development Banks' were termed as 'Land Mortgage Banks'.

(a) Includes reserve fund, price fluctuation fund, depreciation fund etc.

JOINT STOCK COMPANIES

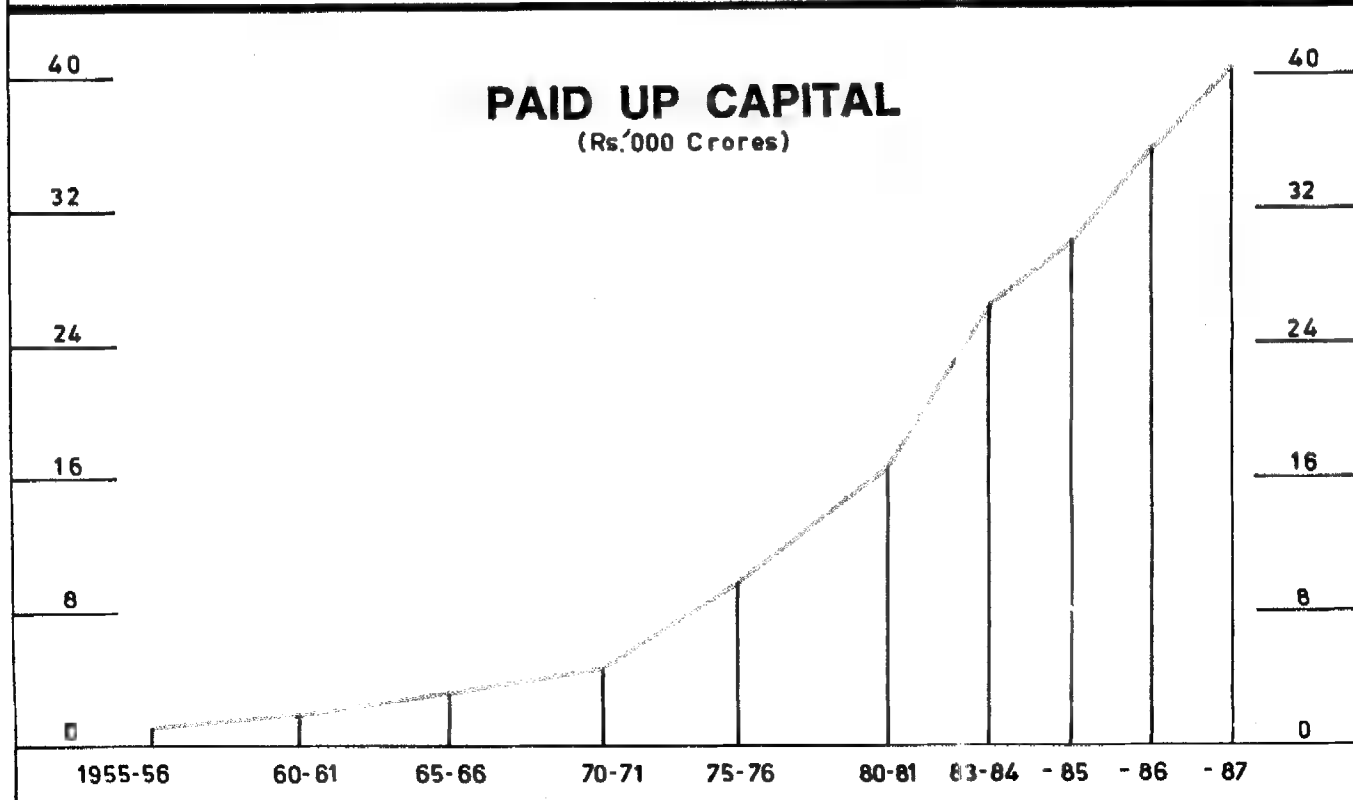

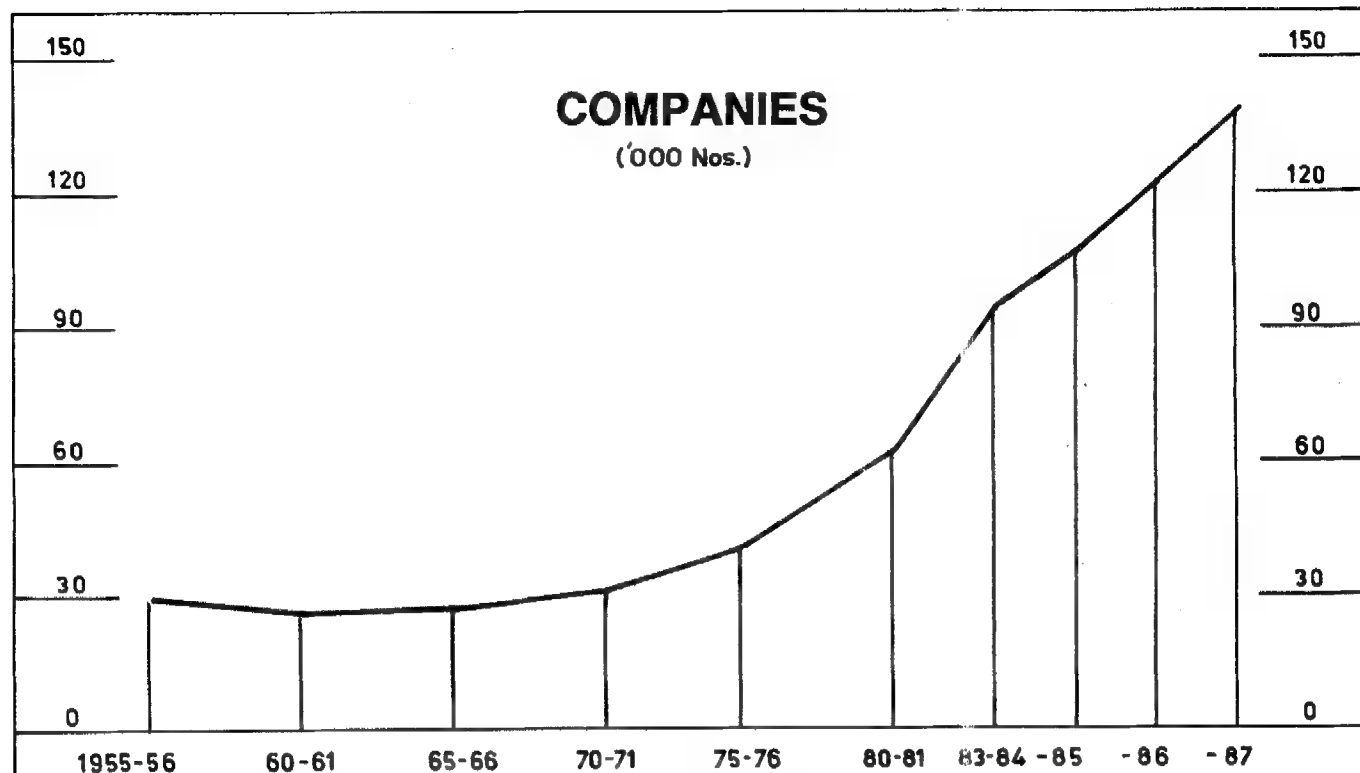

This section contains statistics relating to joint stock companies which are based on returns received from Registrars of Joint Stock Companies.

Tables 64 to 66

These tables present data regarding joint stock companies at work, newly registered and liquidated respectively.

Statistics are given for the number and paid-up capital of the companies, liability of which is limited by shares only. Authorised capital is given in the case of newly registered companies (Table 65). Companies (Industrial) are classified according to International Standard Industrial Classification of Economic Activity adopted in 1954-55. Earlier figures, according to old classification, were published in previous issues of the Abstract. The number of foreign companies, which carry on business in India is also shown in Table 64. The figures relate to companies incorporated elsewhere than in India, the majority of which are with sterling capital.

INSURANCE

Figures in this section refer to the insurance business of insurers who transacted business under the Insurance Act, 1938. The Postal Life Insurance Fund (Tables 70 and 71) is, however, exempted from the operation of the Act. From September 1, 1956, life insurance was nationalised and the then existing business of Indian insurers, and Provident Societies and Indian business of foreign insurers was vested in the Life Insurance Corporation of India.

Life Insurance

Table 67

This table gives the revenue account of the insurance business in India. Figures are for the financial year ending 31st March except in the case of the year 1961 as L.I.C. have changed over to financial year as their accounting period, from 1st April, 1963.

Table 68

This table shows the summary of the balance-sheet of life and other classes of business of the Life Insurance Corporation of India.

Table 69

This table gives the new life insurance business by Indian Insurers during the year and total business in force at the end of the year.

Postal Insurance

Tables 70 and 71

The postal insurance data were available separately for whole life and endowment policies upto the year 1963-64. As the accounts for the two have been amalgamated and are not being maintained separately from April 1964, consolidated data for whole life and endowment postal insurance, are shown in tables 70 & 71 from 1964-65 onwards.

Fire, Marine And Miscellaneous Insurance

Table 72

Figures for other insurers are for calendar year ending 31st December while those for Life Insurance Corporation of India are for financial year ending 31st March.

Table on General Insurance business of Non-Indian Insurers has been discontinued as the data for the table are not available after Jan. 1, 1973, when general insurance was nationalised, and the undertakings of foreign insurers were transferred to and vested in the Indian Insurance Companies.

Note: Figures for the years 1966 and 1971 include General Insurance Business of the Life Insurance Corporation of India. Since 1-1-1973, the L.I.C. of India has not been transacting any general insurance business.

TRADE

The figures represent trade with foreign countries both on private and government accounts, registered at Indian sea-ports, airports and land customs stations. Statistics are recorded on the basis of the general system of registration under which the goods arriving from abroad are first included under imports and when they are shipped again they are included under re-exports. With effect from April, 1963 trade arising in Goa, Daman & Diu, Andaman & Nicobar Islands and Lakshadweep is included. In the case of Nepal airborne trade alone was covered upto March, 1964, subsequently it covers trade both by land and air. The sources of foreign trade statistics are customs and central excise authorities. These are compiled by the Directorate General of Commercial Intelligence & Statistics from the bills of entry and shipping.

Table 73

From April 1948 total value of foreign trade of India by all routes (i.e sea, air and land) has been taken into account for the purpose of calculating the balance of trade. All foreign trade transactions in gold, currency notes and coins are included under treasure. Balance of trade in treasure refers to gold and silver upto December 1956 and thereafter to gold only. Trade in silver is included under merchandise after December 1956.

Table 74

The Section, Division and Groupwise data for Imports, Exports and Re-exports given in this table are according to the Indian Trade Classification Revision-2 adopted from April, 1977 and followed upto March, 1987.

Tables 75 and 79

Import figures generally show the trade as declared by importers in the bills of entry (applications for clearance) and as checked by custom officials.

Goods entered for storage in bonded warehouses and afterwards exported therefrom are included under 'imports and re-exports'. Transshipment trade is not recognised for the purposes of Indian trade returns and is, thus, not included here. Direct transit trade is also excluded while indirect transit trade is included as imports first and then as re-exports.

Imports of baggage of passengers are not included since November, 1964. All dutiable articles imported from foreign countries by parcel or letter post are included. Trade in defence stores omitted with effect from October 1979. The diplomatic goods, Gold and current coins & notes, ships stores are excluded.

Tables 76, 77 and 80

Export figures represent actual shipments as checked by the customs officials. The figures of exports relate to Indian merchandise alone and re-exports of foreign merchandise previously imported into India. Direct transit trade, transshipment trade, passenger's baggage, ship's stores, defence stores, trans in treasures i.e. gold and current coins & notes, diplomatic goods are excluded.

All articles despatched to foreign countries by parcel or letter post are included since 1964-65. Transactions in silver (other than current coins) and in notes & coins not in circulation or withdrawn from circulation and indirect transit trade are also included.

CLASSIFICATION OF TRADE BY COUNTRIES-Tables 75 and 76

Imports are classified with reference to the countries whence they were consigned to India and not with reference to the countries whence they were shipped direct to India. The country of consignment is defined as that from which the goods have come whether by land and sea or by sea only or by air, without interruption of transit save in the course of transshipment or transfer from one means of conveyance to another. Thus the countries whence goods are consigned are not in all cases the countries of actual origin of goods since goods produced in one country may be purchased by a firm in another country and thence despatched after an interval to India.

Exports are credited to the country of final destination as declared by exporters in the shipping bill whether that country possesses a sea-port or not. The country of final destination is defined as that to which goods exported from India are intended to pass whether by sea and land or by sea only or by air without interruption of transit, save in the course of transshipment or transfer from one means of conveyance to another.

The figures are those declared by importers and exporters in the bills of entry and shipping bills. The value of goods represents the wholesale cash price less trade discount for which goods (i) the like and quality are sold or are capable of being sold at the time and place of importation or exportation as the case may be without any abatement or deduction whatever, except that in the case of goods imported, of the amount of duties payable on the importation thereof, or (ii) where such price is not ascertainable the cost at which the goods of the like quality could be delivered at such place without any abatement or deduction except as aforesaid. Import valuation in practice corresponds to c.i.f. method. Export valuation is based on f.o.b inclusive of export duty and/or cess where leviable.

Table 78

This table gives data on the value of merchandise trade for the years 1980-81 onwards according to revised economic regions. The regions are as follows.

Region 01: East African Community (EAC)

Kenya; Tanzania, United Republic of Uganda.

Region 02: Organisation Commune Africaine El Malagache (OCAEM)

Benin (Dahomey); Cameroon, United Republic of; Central African Republic; Chad; Congo (People's Republic of Congo); Gabon; Ivory Coast; Malagasy Republic (Madagascar); Mauritania; Mauritius; Niger; Rwanda; Senegal; Togo; Upper Volta; Zaire, Republic of.

Region 03: Organisation of African Unity (OAU)

Angola; Botswana; Burundi; Canary Islands; Cape Verde Islands; Camoros, Ethiopia; Equatorial Guinea; French Southern and Antarctic Territories; French Territory of the AFARS of ISSAS (Presently Djibouti); Gambia; Ghana; Guinea; Guinea Bissau; Lesotho; Liberia; Malawi; Mali; Namibia (South West Africa); Nigeria; other East African Countries; Reunion; Sao Thome & Principe; Seychelles; Sierra Leone; Somalia; St. Helena of Ascension; Swaziland; Western (Spanish) Sahara and Zambia.

Region 04: Other African Countries (OAC)

Algeria; Egypt Arab Republic of; Libya; Morocco (including Tangier); Rhodesia (Zimbabwe); South Africa; Sudan and Tunisia.

Region 05: North America

Canada; Greenland; St. Pierres and Miquelon; United States of America.

Region 06: South America

Argentina; Bolivia; Brazil; Chile; Columbia; Equador; Paraguay; Peru, Uruguay and Venezuela.

Region 07: Carabian Free Trade Association (CFTA)

Antigua; Bahamas; Barbados; Belize; Dominica; Grenada; Guyana; Jamaica; Montserrat; St. Kitts-Nevis-Anguilla; St. Lucia; St. Vincent; Trinidad and Tobago.

Region 08: Central American Common Market (CACM)

Costa Rica; El Salvador; Guatemala; Honduras; Nicaragua.

Region 09: Other Central American and Caribbean Countries (OCAOC)

American Samoa; Bermuda; British Virgin Islands; Cayman Islands; Cuba; Dominican Republic; Falk Lands; Guadaloupe (Formerly French West Indies); Haiti; Martinique; Mexico; Netherlands Antillies; Panama excluding Canal Zone (Panama Republic); Panama Canal Zone; Puerto Rico; Surinam; Turks and Caicos Islands and Virgin Islands of U.S.

Region 10: ESCAP Countries

Afghanistan; Australia; Bangladesh; Brunei; Burma; China, People's Republic of; Christmas Islands; Cooks Islands; Fiji Islands; Gilbert and Ellice Islands; Hong Kong; Indonesia; Iran; Japan; Kampuchea Democratic Republic (Formerly Khmer); Korea, Republic of; Laos People's Democratic Republic, Malaysia;

Mongolia; Nauru, Republic of; Nepal; New Zealand; Pakistan; Papua and New Guinea; Phillippines; Singapore; Solomon Islands; Sri Lanka; Thailand; Tonga; Tuvalu; Vietnam, Republic of; and Western Samoa.

Region 11: Economic Commission for West Asia, (ECFWA)

Baherien Islands; Iraq; Jordon; Kuwait; Labanon; Neutral Zone; Oman; Qatar; Saudi Arabia, Syrian Arab Republic; United Arab Emirates (formerly Trucial States of Abu Dhabi, Dubai, Sherjah etc.); Yemen People's Democratic Republic of; Yemen Arab Republic.

Region 12: Other Asian and Oceanian countries and Antarctic and Arctic region (OAOAAC)

China; Republic (formerly Formosa); Cocos Islands; French Guiana; French Polynesia (Oceania) Guam; Israel; Korea, Democratic Peoples' Republic; Macao; Maldive Islands; New Caledonea; New Hebrides; Nice Islands; Norfolk Islands; Pacific Islands (Trust Territory of); Pitcairn Islands; Portuguese Timor; Sabah; Sarawak; Tokeleu Islands, and Wallis & Futuna Islands.

Region 13: European Common market countries (ECM)

Belgium; Denmark; France; Germany, Federal Republic of Greece; Ireland; Italy; Luxemburg; Netherlands, United Kingdom, (w.e.f April 1987) Spain and Portugal (w.e.f. April 1987).

Region 14: European Free Trade Area countries (EFTA)

Austria; Faeroe Islands; Finland; Iceland; Norway; Sweden, and Switzerland.

Region 15: East European Countries (EABC)

Bulgaria; Czechoslovakia; German Democratic Republic; Hungary; Poland; Rumania, U.S.S.R. and Yugoslavia (w.e.f. April 1987).

Region 16: Other European Countries (OEC)

Albania; Andorra; Channel Islands; Cyprus; Gibraltar; Liechtenstein; Malta; Turkey

INDEX NUMBERS OF QUANTUM AND UNIT VALUE OF EXPORTS AND IMPORTS

Tables 81 and 82

Many significant changes took place in the pattern of Indian foreign trade since 1958 and particularly from 1980. New commodities entered into the exports and many other items which were insignificant earlier gained importance. The commodity composition of imports, too, changed with the changing needs of the country. In view of changing pattern of foreign trade, the base period was further changed to 1978-79 from 1968-69 and the corresponding commodities basket was revised.

Scope and coverage

In order to ensure adequate coverage of trade for the new series of index numbers, the number of items included in case of exports and imports has been increased to 738 and 623 respectively as against 489 and 511 in the old series. The coverage of revised commodity basket accounts for 85 per cent of the value of exports and imports for the year 1978-79.

Method of Construction

As in the case of old series, the revised Index Numbers are of the fixed base type. The Unit Value (price) Index numbers are calculated according to the Paasche formula and the Quantum Index Numbers according to the Laspeyres formula; these are, however, not computed separately but are derived from the former indices.

The method of calculation of Unit Value Indices briefly consists of comparing the trade in the current period with that valued at base period prices. Symbolically, the Unit Value Index Number

P is given by the formula:

$$P = \frac{\sum p_n q_n}{\sum p_0 q_n}$$

Where p_0 and q_n denote the unit value of an article in the base period and the current period respectively and p_n and q_n its respective quantities in these periods.

As mentioned above, the Quantum Indices are derived from the unit value indices P as follows:

$$\frac{V_n}{V_0} \times 100 / P$$

where V_0 and V_n are the total values of trade in the base and current periods respectively.

Adjustment for Incomplete Coverage

It is not possible in practice to include all the commodities entering in trade since information on quantities are lacking for many miscellaneous items in the trade records. Such items cannot be included in the cross valuations and hence do not appear directly in the compilation of Index Numbers. Adjustments have, therefore, been made in the final Index Numbers to allow for incomplete coverage. These adjustments are based on the assumption that the price changes in the items not covered in a section are similar to those shown by the items included in the calculation for the section. The method of adjustments can be explained symbolically as below:

The Unit Value Index P_i for the included items in the i^{th} section is given by the formula:

$$P_i = \frac{\sum_i p_n q_n}{\sum_i p_o q_n} \quad (1)$$

Where \sum_i = Summation over all included items in i^{th} section.

The adjusted unit value index P'_i for all the items of the i^{th} section will be

$$P'_i = \frac{\sum'_i p_n q_n}{\sum'_i p_o q_n} \quad (2)$$

Where \sum'_i = Summation over all items in the i^{th} section.

The adjusted General Index number P' will be

$$P' = \frac{\sum_{i=0}^{\infty} \sum'_i p_n q_n}{\sum_{i=0}^{\infty} \sum'_i p_o q_n} \quad (3)$$

While the aggregate $\sum_i p_n q_n$ is known, the aggregate $\sum_{i=0}^{\infty} \sum'_i p_o q_n$ is unknown and it cannot be computed directly. It is, therefore, estimated on the assumption that the price changes for the covered items and for all the items in a section are the same. In other words, $P_i = P'_i$

$$\text{i.e., } P_i = \frac{\sum_i p_n q_n}{\sum_i p_o q_n} = \frac{\sum'_i p_n q_n}{\sum'_i p_o q_n} = P'_i$$

$$\text{So } \sum'_i p_o q_n = \frac{\sum'_i p_n q_n \times \sum_i p_o q_n}{\sum_i p_n q_n} = \sum'_i p_n q_n \div \frac{\sum_i p_n q_n}{\sum_i p_o q_n}$$

$$= \frac{\text{Total value of all items in the } i^{\text{th}} \text{ section}}{\text{Unadjusted unit value Index for the } i^{\text{th}} \text{ section}} \quad (4)$$

The adjusted General Unit Value Index Number P' is obtained by substituting the above value of $\sum'_i p_o q_n$

summing over $i=0$ to ∞ in the equation (3)

Quantum Indices are similarly adjusted for incomplete coverage by using the adjusted Unit Value Index P' instead of the unadjusted Index P occurring in the formula for deriving the Quantum Indices.

Linking of the old and revised series

The linking of the new series of index numbers I (new) with the old series I (old) would be possible by the application of the formula given below:

$$I(\text{old}) = \hat{K} I(\text{new})$$

$$\text{Where } \hat{K} = \frac{\sum I(\text{old})}{\sum I(\text{new})}$$

An empirical study has demonstrated that this formula gives more precise results than the other formulae meant for this purpose.

$$(1) I(\text{old}) = \hat{C} I(\text{new}) \text{ where } \hat{C} = \frac{1}{n} \sum_{i=1}^n \frac{I(\text{old})}{I(\text{new})}$$

n = number of years of data used.

$$(2) I(\text{old}) = \hat{a} + \hat{b} I(\text{new}) \text{ where } \hat{b} = \frac{\text{Cov} [I(\text{old})I(\text{new})]}{\text{Var} [I(\text{new})]}$$

$$\hat{a} = I(\text{old}) - \hat{b} I(\text{new})$$

COASTING TRADE

Tables 83A and 83B

Coasting trade statistics represent the trade registered at the ports in the States, that is, the trade between one State on one side and all other States on the other. The trade among ports within the same state has not been included.

The following Maritime Blocks each of which corresponds to a Maritime State or Union Territory have been adopted from April, 1957:

(1) West Bengal, (2) Orissa, (3) Andhra Pradesh, (4) Tamil Nadu, (5) Kerala, (6) Karnataka, (7) Bombay, (8) Andaman and Nicobar Islands and (9) Lakshadweep.

Further, consequent on bifurcation of Bombay State into two separate maritime blocks (1) Maharashtra and (2) Gujarat are being shown from April, 1961. Pondicherry has been adopted as a maritime block for the purposes of coasting trade statistics with effect from the same date. Besides Goa, Daman and Diu are being treated as a separate maritime block in coasting trade with effect from April, 1963. Again Daman and

In pursuance of Government orders with effect from April, 1964 coastal trade statistics are being compiled on import basis from daily trade returns received from the ports open to coastal trade. Export figures are being derived from import data, as imports into one port represents the exports from other ports.

The year refers to the period of twelve months, April to March.

INLAND TRADE

Table 84

Nature and scope- Inland Trade Statistics represent the movement of trade by railways and on steamer service, from and into a State taken as a whole or a chief port or ports, the trade of which is registered separately from that of the state in which such port or ports may be situated. Movement of trade by other means (e.g. road, air, country boats etc.) is thus excluded from the scope of these statistics.

Trade Block- Prior to April, 1962 there were 29 Trade Blocks. The list has since been amplified with a view to taking into account the bifurcation of the erstwhile Bombay State into Gujarat and Maharashtra. It was further amplified in April, 1965 to provide for separate formation of Nagaland. For the purposes of accounts, and as from April, 1965, India is divided into 31 Trade Blocks, representing the States and Union Territories except Andhra Pradesh, Gujarat, Kerala, Tamil Nadu, Maharashtra, Karnataka and West Bengal which have been constituted into more than one Trade Block. The Reorganisation of the Punjab and Himachal Pradesh has been given effect from April, 1967. Chandigarh is shown as a separate Trade Block since April 1967.

Further, a new trade block of Kandla was introduced in April, 1975 and three more trade blocks namely Meghalaya, Arunachal Pradesh and Mizoram were introduced in April, 1976. Thus number of trade blocks was 38 in April, 1976.

Method of Registration- The figures from April, 1965 onwards represent actual exports from each trade block. According to arrangement in force, each of the railways and the steamer companies registers such traffic as is despatched from stations on its line within a particular trade block to other trade blocks. Prior to April, 1965 these figures were recorded on imports' basis. In case of Tripura, however, there is no railway or steamer station or out-agency within the trade block, and special arrangements have been made to record the trade. The trade of this block is recorded by the following agencies:

- (1) in respect of trade via the Bangladesh Railway by certain land and customs stations on the Tripura Bangladesh border;

- (2) in respect of trade via Patharkandi station on the Assam-Tripura border, by the North East Frontier Railway.

River borne trade- The statistics upto the period ending August, 1965 cover only the trade carried by the River Steam Navigation Co. Ltd. between the trade blocks mentioned below.

- (1) Calcutta (2) Assam (3) West Bengal (excluding Calcutta)

No account is taken of (a) trade carried by other steamer owners or boat-owners between these trade blocks or (b) river borne trade between other trade blocks.

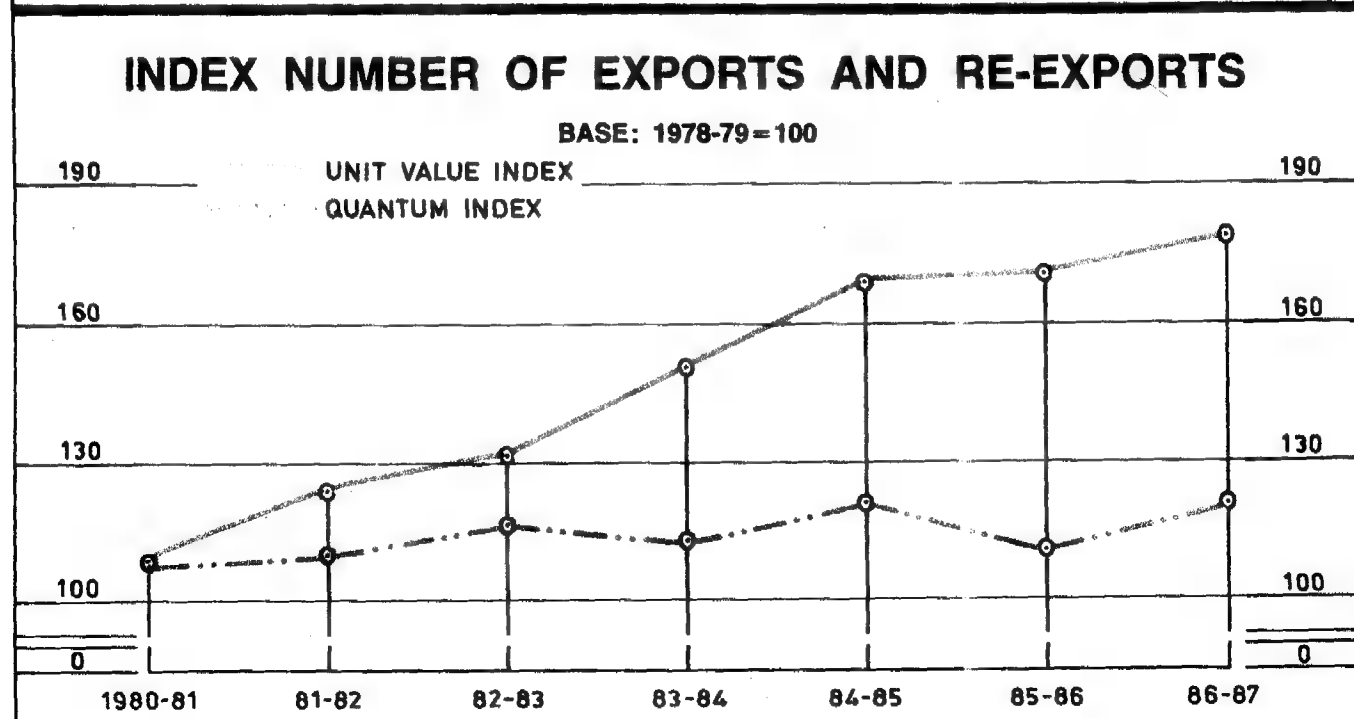

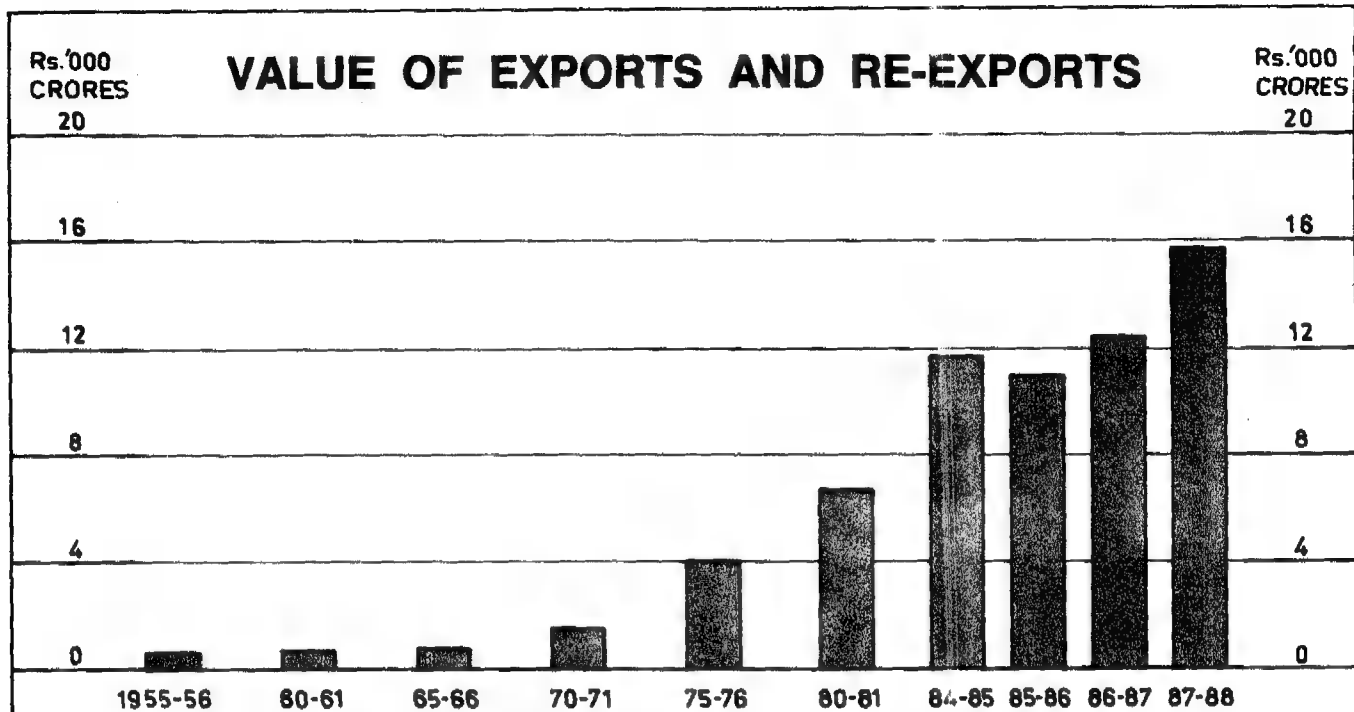

For the purposes of registration, trade originating in a railway and transhipped, through booking arrangements, at a railway station to a steamer for conveyance to a river station, is treated as carried wholly by rail. The above company, however, suspended its steamer service from September, 1965. Thus the statistics relate only to rail-borne trade from September, 1965 to 1971-72, thereafter i.e. from 1972-73 the Central Inland Water Transport Corporation Ltd., Calcutta, are furnishing statistics in respect of river borne trade between the above mentioned blocks.

Articles and Units of measurement- The trade in certain staple articles only is recorded and the weight recorded is the net weight i.e., the gross weight entered in the invoices less certain fixed percentage which have been taken to represent the weight of packing etc. From 1978-79 the weight recorded is the Gross weight. Values are not recorded. Figure of oilseeds represent the trade in the following varieties: (1) castor, (2) cottonseed, (3) groundnut, (4) linseed, (5) rape and mustard, (6) til (jinja). Cotton Piecegoods include both Indian and foreign. Jute raw includes both loose and pucca bales. Raw cotton figures do not make distinction between ginned and unginned.

Period- Figures relate generally to the financial year April-March, but in the case of raw cotton figures relate to the year September-August.

(1) Raw cotton figures relate to Cotton year ending August.

Note: Each of the three maritime states of Kerala, Tamil Nadu and Maharashtra is divided into three sub-trade blocks. The figures of the third sub-trade block viz. "other ports" for all these states are not shown in the breakup. Hence the sum of the breakup does not add up to the total.

BALANCE OF PAYMENTS

The balance of payments is a systematic record of India's international economic transactions of residents with the rest of the world on account of merchandise, services, unrequited transfers and transfers of capital. Residents cover nationals as well as non-nationals residing in the country. Foreign students, tourists, foreign diplomatic officers and international institutions are not considered to be residents but diplomatic officers and armed forces of the country, stationed abroad, are treated as residents notwithstanding their physical location.

India's balance of payments statistics presented in this section are derived for the most part from Exchange Control records and the basic data on most of the official transactions, not routed through the banking channels, are obtained from the Government agencies and the Reserve Bank of India.

Table 85

A. Current Account—Economic transactions that enter the current account are presented in two parts viz., i) Merchandise and ii) Invisibles. A surplus on current account leads to an acquisition of assets or repayment of debts previously contracted and a deficit involves withdrawal of previously accumulated assets or is met by borrowings.

Merchandise—It comprises imports and exports of movable goods. Imports are inclusive of insurance and freight although these two elements come, strictly speaking, under the category of services and exports are shown f.o.b., by removing the estimated portion of freight and insurance from those exports that are booked on c.f./c.i.f. basis.

Non-monetary gold movement—Is the change in Monetary gold holding on account of gold transactions between i) monetary and non-monetary sectors and ii) import and export of gold.

Invisibles

Travel Credit item represents foreign tourists' expenditure during their stay in India and on the debit side it covers exchange sold for private and official travel.

Transportation and insurance—Receipts cover estimated portion of freight and insurance from the exports and disbursements of foreign ships and airlines in Indian ports etc. Payments include operating expenses abroad of Indian steamship and airline companies and some freight and insurance payments.

Investment Income—Receipts include interest earned on the investments of RBI and on holdings of SDRs, and payments include interest and commitment charges on foreign loans, on purchases from the IMF and those on cumulative allocation of SDRs.

Governments, not included elsewhere—The item includes receipts and payments on account of maintenance of embassies and diplomatic missions and offices of international institutions.

Miscellaneous—This item covers, in the main, agency services, technicians and professional services, royalties, film rentals, etc.

Transfer payments—Official transfer receipts represent contra entries for cash receipts and value of aid received in kind from foreign governments and institutions and debits cover contributions to

international organisations and official grants in cash or kind extended to foreign governments. Since April 1964, receipt and payments of pensions on Govt. account are included under this item. Private transfers comprise all unilateral transfers such as migrants' transfers, repatriation of savings, remittances for family maintenance, contributions and donations to religious and charitable institutions etc. Receipts also include imports under P.L. 480, Title II. Since April 1964, receipts and payments of pension and retirement benefits etc. on private account are also covered under this head.

B. Capital Account

This account presents transfers of money and other capital items and changes in the country's foreign assets and liabilities resulting from the transactions recorded in the current account. These are classified into three sectors : (1) private (2) banking and (3) official.

1. Private (non-banking)- These are divided into two categories viz., 'long-term' and 'short-term'.

(a) Private long-term capital: Flows relating to loans, investment in shares and other assets are covered here and in addition since April 1964, include drawings and repayments on account of loans extended by IBRD and foreign governments to the private sector in India. Drawings in respect of commercial borrowings and deposits received under Non-resident External Accounts and Foreign Currency Non-resident Accounts Schemes, are also included here.

(b) Private short-term capital: covers mainly short-term borrowings and repayments thereof.

2. Banking Capital-Excludes transactions of Reserve Bank of India.

3. Official- Capital transactions on account of Central and State governments, public sector undertakings and the Reserve Bank are covered here.

i) Loans-Credits represent utilisation of various foreign loans and credits obtained by the official sector from international financial institutions and foreign governments. This also covers external commercial borrowings by Public Sector undertakings effective 1985-86. The entries on the debit side relate to disbursement of official loans and credits extended to foreign governments.

ii) Amortisation-Debits represent repayments of loans on official account and credits relate to repayments by foreign governments of official loans extended to them.

iii) Miscellaneous-Covers all other capital transactions (both long-term and short-term) on government account including the movement in rupee balances held with the RBI by non-resident government, semi-government and international institutions.

(C) IMF-Capital: transactions with the IMF are recorded here. Credits comprise the drawals under various facilities of the IMF and the debits represent repurchases from the IMF.

(D) SDR Allocation-Is the counterpart entry to the allocation of SDRs made by the IMF from time to time.

(E) Errors and omissions-This is a reconciliation entry to balance the difference in the total credit and debit entries. These differences arise due to difference in timings and valuation between the two arms of a transaction or their coverage.

(F) Reserves and Monetary Gold-Represent changes in official foreign exchange holdings, gold holdings of the RBI and SDR holdings of the Government.

Table 86

Regional Balance of Payments-Current Account-This table provides data on the regional aspect of the current account. The area-wise division of current transactions shown is based on definition of these areas current during the various periods concerned as detailed below :

Sterling Area- All commonwealth countries (excluding Canada and Newfoundland) together with Jordan, Muscat & Oman, Irish Republic and Iceland.

Dollar Area-Covers Salvador, United States of America, Canada (including Newfoundland), Cuba, Haiti, Dominion Republic, Puerto Rico, Virgin Island of the United States, Mexico, Guatemala, Honduras (not British), Nicaragua, Costa Rica, Colombia, Republic of Panama, Panama Canal Zone, Venezuela, Ecuador, Bolivia, Hawaii, Philippines, Liberia and American Samoa. Figures for 1950-51 refer to 'Hard Currency Area' comprising the United States of America, other American Account Countries, Canada, Liberia, Argentina and Japan. The last two ceased to be hard currency countries from January, 1951 and October 1951, respectively. O.E.C.D. Countries- covers Sweden, Norway, Denmark, West Germany, Netherlands, Belgium, Luxembourg, France, Portugal, Switzerland, Italy, Austria, Greece, Turkey and Spain.

Notes:

A. I. Merchandise : Credits : Exports f.o.b., Debits : Imports c.i.f.

III. 1. Travel : Data for credits are provisional estimates.

5. G.n.i.e. : Credits include U.S. Embassy expenditure met out of P.L. 480 rupee funds.

7. (ii) Transfers : Private : Credits include contra entries for imports under P.L. 480 Title II Programme.

B. 1. (i) Private : Long term : Includes foreign official loans received and repaid by the private sector.

2. Banking : Represents movement in banking capital, excluding R.B.I.

3. (i) Loans : Credits represent utilisation of various foreign loans and credits received by the official sector. Debits cover loans extended by India to other countries.

(ii) Amortisation : Credits cover repayments by other countries of official loans extended to them, while debits show repayments of loans on official account.

(iii) Miscellaneous : Cover other official receipts and payments including those of R.B.I.

C. I.M.F.: Includes purchases and repurchases from the I.M.F. and similar capital transactions.

H. Reserve and Monetary Gold : Represent changes in official foreign exchange holdings, gold holdings of the R.B.I. and SDR holdings of the Government.

Includes Rs. 8.3 crores paid to the I.B.R.D. as our contribution to the Indus Basin Development Fund under the terms of the Indus Water Treaty signed on Sep.19,1960. Since April-June 1964, these payments hereafter are included under official transfer payments.

* Includes Rs.8.5 crores earmarked by the U.S. authorities to finance exports of goods and services to Nepal under their economic aid programme to that country.

Exchange rates: Foreign currency transactions have been converted into rupees at the par/central rates upto June 1972 and on the basis of average of the Bank's spot buying and selling rates for sterling and the monthly averages of cross rates of non-sterling currencies based on London market there after.

Notes: 1. Due to change in the estimation procedure in respect of receipts individually below Rs.10,000 from Oct-Dec.1983 quarter, and data on receipts under current invisibles and private Long-Term Capital are not strictly comparable with those for the earlier period.

2. Since October-December 1986 data on credits under private long-term capital and official loans include borrowings to prepay earlier loans, debits against private long-term capital and official amortisation cover such pre-payments.

Other International Institutions includes UNICEF, UNDP, ILO, WHO, UNFPA and UNESCO.

Notes:

i Constituent items may not add up to totals because of rounding.

ii Utilisation figures are exclusive of suppliers' credit and commercial borrowings, but inclusive of non-government loans.

RAILWAYS

This section includes tables providing statistics of passenger and goods traffic, revenue and expenditure and general working of Indian Railways. The statistics are collected by the Ministry of Railways from various Zonal Railways. Indian Railways are classified as Government and Non-Government Railways. The Government Railways are classified by zones as mentioned below:

(*) Statistics pertaining to Non-Government Railways have been discontinued from 1978-79.

(i) Central, (ii) Eastern, (iii) Northern, (iv) North Eastern, (v) North East Frontier, (vi) Southern, (vii) South Central, (viii) South Eastern, (ix) Western.

The Indian Railways are also classified by gauges as Broad (1.676m.), Metre (1.000m) and Narrow (0.762m. & 0.610m) according to the distance between two rails in metres mentioned in brackets.

Table 88

This table provides the summary results of the general working of Indian Railways. The definitions of various terms used in this table are given below. ---

Route Kilometres: This represents the length of the railways route open for traffic at the end of each year. In calculating the length of the route, double or more than double lines are counted only once.

Gross Earnings and Working Expenses: Represent total earnings and expenses of railways in an accounting period irrespective of whether the earnings have been realised or expenses paid. Gross earnings include all earnings from passenger traffic, goods traffic, parcels, luggage and other miscellaneous sources of revenue; while working expenses include all expenses incurred for maintenance of structural works, supply of loco power, carriage and wagon stock, ferry steamers and harbours as well as the expenses of traffic departments, general electric service departments and other miscellaneous expenses.

Train Kilometres: This represents the kilometres run by trains carrying passengers or goods or both as well as the kilometres run by empty trains. No deduction is made for departmental trains.

Number of Passengers and Metric Tons carried- The figures represent the number of passengers and weight in metric ton of goods, originating on all railways, treating passengers travelling or goods carried over two or more railways as single journey.

Passenger Kilometre and Net Tonne: These figures represent the real indices of the volume of passengers and goods traffic handled. These are arrived at by multiplying the total number of passengers carried and the total Tonnage of goods carried by the respective number of kilometres, over which they are moved.

Table 89

This table provides data in respect of passenger and goods traffic and earning of the Government and Non-Government railways. Number of passengers carried and tonnage of goods carried unlike in table 90, represent total number of passengers and total tonnage of goods carried on individual railways, treating passengers travelling and goods carried over two or more railways as having performed two or more journeys.

Table 90

This table presents the capital at charge earnings and expenditure positions separately of the Government and Non-Government railways.

Table 91

This table provides the results of the financial working of Government railways, showing capital at charge, gross receipts, operating expenses, depreciation fund, reserve fund, net receipts etc.

Table 92

This table presents data relating to revenue, expenditure and their net of the railways for which Government is financially responsible. The revenue includes State Railways gross receipts, subsidised companies miscellaneous receipts, the expenditure includes State Railways' working expenses, subsidy paid to companies, miscellaneous expenditure, dividend on loan capital and payment to general revenue in lieu of tax on passenger fare.

Table 93

This table provides details of gross earnings of Indian Railways from passenger and goods traffic.

Table 94

(i) This table presents data regarding number of persons killed and injured according to nature of accidents, failures of railway equipment and un-usual occurrences. The figures exclude the persons killed or injured in railway workshops etc.

(ii) The figures are based on accident messages issued immediately after the occurrence of accidents etc., and do not take into account the deterioration in the health of affected persons (i.e., injuries culminating into fatalities) after hospitalisation etc.

(iii) Casualties from causes unconnected with railways working, such as death of passengers in carriages or at stations from natural causes, are excluded.

MOTOR VEHICLES

Motor Transport in India, is primarily the responsibility of the State Governments and UT Administrations. Taking into account the changes in the road transport technology, pattern of passenger and freight movements, development of the road net work in the country and particularly the improved techniques in the motor vehicles management, the Motor Vehicles Act, 1939 was consolidated and amended by parliament called Motor Vehicles Act, 1988. The said Act empowers the Central Government to frame rules under certain provisions of the Act. This Act also empowers the State Governments and Union Territory Administrations to frame the rules under the relevant provisions of the Act for regulating the motor vehicle transportation in India.

Table 95

Number of Motor Vehicles Registered in India as on 31st March of each year- The figures shown in the table represent the number of motor vehicles on road. For 1951, it includes only motor vehicles taxed. For 1955-56 1960-61 and 1965-66 the data is for motor vehicles taxed and tax exempted. The data for 1970-71 includes taxed, tax exempted and temporarily withdrawn vehicles.

Table 96

State Revenue from Road Transport and Central Revenue from Road Transport are given in tables 96(A) and 96(B) respectively. The Central revenue consists of import duty and excise duty on motor vehicles and accessories, tyres and tubes and motor fuel. The State Revenue consists of motor vehicle taxes and fees levied, sales tax on motor spirits and taxes on passengers and goods carried. The sales tax on motor spirits are levied at varying rates under varying conditions different States. In some cases, the levy on motor spirit made under the Central Sales Tax Act and in other cases, special Motor Sales Tax Act. Taxes on passenger and goods carried by road or on inland waterways under entry 56 of List II of the Seventh Schedule of the Constitution of India are levied in Andhra Pradesh, Assam, Bihar, Gujarat, Kerala, Madhya Pradesh, Maharashtra, Karnataka, Orissa, Punjab, Rajasthan, West Bengal and Himachal Pradesh.

Table 97

The table gives the number of commercial vehicles (stage carriages and trucks) plying on inter-state routes with regular permits.

Table 98

Almost all the major States and UTs of India have nationalised public passenger transport bus service with a view to ensuring economy and efficient administration. The nationalisation of road transport is mostly confined to the passenger traffic so far.

ROADS

The road length of highways consists of the route lengths of highways running through the length and breadth of the large administrative areas of districts, states and the country, connecting all urban areas/centres of traffic.

(a) National highway is a highway which is declared as such under the National highways Act, 1956.

(b) State highway is a highway which is declared as such by a State Government.

(c) Other highways are those highways which are maintained by State Public Works Departments (except National highways and State highways), District Board/Zila Parishad, village Panchayats and Panchayat Samities/C.D. Blocks.

Table 100

The data on urban road length shown in this table relate to roads constructed and maintained by municipalities, by Railways within railway Colonies, by Port Authority in the Port Areas and by Military Engineering Service in Cantonment areas.

Table 101

The road lengths given here include the lengths of access roads within project areas for the exploitation of resources such as forests, hydro-powers, sugarcane, irrigation, coal, etc.

Table 102

Width-wise Length of National and State highways-roads are classified as single lane, double lane or multilane, according as the carriageway width of the roads (other than that in hilly terrain) is below 7 metres, 7 to 10.5 metres and above respectively as per standards laid down by Indian Road Congress.

Table 103

The table indicates growth of National highways and expenditure thereon since 1950-51.

Ministry of Surface TransportNote: It does not include expenditure incurred on tools, plants and hire charges on ferry vessels at
Pandu and maintenance of Brahmaputra bridge.

SHIPPING

This section presents tables relating to the strength and tonnage of Indian merchant shipping. The data on strength of the fleet covers ships registered under Merchant Shipping Act, 1958 and the source for the data is the Directorate General of Shipping. The basic source of data for shipping traffic is the respective Port Authorities of Indian Ports. These data are collected and published by the Transport Research Division of the Ministry of Surface Transport and also maintained by the Directorate General of Shipping.

Table 104

This table shows the strength of Indian merchant shipping fleet plying for the coastal and overseas trade. The breakup of the fleet into passenger vessels, tankers and dry cargo vessels is also given for the latest year.

Table 105

This table gives information regarding the total sea borne imports and exports and share of Indian flag vessels in the traffic handled at ports.

Table 106

This table provides the data regarding number and net registered tonnage (NRT) of vessels which entered and cleared with cargo and in ballast by the type of vessels, namely, steam and sailing. Net registered tonnage is defined as the net volume of enclosed space of vessels less crew space, engine room and other space not used for cargo.

Tables 107 and 108

These tables respectively presents data regarding the number and net registered tonnage of vessels which entered Indian ports and which cleared from Indian ports with cargo and in ballast by nationality of vessels.

Tables 109 and 110

These tables present data regarding the number and net registered tonnage of vessels which entered and cleared with cargo and in ballast respectively by nationality of vessels in coasting trade.

Table 111

This table provides data relating to the number and gross registered tonnage of steamers and vessels (sailing) in foreign and coasting trade handled by major ports in India. Gross registered tonnage (GRT), is defined as the entire internal cubic capacity of a ship. The unit for measurement of GRT is a ton of 100 cubic feet.

Table 112

The table presents data relating to gross tonnage of imports and exports in coastal and foreign trade by major Indian ports.

CIVIL AVIATION

The section presents tables relating to revenue traffic carried by Indian scheduled operators, namely, Air India and Indian Airlines. These two Corporations came into being in August, 1953 on nationalisation of air transport in India. Indian Airlines operates on routes inside India and on international routes to adjacent countries while Air India operates mainly on international routes. The data for domestic and international services have been shown separately. For ensuring international comparability of data, the standards laid down by International Civil Aviation Organisation (ICAO) have been adopted.

The source for these data is Office of the Director General of Civil Aviation, Ministry of Civil Aviation who publish these in their publication "Indian Air Transport Statistics".

Table 113

Table 113 presents statistics relating to passengers and cargo traffic carried and operating revenue earned by the scheduled operations in domestic and international services separately.

Table 114

As regards "VAYUDOOT" scheduled operations, the operational data is incomplete. Table 114 presents similar data for Indian non-scheduled operations. Various technical terms used in these tables are defined below:

Hours flown- These figures present the total number of hours flown by planes carrying the Revenue traffic.

Aircraft Kilometres flown- These figures represent the total kilometres flown by planes carrying the revenue traffic.

Tonne Kilometres available- The figures are obtained by multiplying the total tonnage offered to the public for air transportation of passengers, freight and mail by the kilometres flown.

Passenger, Freight and Mail carried - The number of passengers carried represents the total number of passenger carried on different air-routes treating passengers travelling by planes for two or more routes as having performed two or more journeys. These figures relating to the weight of freight and mail carried are expressed in tonnes.

Passenger Kilometres performed- The figures are obtained by adding up the kilometres travelled by each passenger.

Tonne Kilometres performed- Represents aggregates based on the product of the tonnage of freight or mail as the case may be, and the distance through which the load was carried. The figures relating to total load tonne kilometres take into account all kinds of traffic including passengers.

Passenger Load Factor- Represents the percentage of passenger kilometres flown to the seat kilometres available.

Weight Load Factor- Represents the percentage of tonne-kilometres performed (passenger, freight and mail) to the tonne kilometres available.

TOURISM

Foreign tourists coming to India- The Department of Tourism has adopted the following definition as per recommendation of "U.N. Conference of International Tourism, Rome, 1963".

'A foreign tourist is a person visiting India on a foreign passport staying at least twentyfour hours in India and the purpose of whose journey can be classified under one of the following headings:

- (i) Leisure(recreation, holiday, health, study, religion and sport);
- (ii) Business, family, mission, or meeting'.

The following are not regarded as "foreign tourists".

1. Persons arriving, with or without a contract, to take up an occupation or engage in activities remunerated from within the country;
2. Persons coming to establish residence in the country;
3. "Excursionists" i.e. temporary visitors staying less than twentyfour hours in the country visited (including travellers on cruises).

Statistics in this publication do not include the following:

1. Nationals of Pakistan and Bangladesh prior to 1981,
2. All foreigners entering India from Bhutan by land,
3. All foreigners entering India through land routes along Indo-Nepal Border.
4. Children who are less than 3 years of age.

(c) Included in Malaysia.

POSTS AND TELECOMMUNICATIONS

This section presents operating and financial data relating to the different branches of the Posts and Telecommunications departments, including the Post Office Savings Banks. This comprises statistics of the number of offices and the length in kilometres of telegraph lines as well as the volume of traffic handled by those offices and/or sent over the wires which can be used to study the growth of traffic with the expansion of facilities and vice versa. For details, Annual Report and the Statistical Digest published by the Departments of Posts and Telecommunications, Ministry of Communications may be seen.

Table 116

This table provides the general all India statistics of post offices, namely, number of post offices, letter boxes, postal articles, money orders, etc. This table also provides data regarding the total strength of establishments and length of railways, roads etc. over which the mail was carried.

Table 117

This table presents estimated number of postcards, letters, newspapers, parcels and packets handled by the post offices. The table also presents the actual number of registered, insured and value payable articles. In the case of unregistered postal traffic, it is not possible to maintain day-to-day statistics of the actual number of articles handled by the post offices. The number of unregistered articles is, therefore, estimated from a count of articles in all post offices in India taken during the one week in February (representing busy season) and one week in August (representing slack season).

Table 118

This table, in addition to all India totals for earlier years, presents circle-wise information for latest year regarding number of post offices, letter boxes, postal articles, etc.

Table 119

This table provides circle-wise and all India information regarding number and amount of money orders issued and paid. The data for Indian and foreign money orders are shown separately.

Table 120

This table presents number of post office savings banks, number of depositors and amount deposited and withdrawn.

Table 121

This table provides data regarding receipts and expenditure of Post Offices by heads. Receipts under postage including both sale of stamps and postage paid in cash, i.e., (i) postage prepaid in cash in post offices, (ii) credits afforded in the schedule of customs duty on account of postal redirection fees and insurance fees realised on delivery of inward foreign parcels, (iii) charges for resetting franking machines, and (iv) cash realised for unpaid or insufficiently paid postal articles.

Table 122

This table presents the figures of expenditure of post offices under capital account.

Tables 123 to 125

These tables respectively show summary statistics regarding telegraph lines, telephone lines and telephone offices.

Tables 126 and 127

These tables show data relating to paid telegraphic messages and telegraphic offices respectively.

Table 128

This table presents data regarding number of radio messages received and sent. Radio telegrams included only the messages sent to ships from coastal offices.

Tables 129 and 130

The general financial results of the Telecommunications Departments are presented in table 129 and those of Posts and Telecommunications Departments are shown in table 130.

POSTS AND TELECOMMUNICATIONS

Ministry of Communications

(1) Inclusive of audit and accounts establishments.

(2) Data relate to ordinary and telegraphic inland money orders issued.

(a) Sudden spurt of figures in the number of mobile post offices is due to the launching of mobile post office scheme for rural areas of the country w.e.f. 1979-80.

(b) Relates to Department of Posts.

(c) The mobile post office service has been suspended.

LABOUR

This section presents data in respect of employment, wages and earnings, industrial disputes, industrial injuries and labour training.

Attempts have been made to cover statistics regarding employment under the public and private sectors as far as figures are available.

Table 131

This table relates to all establishments under Central Government, State Governments, Quasi- Government Organisations and Local Bodies. The information is based on the data collected by the Employment Exchanges as part of their programme for collection of Employment Market Information on quarterly basis. The information on the number of persons employed at the end of every quarter is compiled by the Directorate General of Employment & Training through the Employment Market Information (E M I) Programme. The programme provides for collection, among other things, of employment data in the organised sector, i.e. the entire public sector and non-agricultural establishments employing 10 or more persons in the private sector. The data from the private sector establishments employing 25 or more persons are collected under the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959. The rest (employing 10 to 24 workers) are being collected from March, 1966 onwards voluntarily from the employers. The non-response is generally small but employment in such establishments is estimated by the local Employment Officers on the basis of data furnished for previous quarters and included in the overall estimate of employment.

The main changes in coverage are as follows: Figures in respect of the Union Territory of Goa, Daman & Diu are included from March, 1970, Meghalaya from March 1972, Jammu and Kashmir from March 1973 and those for Mizoram from March, 1975 onwards. The 1971 figure for Manipur have been repeated in later years but excluded from March, 1975 to December 1976 due to non-receipt of data. Data in respect of Manipur is again included from March, 1977. Data for Andaman & Nicobar have been included from September, 1985. The figures do not cover Arunachal Pradesh, Lakshadweep, Dadra & Nagar Haveli and Sikkim as the EMI data collection programme has not so far been extended to these States/Union Territories. From 1975, data are based on the National Industrial Classification (NIC)-1970.

Table 132

This table relates to employment in Railways. As the regrouping of Government Railways was completed on 14th April 1952, zone-wise information regarding employment in Railways is available only from that year. Information regarding employment in Production Units includes Chittaranjan Locomotive Works and Integral Coach Factory from 1955, Diesel Locomotive Works, Dandakarnya- Bolangir-Kiriburu Railway Project from 1961, Railway Electrification Project from 1966 and Wheel & Axle Plant from 1979 onwards. The employment in Ganga Bridge Project which was shown under works and Projects (Production Units) prior to 1960-61 is now under Eastern Railways as this project was merged with Eastern Railways from 1960-61 and the employment in Dandakarnya-Bolangir- Kiriburu Railways Project and Railway Electrification Project which were shown under works and projects (Production Units) upto 31-3-1968, is now shown under South Eastern Railways as these projects were merged with the South Eastern Railway with effect from 1-11-1968. Besides employment data for Railway Board and other Railway Offices including Metropolitan Transport Project (Railways) are also given in this table. Data for non-government railways have been discontinued from 1978, whereas the figures for Railway Protection Special Force personnel were included under column 13 from 1977 onwards. The employment data include class I to IV permanent and temporary employees.

Tables 133A, 133B, 133C and 133D

The statistics in these tables relate to factories as defined under the Factories Act, 1948. This Act covers factories employing 10 workers or more with the aid of power, 20 workers or more without the aid of power and factories specially brought under the purview of the Act by the State Governments. The statistics of employment relate to persons employed directly or through any agency, whether for wages or not, in any manufacturing process or in cleaning any part of the machinery or premises used for a manufacturing process or any other kind of work incidental to or connected with the manufacturing process or the subject of manufacturing process. Thus the definition of worker as laid down in the Act does not cover manual workers alone but some clerical and supervisory personnel as well.

The employment figures represent "average daily employment". The figures of average daily employment are furnished by each factory by dividing the total attendance (man-days worked) during a year by the total number of working days during the year. Thus, the measure of employment is based on actual attendance and not on the physical number of persons on roll. In the case of non-responding factories estimated figures have been given. The reported or estimated figures of average daily employment for all factories belonging to an industry group or a State are summed up to obtain the total average daily employment for an industry group or a state.

The data for 1951 relate to the former Part 'A', 'B' and Part 'C' States. Data from 1956 onwards relate to re-organised States and Union Territories and include estimated employment in factories not submitting returns whereas earlier figures relate to factories submitting returns only.

Data for 1956 exclude Manipur and Jammu & Kashmir and those for 1961 and 1962 exclude Jammu & Kashmir only.

Figures for 1956 onwards have been demarcated by a deep line in order to indicate non-comparability with earlier figures.

Table 133A presents industry-wise figures of employment in Govt. and Local Fund factories and in other factories. In this table, figures upto 1970 are based on the old classification of industries. As the figures for the years 1971 onwards are being built up for the groups of industries according to NIC 1970, these figures have been given against the group of industries under old classification considered nearest to the new group.

Table 133B provides Statewise data for total employment in all factories.

Table 133C and 133D present data regarding employment in factories according to the NIC 1970. Table 133C provides all-India figures upto 4 digit-level as per NIC-1970 for the years 1971, 1976 and latest two years and table 133D gives Statewise data according to major groups of industries for the latest available year.

Table 134

Average daily employment in factories according to three broad age-categories and sex is shown in this table. The information relates to only factories submitting returns. The Factories Act, 1948 defines adult, adolescent and child as follows:

- (i) Adult is one who has completed 18 years.
- (ii) Adolescent is one who has completed 15 years but not 18 years.
- (iii) Child is one who has not completed 15 years (children below 14 years are not permitted to work).

Table 135

This table presents estimated average daily employment in "Working Factories" using power. The factories employing 10 or more workers and using power are covered under section 2m(i) of the Factories Act, 1948. The statistics presented in the table relate to factories registered under this section.

Table 136

This table provides estimated employment in generation, transmission and distribution of electrical energy. The information on the number of persons employed at the end of every quarter is compiled by the Directorate General of Employment and Training through the Employment Market Information (EMI) Programme, details of which are given in notes to table 131.

Table 137

The table gives information regarding average daily number of workers employed in mining. The mineral-wise break-up of employment in mines is given for 12 important minerals. The method of computation of average daily number of workers employed is the same as given above for tables 133A, B, C & D. Under the statutory provisions of Mines Act, 1952 the Director General of Mines Safety

collects information regarding number of persons employed in mines and quarries (except those specially exempted by Central Government). Upto 1951, the information regarding employment in mines was collected under the Indian Mines Act, 1923 and thereafter it was collected under the Mines Act, 1952. The scope of the Act changes slightly from time to time. For example, by a Notification of March, 1955, a number of hitherto exempted stone, lime-stone and sand excavations were brought under the purview of the Act. The provisions of the Act were extended to the state of Jammu & Kashmir from the 15th August, 1968.

Table 138

This table shows the average daily number of persons employed in tea, coffee and rubber estates. The Directorate of Economics and Statistics, Ministry of Agriculture collects figures of employment from coffee and rubber estates every year through State Governments. The data for employment in tea plantation are based on the publication "Tea Statistics" published by the Tea Board. The data for coffee and rubber plantations are supplied respectively by the Indian Coffee Board and the Indian Rubber Board. All workers in garden and outside are covered. According to instructions laid down, each estate furnishes figures of 'average daily employment' by dividing the total man-days worked during a year by a standard figures of 300 working days. The figures of "average daily employment" for individual estates are added up to obtain the 'average daily employment' for each industry viz., tea, coffee and rubber. In the case of small estates of 20 hectare size and below, the employment is estimated by conducting sample studies.

Table 139

Statistics of employment in respect of shops, commercial establishments and restaurants registered under the Weekly Holidays Act, 1942 and Shops and Commercial Establishments Act in the various States are given in this table. These Acts are in force only in certain urban areas covering municipal areas, towns and cantonments, and hence the statistics are limited to shops and commercial establishments in such areas. The employment data are compiled by the State authorities either from the annual returns or from the figures furnished by the employers at the time of registration of the unit under the Act. In some cases the figures are collected specially by the Inspectors appointed under the Acts directly from the individual establishments. The number of shops may be more than the number of workers employed therein due to the fact that shops not employing any worker but run independently by the owners themselves are also covered by the Act.

Table 140

The table shows the number of applicants on the live-register of Employment Exchanges. The Employment Exchanges which are under the control of Director General of Employment and Training, Ministry of Labour register names of the persons seeking employment and help them to secure employment. It gives State wise data by broad occupational groups based on revised National Classification of Occupations, 1968.

Table 141A

This table gives the number of applicants placed in employment through the employment exchange according to type of establishments namely: (i) Central Government (ii) Union Territory Administrations (iii) State Governments (iv) Quasi Government & Local Bodies and (v) Other establishments.

Table 141B

This table presents data regarding the number of applicants placed in employment through employment exchanges by selected categories of applicants namely: (i) Ex-servicemen (ii) East Pakistan migrants (iii) Women (iv) Scheduled castes and (v) Scheduled tribes.

Tables 142 to 144

These tables present data about wages and earnings of factory workers in India. The data are collected under the Payment of Wages Act, 1936 and relate to factories defined under clause (m) of section 2 of the Factories Act, 1948. Although from 1964 onwards the Act, has been extended to smaller factories defined under section 85 of the Factories Act, 1948 also, such establishments had not been taken into account up to the year 1982 on account of incomplete coverage. However, the figures relating to section 85 factories have been included in statistics for the year 1983 onwards. Earnings include basic wages, dearness allowance, over-time payment, other cash allowances including production or incentive bonus, efficiency bonus, money value of concessions, annual or prepaid bonus and arrears. Prior to 1st April, 1958, the Payment of Wages Act, 1936, was applicable only to employees earning less than Rs. 200 per month. With the enforcement of the Payment of Wages (Amendment) Act, 1957 from 1st April, 1958 the scope of the Act was extended to cover persons earning more than Rs. 200 but less than Rs. 400 per month. Acceptable returns for the revised wage groups were received only from 1961. The information regarding above both the wage groups for the years 1961 to 1964 was published in the 1967 issue of this publication. The Payment of Wages (Amendment) Act, 1976 extends the coverage of the Act to persons earning less than Rs. 1,000 per month. In 1982, the applications of the Act was further extended to cover persons earning less than Rs. 1,600 per month. Data upto 1975, therefore, relate to persons drawing less than Rs. 400 per month, from 1976 to 1982 relate to persons drawing less than Rs. 1,000 per month and from 1983 onwards relate to persons drawing less than Rs. 1600 per month.

Table 142 gives State-wise data regarding total annual earnings of factory workers. Figures in this table exclude information about railway workshops but include that for Defence installations. Tables 143 and 144 present per capita annual earnings of factory workers respectively by States and by industries. The earnings of workers in the seasonal industries which comprise food, beverages, tobacco, construction are excluded from those presented in these two tables.

Table 145

This table presents wages and earnings of mining labour in coal and non-coal mines. The data for coal mines relate to average weekly earning of miners and loaders in December each year whereas those for other mines relate to average daily earnings of miners and loaders in December each year. The average weekly cash earnings in coal mines are computed by dividing the total payments during any complete working week in the month of December by the average daily attendance during that week. Upto 1965 the average daily earnings for mines other than coal were computed by dividing the total payment for December by the corresponding aggregate daily attendance. From 1966 onwards these are computed by dividing the earnings in the month of December for a week by six.

Table 146

This table gives statistics of injuries in factories. Under the Factories Act, 1948, statistics of industrial accidents due to which affected persons are prevented from attending to work for a period of 48 hours or more, immediately following the injury, are required to be reported to the Factory Inspectors. For statistical purposes, the number of injuries is given by the number of persons receiving injuries as a result of an accident and this number is more than the actual number of accidents because one accident may result in injuries to more than one person. The data on injuries presented in the table relate only to factories submitting returns. No estimates of injuries can be made for the defaulting factories. The incidence rate of injuries is calculated by dividing the total number of injuries by the corresponding number of workers employed in the factories submitting returns.

Table 147

This table shows number of accidents and number of persons receiving injuries in mines. The data are collected under the Mines Act, 1952, which has been recently amended as Mines (Amendment) Act, 1983. Some changes in the definition of serious accident have been brought in. Accidents have been classified into fatal, spot serious and reportable serious. A spot serious accident is one where one or more persons have received "serious bodily injury", which means "any injury which involves, or in all probability will involve, the permanent loss of any part or section of a body or use of any part or section of a body, or the permanent loss of or injury to the sight or hearing or any permanent incapacity or the fracture of any bone or one or more joints or bones of any phalanges of hand or foot". A reportable serious accident is one where one or more persons have received "reportable injury" which means "any injury other than a serious bodily injury which involves, or in all probability will involve, the enforced absence of the injured person from work for a period of seventy two hours or more". Information on reportable serious accidents are collected on a quarterly basis and complete statistics on the same is not available. The statistics for the year 1984 relates to the amended definition of accidents. Data from 1951 to 1967 cover whole of the Indian Union except Jammu and Kashmir.

Table 148

The table shows the State wise distribution of number of disputes, workers involved and number of man-days lost on account of industrial disputes resulting in work-stoppages. The data are collected on a voluntary basis by the State authorities and the Regional Labour Commissioners (Central) who furnish consolidated returns to the Labour Bureau. The figures of number of workers involved relate to the maximum number of workers involved on any day during the course of work-stoppage as known upto by the date of reporting. The figures of man-days lost are calculated by adding up actual vacancies caused by the work-stoppage on each working day. Scheduled holidays during the period of work stoppage are not taken into account in the calculation of man-days lost.

Table 149

This table shows all-India figures of industrial disputes by causes of disputes.

Table 150

The data included in the table relate to compensated injuries under the Workmen's Compensation Act, 1923 and are based on annual returns received under the Act from State Governments, Posts and Telecommunications Departments and Railway Board for different zonal railways. Under the Act, compensation is payable to workers employed in scheduled employment for injuries due to accident resulting in death or disablement for more than 3 days provided that it is not caused through the fault of the worker himself. As all the injuries are not compensated, the number of compensated injuries do not reflect the total number of injuries occurring. Further many of the establishments covered by the Workmen's Compensation Act fail to submit returns and hence information received by the State Authorities about the number of compensated injuries and the amount of compensation paid is incomplete. In

establishments covered by the Employees State Insurance Act, compensation in respect of injuries is paid under that Act and not under the Workmen's Compensation Act. This limitation affects the trend and comparability of the statistics of compensated injuries.

Table 151

The table shows number of training institutes, centres and trainees, etc. The data regarding trainees are given by States/Union Territories and by engineering & non-engineering trades. This table shows progress of the labour training programmes sponsored by the Ministry of Labour.

Table 152

This table presents data on employment in insurance. The information upto the year 1974-75 was collected by the Central Statistical Organisation, Department of Statistics. From 1975-76 onwards, the information has been furnished by the Ministry of Finance in respect of Life Insurance Corporation and General Insurance Corporation but this excludes four State Insurance funds which account for less than half percent of total employment in the insurance sector.

Table 153

The table presents data on the number of banks and number of persons employed in the banking sector separately in respect of scheduled and non-scheduled banks and in regional rural banks and in the Reserve Bank of India. Information is collected by the Reserve Bank of India.

Tables 154A and 154B

These two tables give the number of persons employed in ports in India. Table 154A gives the staff strength in major, minor and intermediate ports.

Table 154B shows the data regarding number of dock workers registered with Dock Labour Board at major ports.

(1) Includes employment data of the 14 Nationalised Banks from 1970.

(2) Establishments employing 25 or more workers.

(3) Establishments employing 10 -24 workers.

(a) Central and State Breakup is not available.

Note: The figures include estimated employment for non-responding units. Upto and including March, 1965, these covers all establishments in the public sector and non-agricultural establishments employing 25 or more workers in the private sector. From March, 1966 these cover all establishments employing 10 or more workers in the private sector. For detailed notes on scope, coverage, please see the general descriptive notes to tables 131 and 136 at the beginning of the section.

(1) There may be slight differences in totals due to rounding off of the figures. From 1956 onwards, the data also include the estimated employment for factories not submitting returns. Annual estimates of average daily employment for States not submitting returns were 31 thousands for 1956 and 10 thousands for 1961. From 1971 onwards figures are based on National Industrial classification, 1970.

(a) Includes paper and paper products. (b) Included under textiles. (c) Includes beverages.

Source: Labour Bureau, Ministry of Labour

(a) Includes estimated figures of employment in factories not submitting returns.

(b) Less than 500. (c) Figures relate to erstwhile state Bombay

(d) The totals includes 2,424 working factories employing 207 thousand workers in respect of those states for which information has not been given in this table. (E) Estimated due to non-receipt of returns.

Notes: (i) Figures in brackets represent number of working factors.

(ii) Totals may not tally due to rounding off of figures.

- (1) The figures include estimated employment for non-responding units. Upto and including March, 1965, these cover all establishments in the public sector and non-agricultural establishments employing 25 or more workers in the private sector. Commencing from March, 1966 these cover all establishments employing 10 more workers in the private sector. For detailed notes on scope, coverage, please see the general descriptive notes to tables 131 and 136 at the beginning of the section.

TRADE UNIONS

Figures given in this section are based on the annual returns relating to financial years received from the State Governments and Union Territories under the Indian Trade Unions Act, 1926 upto the year 1964-65; and from the year 1965, the returns are being received on a calendar year basis. The Act applies to the entire Indian Union. The figures relating to the period 1951-52 to 1961-62 do not include Manipur, Lakshadweep, and from 1962-63 onwards do not include Lakshadweep.

The statistics relate to only those unions which have been registered under the Act. It is not obligatory on trade unions to secure registration under the Indian Trade Unions Act. Even among registered ones, the response of the unions submitting annual returns is generally less than fifty percent. Data regarding unregistered unions are not available.

TRADE UNIONS

Table 155-NUMBER, MEMBERSHIP, INCOME, EXPENDITURE AND FUNDS OF REGISTERED TRADE UNIONS

Year/State	Number of trade unions			Membership at the end of the year (000)			Income including balance carried over from previous year (Rs. lakhs)	Expenditure (Rs. lakhs)	Balance of funds at the close of the year (Rs. lakhs)

PRICES

This section presents statistics of the following items relating to prices

- (i) Index number of wholesale prices;
- (ii) Index number of Consumer prices for
 - (a) Industrial workers,
 - (b) Urban non-manual employees and
 - (c) Agricultural labourers;
- (iii) Index number of Security prices;
- (iv) Spot prices of gold and silver at Bombay.

Office of the Economic Adviser to the Government of India in the Ministry of Industry has been publishing the index numbers of wholesale prices with effect from January 10, 1942 onwards. Details of various series of index numbers of wholesale prices in India published since then along with the changes which were being carried out therein are furnished in the table below:

Index series with base	Number of Items	price quot- ati- ons	Date of introdu- cing the series	Method of Compli- cation	Formula used	Main classification
1	2	3	4	5	6	7
(1) Week- ending August 19, 1939=100	23	23	Jan. 10, 1942	Geometric Mean	-	(i) Food & Tobacco (ii) Agricultural Commodities (iii) Raw materials (iv) Manufactured articles.
(2) Year ending August, 1939=100	78	215	Jan. 1947	Weighted Geometric Mean	Laspeyres (fixed wt.)	(i) Food Articles (ii) Industrial Raw materials (iii) Semi-manufactured (iv) Manufactures (v) Misc.
(3) 1952-53 =100	112	555	April, 1956	Weighted Arithmetic Mean	-do-	(i) Food Articles (ii) Liquor & Tobacco (iii) Fuel, Power, Light and Lubricants (iv) Industrial raw materials (v) Manufactures (a) Intermediate products (b) Finished products.
(4) 1961-62 =100	139	774	July, 1969	-do-	-do-	(i) Food Articles (ii) Liquor & Tobacco (iii) Fuel, power, light & Lubricants (iv) Industrial raw materials (v) Chemicals

1	2	3	4	5	6	7
						(vi) Machinery & Transport Equipments. (vii) Manufactures (a) Intermediate products (b) Finished products
(5) 1970-71 =100	360	1290	Jan, 1977	-do-	-do-	I. Primary Articles (i) Food Articles (ii) Non-Food Articles (iii) Minerals II. Fuel, Power Light & Lubricants III. Manufactured products (i) Food products (ii) Beverages, Tobacco & Tobacco products (iii) Textiles (iv) Paper & Paper Products (v) Leather & Leather Products (vi) Rubber & Rubber Products (vii) Chemicals & Chemical Products (viii) Non-Metallic Mineral Products (ix) Basic Metals Alloys & Metal Products (x) Machinery & Transport Equipment (xi) Misc. Products

The Consumer Price Index Numbers for industrial workers and for agricultural labour are computed by the Labour Bureau, Ministry of Labour and are published in the monthly publication "Indian Labour Journal" and annual publication "Indian Labour Statistics." Index Number of Consumer Prices for Urban non-manual employees are issued by the Central Statistical Organisation and are published in their monthly publication 'Monthly Abstract of Statistics'. The Index Numbers of Security Prices in India and spot prices of gold and silver at Bombay are computed by the Reserve Bank of India and are published in their monthly publication 'Reserve Bank of India Bulletin'.

Table 159

This table presents revised (Current) series of Index Numbers of Wholesale Prices with base 1970-71=100. A brief description of the scope, coverage and the method of computation of these series is given below:

The current series of Index Number of Wholesale Prices with base 1970-71=100, introduced since January, 1977, is based on the recommendations of the Working Group on Revision of Index Numbers of Wholesale Prices in India. The series contains 360 commodities as against 218 (as redefined) in the previous series. Owing to increasing sophistication of industrial production, some of the specifications of the previous series have been added as items in the revised series with the result that number of commodities included in the previous series have been shown as 218 instead of 139 for comparing it with the revised series. The criteria adopted in the selection of non-agricultural commodities are:

(a) A large number of new industrial items have been included to reflect the strides made by the country in the industrial field, (b) Items with the total value of production of more than Rs. 1 crore as per 1965 ASI data should be included and (c) Items of which indigenous output was small but had substantial imports should be included. Actual selection of industrial items, has, however, been based on the response of the principal manufacturers and associations in the matter of furnishing relevant price data. The number of quotations included in the current series stand at 1290 as compared to 774 in the previous series. Thus, 516 additional quotations have been included in the revised series. Most of the quotations pertain to new industrial items added in the index. The number of quotations under 'Manufactured Products' has increased from 404 in the previous series to 849 in the revised series. As far as possible, specifications and markets for the previous quotations have not been changed unless the specification is no longer representative of the commodity.

System of classification:

In the previous series (base 1961-62=100), commodity classification was based on the Standard International Trade Classification with slight adjustment to suit Indian conditions. In the revised series the Standard Industrial Classification has been adopted to bring about greater uniformity with the classification adopted in some other important indices like Index of Agricultural Production and Index of

Industrial Production and also to facilitate comparison of trends in the Wholesale Price Index with trends of comparable groups and sub-groups of other indices.

In the new classification, commodities are distributed under three major groups, viz., 'Primary Articles', 'Fuel, Power, Light & Lubricants' and 'Manufactured Products'. The major group 'Primary Articles' comprise of three groups:

(i) Food Articles (ii) Non-food Articles and (iii) Minerals. In other words, the major group 'Primary Articles' is broadly comparable with two groups of the previous classification, viz., food articles and industrial raw materials with certain minor adjustments. Sub-groups, such as (a) edible oils (b) sugar, gur and allied products (c) processed food and salt which were being included in the Food Articles under the previous classification are now being shown in the group 'Food products' of the major group 'Manufactured Products' as per the Standard Industrial Classification. Like-wise raw tobacco which featured in the 'Liquor & Tobacco' group in the previous classification is now being shown under 'Non-food Articles'. The 'Non-food Articles' consist of commercial crops and other primary products which come for further processing.

The major group 'Fuel, Power, Light & Lubricants' in the current series consisting of coal, coke, lignite, mineral oils and electricity is broadly comparable with the group 'Fuel, Power, Light & Lubricants' of the previous series except that the current series excludes castor oil and rectified spirit which have been included under the major group 'Manufactured products' in the current series.

The major group 'Manufactured Products' contains 11 groups under which semi-manufactured and manufactured products have been classified. In the previous classification, the group 'Manufactures' was divided into two sub-groups (i) Intermediate products and (ii) Finished products.

Weighting System:

The weights in the current series have been allotted on the basis of value of transactions which consist of (a) value of marketable surplus in the case of agricultural commodities and value of products for sale in the case of manufactured products, (b) total value of imports (c) total value of import excise duties, if applicable. In the case of manufactured products, gross value of production of the sample sector of Annual Survey of Industries upto three digit level of classification has also been assigned or imputed to the selected commodities depending upon the sub-group/group to which this three digit level industry belongs. In the current series weights between agricultural and non-agricultural sectors have been apportioned on the basis of the average value of aggregate transaction for three years ending 1969-70 to avoid any distortion in the weights. Since the agricultural production is subject to the weather conditions and fluctuates widely from year to year, the allocation of weights among different commodities within the agricultural sector has been done on the basis of the average value of marketable surplus during the three years ending 1969-70 in respect of each commodity. Imports, import duty and excise duty, if any, have also been added.

The allocation of weights among different commodities, sub-groups and groups within the major group 'Manufactured Products' has, however, been done on the basis of production during a single year 1968-69, inclusive of excise duty and value of imports. Value of products as given in the ASI-1968 Census and sample sectors have been generally utilised for assigning weights.

Collection of prices:

Weekly price quotations for the prescribed varieties on or about each Friday are collected. As regards the nature of price quotations, they represent wholesale transactions in the primary markets for agricultural commodities and generally ex-works, ex-mine and F.O.R. destination prices for non-agricultural items. The ex-works, ex-mine and F.O.R. prices normally correspond to producers' prices rather than to wholesale prices and are inclusive of central excise duty but exclusive of sales tax and other levies. There is no change in the system of price collection between the previous and the current series.

Method of calculation:

The current series is calculated on the principle of weighted arithmetic mean as in the previous series. The price relatives are calculated as the percentage ratios which current price quotations bear to those prevailing in the base period. In other words, the price relative for each variety in a market is calculated by dividing the current price quotations by corresponding base price (1970-71) and multiplying by 100. The commodity index is arrived at as the simple arithmetic average of price relatives of varieties or quotations in different markets. The sub-group, group and the index for the major group is derived at as the weighted arithmetic mean of commodity indices. Similarly, all commodity index is computed as the weighted arithmetic mean of major group indices.

Linking factor:

The current series of index number of wholesale prices with base 1970-71=100 has been introduced from the first week of January, 1977. In order to maintain continuity in the index, it is usual to provide linking factors for the base period in respect of individual commodities, sub-groups, groups and the general index so that the revised series may be compared with the out-going one. However, since there are

different methods available for linking any two series, the choice of the method of linking the current series with the previous series has been left to the users.

The details about the scope, coverage and method of computation etc., of the current series are described in the monograph, 'A Note on the Revised Index Number of Wholesale Price in India (1970-71=100)' published by the office of the Economic Adviser in the Ministry of Industry.

Table 160

This table presents the Consumer Price Index number for industrial workers on base 1960=100 by centres. The Labour Bureau is compiling the series in respect of 50 important centres (32 Factory, 10 Plantation and 8 Mining) selected from all over the country on the basis of their respective industrial importance in consultation with the various State Governments/Union Territories. The weighting diagrams, for these centres indices were derived from the expenditure data available from the Family Budget Enquiries conducted among sampled workingclass households at each of the centres, during 1958-59 by following uniform procedure under the guidance of Technical Advisory Committee on Statistics of Price and Cost of Living. The selection of markets, shops and outlets for the collection of retail price data at each of the centres, was made on the basis of their popularity among the working class population after making on the spot investigations in collaboration with the respective State Governments and representatives of employers and employees. The methodology adopted in the computation of 1960 based series was evolved after taking into consideration the prevailing international practice. For a detailed note on the scope and method of compilation of these series, reference may be made to the December, 1962 issue of the Indian Labour Journal. Indices, in respect of all the 50 centres are being published regularly in the Indian Labour Journal.

The linking factor for estimating the all India 1949 based series from the series based on 1960= 100 is obtained by equating 100 in the 1960 based series to 121.54 in the old series Base : (1949=100) in the case of General Index and to 115.74 in the case of Food Group Index. A reference may also be made to the October, 1968 issue of the Indian Labour Journal for a detailed note.

Table 161A

This table presents Consumer Price Index Number for urban non-manual employees based on the family budget survey of the non-manual employee population, carried out in 1958-59 at 45 selected urban centres of the country. A non-manual employee family for purpose of this survey was defined as one "which derived 50 per cent or more of its income during the reference month from the earnings of its members who are gainfully occupied as employees in non-manual work in non-agricultural sectors". The weighting diagram for the consumer price index at each centre was derived from the expenditure pattern of sample families falling in the income range of Rs. 100-750 per month. These indices, measure the average change in consumer prices over time at a particular centre and cannot be used for the comparison of costliness of different centres. For details regarding scope and methodology, reference may be made to the August 1966 issue of the monthly Abstract of Statistics, published by the Central Statistical Organisation.

Table 161B

The Consumer Price Index Numbers for Urban Non-Manual Employees has been revised to the new base of April 1984-March 1985=100 and the new series has been issued from November 1987 onwards.

Table 162

This table presents consumer price index number for agricultural Labourers on base : 1960-61=100. This series on base: 1960-61=100 replaces the interim series on base: 1950-51=100. w.e.f. Sept. 1964. The weighting diagram is based on the results of the second 'All India Agricultural Labour Enquiry' conducted by the National Sample Survey during August 1956 - August 1957. For details regarding scope and method of construction reference may be made to the November, 1964 issue of the Indian Labour Journal Published by the Labour Bureau.

Table 163

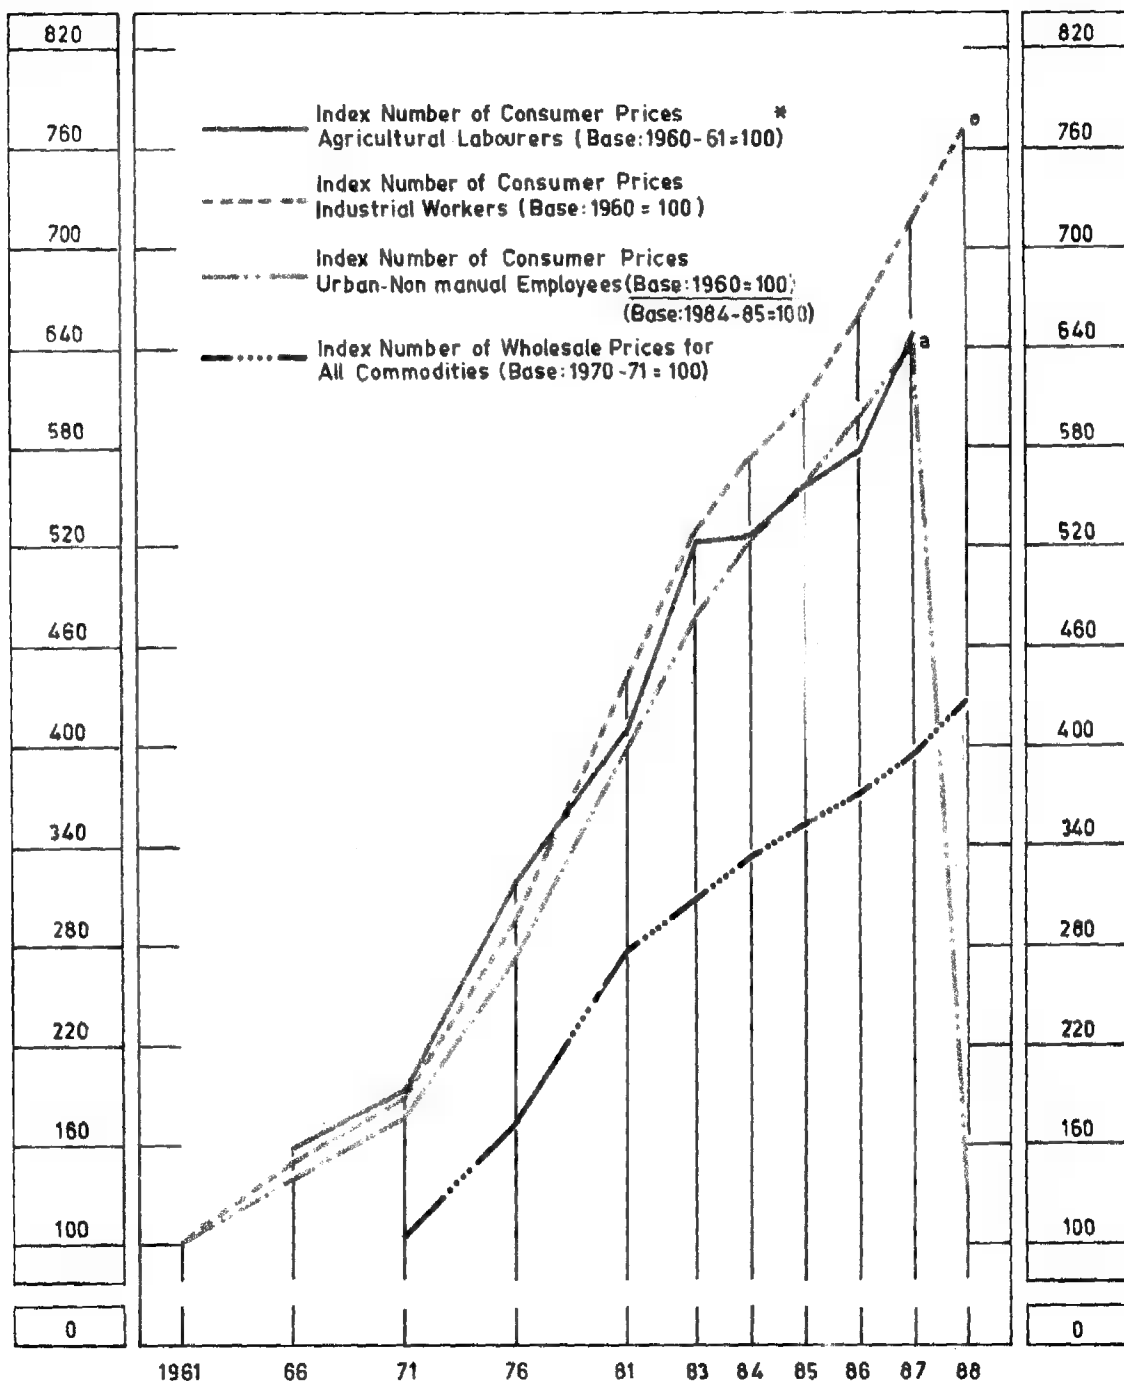

The table presents the series of index number of security prices with base 1980-81=100. The method of computation of the series is described below.

The selection of scrips is generally based upon their activity in the market and the size of their market value. The method of weighting used for the current series is similar to the one adopted for the earlier series. Weights are allocated in proportion to the amount outstanding as on March 31, 1981, in respect of Government and Semi-Government Securities and to the 'total average market value' of Ordinary Shares. For the details regarding the method of compilation of indices for current series with base 1980-81=100, a reference may be made to the article published in the July 1985 issue of R.B.I. Bulletin.

Table 164

This table presents spot prices of gold and silver at Bombay based on quotations supplied by the Bombay Bullion Association Ltd. Yearly prices are the highest/lowest quoted rates during the financial year upto 1970-71 and highest/lowest of closing quotations from 1975-76 onwards. Average prices are worked out from the closing quotations for working days. The nominal quotations for gold and silver are also included while compiling the figures.

(1) Relate to Gold Bullion upto August 27, 1963, 14-Carat Gold upto November 9, 1966 and to Standard Gold from July 10, 1967.

(2) Prices of Silver relate to 996 fineness upto 1984-85 and 999 fineness thereafter.

NATIONAL PRODUCT AND RELATED AGGREGATES

The tables presented in this section give the estimates of gross, net national product at factor cost at current and constant(1980-81) prices. The methodology and estimation procedure are explained in National Accounts Statistics, Sources and Methods, April, 1980 supplemented by the 'National Accounts Statistics' 1989, published by the Central Statistical Organisation.

Central Statistical Organisation has issued a New Series on National Accounts statistics, by changing constant base year (1970-71) to the constant base year (1980-81) and the figures presented are based on the New Series. For further details, reference may be made to CSO publications entitled, "New Series on National Accounts Statistics with 1980-81 as base year", issued in February, 1988 and 'National Accounts Statistics', 1989.

Tables 165 and 166

The estimates of net and gross national product at current and at 1980-81 prices are shown in these tables.

Tables 167 and 168

The estimates of net domestic product at factor cost by industry of origin at current and at 1980-81 prices are given in tables 167 & 168 respectively.

Tables 169 and 170

The estimates of private final consumption expenditure in the domestic market at current and at 1980-81 prices are shown in these tables.

Table 171

The table presents estimates of saving by household sector, private corporate sector and public sector at current prices.

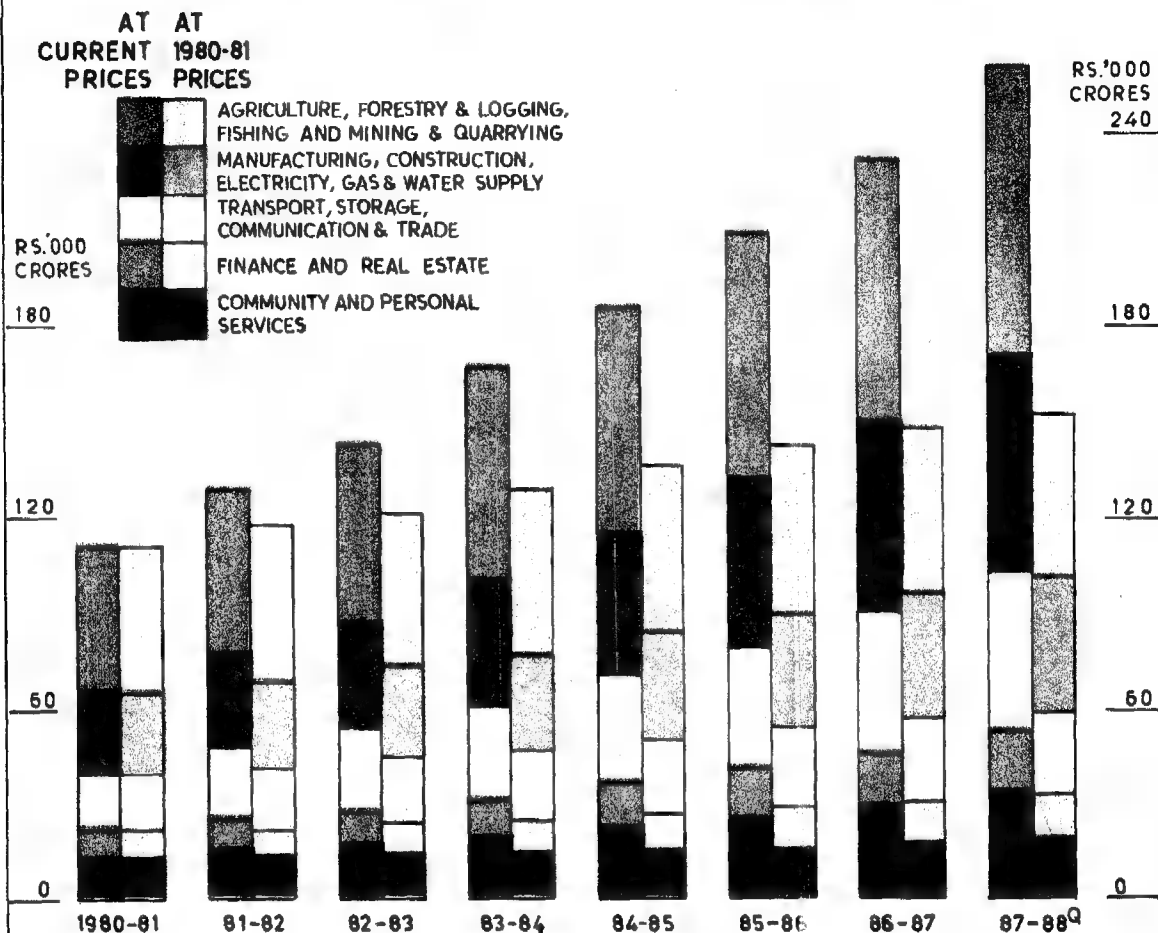

Table 172 and 173

These tables present estimates of capital formation by type of assets and by type of institutions at current prices and 1980-81 prices. These estimates are prepared by the commodity flow approach separately for construction, machinery & equipment and changes in stocks.

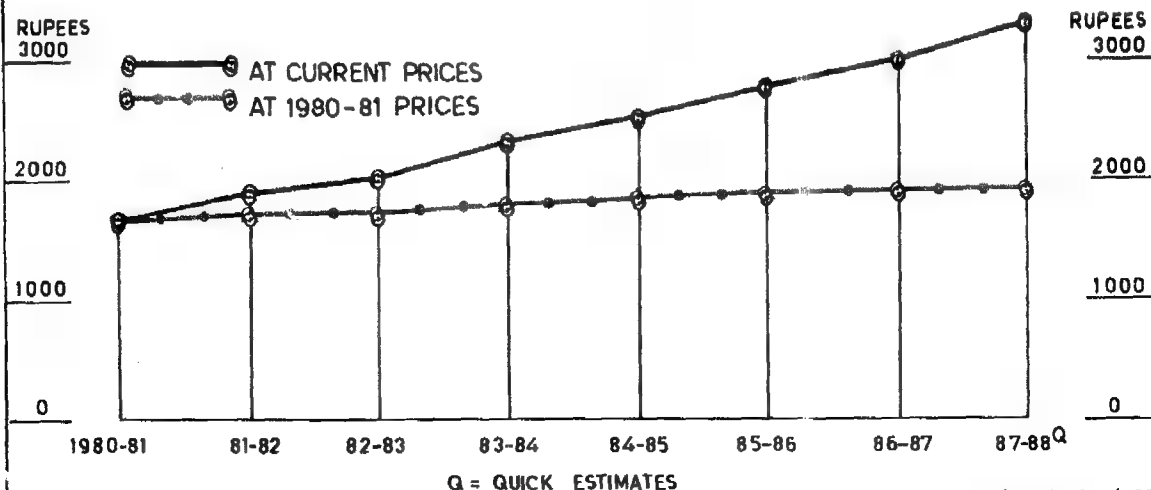

Table 174 and 175

These tables present the estimation of (i) gross domestic product, (ii) gross domestic saving at current prices, (iii) gross domestic capital formation, and (iv) final consumption expenditure for the public and private sectors and also indicate the percentage share of public sector in each of the aggregates.

(Q) Quick estimates.

NATIONAL FINANCE

The tables in this section show the budgetary position of Central Government and State Governments and economic classification of the Central Government Budget.

Tables 176 to 179

These tables respectively show the Revenue and Capital receipts and expenditure of the Central Government and State Governments. Since the data presented in these tables are in conformity with the revised classification of the various heads, they are not comparable with those presented in earlier issues of the Statistical Abstract.

Table 180

This table gives a summary statement of the revenue and the expenditure on revenue account of Central and State Governments. Revenue comprises proceeds from taxation and other receipt classed as revenue, excluding borrowings, small savings, foreign aid, etc. The expenditure met from the revenue is treated as expenditure charged to revenue. The net result of above transactions represents the surplus or the deficit for the year on revenue account. The table presents data for the Central Government and those States which correspond to the reorganized set up.

Table 181 to 183

Detailed figures of receipts and expenditure respectively on collection of customs, union excise duty, corporation tax and taxes on income tax other than corporation tax have been published (in the previous issues of Statistical Abstract) for the period upto 1975-76. These detailed data were being supplied by the office of the Comptroller & Auditor General of India. Consequent upon the Departmentalisation of Accounts, compilation of the above data was discontinued with effect from 1976-77. As a result these tables could not be updated with the data for 1976-77 and onwards. Departmentalisation of Accounts also necessitated revision in the system of classification and presentation of data on the subject. In view of this, the revised tables 181 to 183 have been included presenting data on annual basis for 1975-76 and onwards as available after Departmentalisation of Accounts from the Central Excise & Customs and Central Board of Direct Taxes.

Table 184

Ever since 1957-58 an economic classification of the Central budget is being prepared by Economic Division of the Ministry of Finance. The system of Accounts given in this table analyses various aspects of the Central Government's transactions vis-a-vis rest of the economy. Some of the significant magnitudes emerging from the analysis are:

- (a) the Central Government's total expenditure;
- (b) the Central Government's final outlays;
- (c) Capital formation out of the budgetary resources of the Central Government;
- (d) Net Capital formation and savings of the Central Government;
- (e) the various measures of deficit in the Central Government's budgetary transactions; and
- (f) Income generation by the Central Government.

The symbols used in this chapter are:

(1) Excluding Treasury bill receipts.

(2) Excludes conversion of ad-hoc treasury bills of Rs.50 crores in 1965-66, Rs.75 crores in 1970-71, Rs.100 crores each in 1975-76 and 1980-81 into dated securities.

(3) Mostly sold to Reserve Bank of India.

(a) Including accounting adjustments relating to write off of Rs.938.3 crores of loans advanced to State Governments prior to 1979-80 in pursuance of the recommendations of the Seventh Finance Commission.

(b) Includes notional expenditure/receipt of Rs.588.2 crores on account of subscription payable to International Monetary Fund in the form of securities and special drawing rights.

(c) Excludes Rs.400 crores of loans to State Governments to clear their over drafts as on March 31, 1983.

(d) Excludes Rs.1,628 crores of medium-term loans to State Governments to clear their overdrafts.

(e) Total of financing items will not add up to overall deficit vide footnotes (c),(d) and (e) in respect of the years 1983-84 and 1985-86.

* Including effects of budget proposals post budget tax concessions are not adjusted.

Note: I. The data from 1975-76 onwards given in Tables 176 and 177 are not strictly comparable with those for earlier years due to changes in budgetary classification.

II. Figures in brackets exclude the effects of budget proposals.

(1) Since break-up of items like capital outlay on general economic services, scientific services and research housing and urban development, social security and welfare are not available separately upto 1970-71 they have been included under this head.

(2) Comprise outlay on Defence and general services like India Security Press, Currency, Coinage and mint (including subscription to I.M.F. etc.)

(a) Figures are not separately available.

(b) The figures relating to these items are included under other economic services since the break down is not available for the period 1965-66 to 1970-71.

(c) Includes notional receipt/expenditure of Rs.588.2 crores on account of subscription payable to International Monetary Fund in the form of securities and Special Drawing Rights.

(d) Excludes Rs.400 crores of loans to State Government to clear their overdrafts as on 31 March 1983.

(e) Excludes Rs. 1,628 crores of medium-term loans given to states to clear their overdrafts.

(f) Includes Rs.400 crores each in 1985-86 and 1986-87 towards investment in nationalised banks.

(g) Includes special area programmes.

(h) Includes Rs.250 crores of Railway Capital to be financed through bonds.

(i) Includes Transport only.

(j) Since the break-up into developmental and non-developmental is not available, the outlay is included under 'others' in non-development outlay.

INCOME TAX

Statistics presented in this section relate to returned income in respect of all returns with taxable income received by the income tax department for the relevant assessment years. The coverage of income tax statistics published earlier (upto 1983-84) was limited to the number of assessment forms received for tabulation by the Directorate of Inspection, Department of Income Tax. Earlier issues of the publication may be referred for the income tax statistics upto 1983-84.

The number of returns shown are those returns declaring incomes above taxable limits relating to relevant Assessment Year (AY)

Returned income: Income returned by the assessee namely the 'total income' as given in the return.

Tax Payable: Tax including surcharge on returned income.

Tables 185 and 186

These tables analyse the returned income and tax payable according to the different status of assessees viz., (i) Individual, (ii) Hindu undivided family, (iii) Firm, (iv) Company and (v) Others (Association of Persons and un-registered firms etc).

Table 185 gives such details on All India basis for assessment years 1984-85, 1985-86, 1986-87 and 1987-88 with income range-wise details for 1987-88.

Table 186 gives state-wise details by different status of assessees for the year 1987-88 of income returned, tax payable etc.

Table 187

The table analyses number of returns, gross income and gross tax for the assessment year 1987-88 according to source of income. An assessee having income from more than one source is included under each one of the sources from which the income is derived.

Table 188

This table presents number of returns, amount of deductions claimed and total relief by nature of deductions for the assessment year 1987-88.

Table 189

This table presents rate of tax for assessment year 1988-89.

Table 190

The table analyses the number of returns, gross income and gross tax payable from business and profession by nature of business for non-company and company for the assessment year 1987-88.

EXCHANGE, COINAGE AND CURRENCY

This section presents data on exchange and money rates, price of bullion and government securities, coinage and currency. The sources of data regarding coinage are the Mint Masters of the Bombay and Calcutta Mints and for the other tables the Reserve Bank of India.

Table 191

This table provides data regarding Money Rates in India which are defined as the rates at which the various classes of banks in the country are prepared to discount or rediscount bills of exchange, to give loans and advances, or to accept deposits. Various money rates mentioned in this table are described below:

Reserve Bank of India

Bank Rate- The standard rate at which the Reserve Bank of India is prepared to buy or rediscount bills of exchange or other commercial paper eligible for purchase under the Reserve Bank of India Act, 1934. The Reserve Bank's first official Bank Rate, viz., 3.5 per cent was announced on July 4, 1935 and this rate remained unchanged till November 28, 1935 when it was lowered to 3 percent. The Bank rate was changed to 3.5 percent on November 15, 1951, to 4 percent on May 16, 1957, to 4.5 percent on January 3, 1963, to 5 percent, on September 26, 1964, to 6 percent on February 17, 1965, to 5 percent from the close of business on March 2, 1968, to 6 percent with effect from the close of Business on January 8, 1971, to 7 percent with effect from the close of business on May 30, 1973; to 9 percent with effect from the close of business on July 22, 1974; and 10 percent with effect from the close of banking business on July 11, 1981.

State Bank of India

Discount Rate- The rate at which the State Bank of India discounts first class three month commercial bills.

Advance Rate- The Bank's prime lending rate, which regulates all interest rates for the various categories and classes of advances granted by the Bank.

Demand Loan Rate- Basic advance rate at which the State Bank of India grants demand loans to scheduled commercial banks against Government securities. Call loans to co-operative banks against Government securities are granted at a rate lower than call loan rate to other commercial banks.

Other selected major Scheduled Commercial banks

Call Money Rate- Relates to inter-bank advances repayable on call at the option of the lender. Deposits requiring prior notice of any type for repayment are not included while over-night deposits are included.

Bazar Bill Rate- Rate at which bills of small traders are reported to have been discounted by shroffs. These are unofficial quotations supplied by the State Bank of India.

Table 192

Prices of Silver- Relate to spot quotations showing highest, lowest, average prices of silver in London, New York and Bombay. Average prices are the average of closing quotations for working days.

Table- 193A

Number and value of coins minted- Figures relate to coins minted by India Government Mints, Bombay and Calcutta. Indian mints have also minted coins for foreign countries like East Africa, Sri Lanka Bhutan, Malaysia, Straits Settlements, Iraq and Egypt, the figures for the number and value of which are shown in brackets. Coins have been classified according to their metal content described as under.

Pure Nickel- Includes rupee, half rupee and quarter rupee coins. However, with the introduction of metric system, pure nickel 25 naya paise and 50 naya paise were first struck in 1957-58 and in 1960 respectively. This also includes 1 Rupee and 50 paise coins struck in 1964 (in English) and 50 paise only in Hindi in November 1965 in commemoration of Shri Jawaharlal Nehru and 1 rupee and 50 paise coins introduced in October, 1969 in commemoration of Mahatma Gandhi Birth Centenary.

Nickel Brass- Includes one naya paisa coins from 1961-62 upto 1965-66 and then discontinued.

Cupro-Nickel- Includes 10 naya paise, 5 naya paise and 2 naya paise introduced on 1st April, 1957.

This also includes 50 paise and 25 paise introduced in January, 1972 and 50 paise commemorative, coins introduced on the occasion of the 25th Anniversary (Silver Jubilee) of India's Independence in August, 1972 in addition to 50 paise coins with development oriented designs introduced on 15 August, 1973. This also includes 2 rupee and 50 paise coins (ix Asian games, Delhi) introduced on 3-12-82 and 1 rupee and 50 paise (National Integration) coins introduced on 20-12-82. On the occasion of International Youth year 1985 Proof Coins having the denominations of 10 Re. and 1 Re. were minted/introduced in the year 1986-87 and uncirculated coins having the denomination of Re. 10 was minted/introduced in the year 1986-87 and 1987-88.

Bronze- Includes single piece and one naya paise pieces. Bronze naya paise coins were introduced on 1st April, 1957.

Aluminium Magnesium- Coins of this metal were first introduced in 1964-65, and it includes, 1 paise, 2 paise, 3 paise and 5 paise coins. 1 paise coins were introduced in October, 1965, 2 paise coins in July, 1965; 3 paise coins in October, 1964 and 5 paise coins in January, 1967 and 10 paise coins in October, 1971 and also includes 10 paise with development oriented designs (Planned Families-Food for All) coins introduced from the 15th August, 1974. This also includes 20 paise and 10 paise (National Integration) coins introduced on 12-10-82.

The term 'Naya paise', was changed to 'Paise' from 1st June, 1964.

Aluminium Bronze- Includes 10 paise and 20 paise coins introduced in December 1968, also includes 20 paise coins introduced in October, 1969 in commemoration of Mahatma Gandhi Birth Centenary and also to mark the 25th anniversary of the Establishment of Food and Agriculture Organisation in October, 1970.

Silver-alloy- Includes 10 rupee coins introduced in commemoration of Mahatma Gandhi Birth Centenary in October, 1969 and to mark the 25th anniversary of the establishment of Food and Agricultural Organisation in October, 1970. This also includes 10 Rupees commemorative coins minted on the occasion of the 25th Anniversary of India's Independence in August, 1972 in addition to the denomination of 20 rupee and 10 rupee coins with development oriented designs introduced on 15th August, 1973. On the occasion of International Youth year 1985 - 100 Re. Proof coins was minted/introduced in the year 1986-87 and 100 Re. uncirculated coins were minted/introduced in the years 1986-87 and 1987-88.

Table 194

Statistics of Note Circulation in India- Figures are as on the last Friday of March each year except for 1982-83 where figures relate to March 31.

Notes in Circulation- Comprise the notes held outside the Reserve Bank, i.e. by the public, banks, treasuries, etc. One rupee notes and coins issued by the Government of India are excluded.

Gold coins & bullion and foreign securities- As required in Section 33(2) of the Reserve Bank of India Act, the aggregate value of the gold coin, gold bullion and foreign securities held in the Issue Department at any time should not be less than Rs. 200 crores. Of this, the aggregate value of the gold coin and gold bullion should not be less than Rs. 115 crores.

Foreign Security- Represents securities payable in the currency of any foreign country which is a member of the International Monetary Fund.

Rupee Coin- Represents the face value of the whole rupees held at the offices of the Issue Department of the Reserve Bank of India and in currency chests at offices and branches of the Bank and its agencies and sub-agencies including Treasury agencies. Since July 1940, rupee coin holdings include one rupee notes issued by the Government of India under the Currency Ordinance, 1940. Mahatma Gandhi Birth Centenary ten rupee silver coins and World Food & Agriculture Organisation commemorative ten rupee silver coins and Independence Day Silver Jubilee ten rupee coins issued by the Government of India in October, 1969, October, 1970 and August, 1972 and two rupee coins issued since November 1982 are also included.

Government of India rupee Securities- These are securities of any maturity issued by the Central Government in respect of public loans and also include rediscounted treasury bills and Government of India adhoc treasury bills issued to the Reserve Bank. The securities are valued yearly at the market rates on the last working day of the month of June.

Table 195

Money Stock Measures (M1) consist of currency with the public (notes and coins in circulation less cash in hand with banks) and deposit money of the public.

Notes- Comprise the notes issued by the Government of India upto April 1935 and the Reserve Bank since then, less the notes held in the Banking Department of the Reserve Bank. These comprise therefore, the notes held outside the Reserve Bank i.e., by the public, banks, treasuries, etc., and are net of return of about Rs.43 crores of Indian notes from Pakistan upto April 1985.

Rupee coin- As in the case of notes, holdings in the Banking Department of the Reserve Bank of India are excluded, but rupee coin held by Government Treasuries as part of Treasury balances and those held by banks have been included. Ten rupees commemorative coins, issued since October 1969, two rupees coins issued since November 1982 and five rupees coins, issued since November 1985 are also included under rupees coins. Figures are also net of an estimated amount of Rs.15 crores of Indian Rupee Coin in circulation in Pakistan.

Small coins- The circulation of small coins as presented in table 194 includes also small coins held by the Government, Treasuries and banks. As in the case of rupee coins, holdings of small coins in the Banking Department of the Reserve Bank of India are excluded. Figures relate to the last day of the period.

Cash in hand with banks- Relates to such holdings of commercial and co-operative banks coming under the purview of the Banking Regulation Act, 1949.

Table 196

Absorption of small coins- Figures relate to the Indian Union.

Notes:

1. Data are exclusive of balances held in Banking Department.
2. Data relating to return of Anna-Pie coins have not been taken into account due to non-availability of comparable data for some periods. Error on account of this is negligible.

CRIME STATISTICS

This section includes tables providing statistics of crime in India. The statistics are collected by the Bureau of Police Research and Development, Ministry of Home Affairs till 1983 publications and National Crime Records Bureau, Ministry of Home Affairs from 1984 publication onwards, from the Police Authorities of the State Governments. All India information relates to the sum-total of available data of States only and is, therefore, subject to revision.

Table 197

This table presents the incidence of IPC crimes under important heads of crime. The incidence of theft includes cattle theft and ordinary theft. The incidence shown under 'other' includes kidnapping and abduction, criminal breach of trust, cheating, counterfeiting and miscellaneous crime.

Tables 198 and 199

These tables provide statistics of cognizable crimes classified by cases and by persons separately. Table 198 gives the disposal of cases by courts and table 199 gives the disposal of persons by courts.

Table 200

This table gives information relating to 'Recidivism-total cognizable crime'.

Table 201

Information relating to value of property stolen and recovered is given in this table.

Tables 202 to 207

These tables present data relating to juvenile delinquency in India.

Table 208

Information relating to number of persons arrested under important heads of crime and classified according to sex, is given in this table.

Table 209

This table presents number of cases reported due to various motives of murder and culpable homicide not amounting to murder.

Tables 210 and 211

The actual strength both armed and civil police, as on 31st December of the year stated, under different ranks, is furnished in table 210. The information relating to civil police also includes district armed reserved police. Table 211 gives information relating to area and number of persons served by police force.

ACCIDENT STATISTICS

This section presents tables relating to accidental deaths and suicides in India. The source for these data is the Bureau of Police Research and Development, Ministry of Home Affairs till 1983 publications and National Crime Records Bureau, Ministry of Home Affairs from 1984 publication onwards, which obtains information from Police Authorities in different States. All-India information relates to the available States only and is, therefore, subject to revision.

Table 212

This table shows the incidence of accidental deaths in different States, Union Territories and important cities. The causes of accidents have been classified into two broad categories viz. (i) accidents due to acts of God such as lightening, heat strokes, landslides, etc. and (ii) accidents due to other causes as mishaps in factories, air crashes, railway accidents etc.

Table 213

This table presents statistics of suicidal deaths classified according to sex and age-group and also by causes of suicides. Among the causes of suicides despair due to dreadful diseases, quarrel between married partners and with parents-in-law, and love-affairs are some of the major causes.

ACCIDENT STATISTICS

EDUCATION

The academic year for the tables in this section is taken to coincide with the financial year, ending 31st March.

Table 214

This is a summary table giving data regarding educational institutions, scholars and expenditure on education. Thus this table gives a general idea of the educational development in the country from 1950-51 onwards. Direct expenditure means expenditure directly connected with the maintenance of an institution viz. salary of teachers and other recurring expenditure. Indirect expenditure means all expenditure on inspection, direction, buildings, furniture, scholarships and other miscellaneous items. Its nature is such that it cannot be apportioned to each type of institution.

Table 215

This table shows the number of recognised educational institutions by various types.

Table 216

This table gives number of scholars by stages of instruction broadly categorised as below:

- (i) Colleges for general education.
- (ii) Colleges for professional and special education.
- (iii) Schools for general education.
- (iv) Schools for vocational/professional education.
- (v) Schools for special education.
- (vi) Schools for other education.

Special education includes mainly reformatory schools, schools for handicapped and jail schools. Institutions for fine art including music and dancing and social work which were formerly included under special education, from 1964-65 were included under professional education. Institutions of adult education and oriental studies have been included under other education.

Table 217

This table shows the number of institutions and scholars in rural areas i.e. the areas outside limits of municipal, cantonment and notified small-town committees.

Table 218

This table gives the expenditure on educational institutions by sources from which the finances are drawn. The sources of finances are mainly Government funds, Districts Board funds, Municipal funds, fees and endowments, etc. In calculating the expenditure from Government, District or Municipal Board funds, all payments or contributions from fees or other sources, which are credited to these funds are deducted.

Table 219

This table shows direct expenditure by type of educational institutions and indirect expenditure on all educational institutions. Indirect expenditure represents the amount incurred on direction, inspection, buildings, furniture, scholarships, hostels and other miscellaneous items.

Table 220

This table shows the number of total and women teachers engaged in teaching at different stages of education in recognised institutions, viz. primary, secondary and also in technical and special schools and in colleges and universities. Teachers in schools for general education are classified as trained and untrained.

Table 221

This table shows the progress of educational facilities to scheduled castes and scheduled tribes. The number of pupils shown here are inclusive of those reading in institutions, meant for all communities. The number of pupils given in this table are also covered in earlier tables.

Table 222

This table shows the total literate population and literacy rate in India, according to sex as recorded in 1981 Population Census and excludes the information in respect of Assam.

- (1) From 1964-65 onwards includes institutions of national importance and institutions deemed as universities.
- (2) From 1964-65 onwards, includes polytechnics which were previously included under schools.
- (3) Includes colleges for Applied Art, Physical Education, Journalism and other colleges for professional and technical education such as music, dancing and other fine arts, other education, etc.
- (a) Includes medicine allopathy, ayurveda, unani and homeopathy, dentistry, nursing, midwifery, compounding, Pharmacy and Public health. F Decrease due to data of dentising nursing compounding have been included in others.
- (b) Includes Business Management and Intermediate colleges. # Decrease due W.B. was reporting 11boards where there are 2 such boards.
- (c) Includes 3,152 intermediate institution of Uttar Pradesh which were earlier shown as Hr.Sec.
- (d) Excludes the data of Andhra Pradesh higher education. Decrease due to data of dentistry, nursing, compounding have been included in others.

EDUCATION

(4) Includes Post Basic, Higher Secondary, Higher Senior Basic and Middle Schools.

(5) Includes Junior Basic, Basic Primary, Single teachers Primary & Primary Others.

(6) Includes Universities and Boards of education also.

(e) Owing to the grouped presentation of data on schools for vocational, professional and other education, since 1964-65 by Ministry of Education, detailed break up on schools such as Teacher's Training, Medicine and Veterinary Science, Handicapped and Adult (Social) Education, etc. has to be discontinued. Details for the years upto 1960-61 are, however, available in the earlier issues of the abstract.

(f) Excludes Social Adult Education Centres.

(3) Excludes population in age group 0-4.

(a) Excluding Jammu & Kashmir, Pondicherry and North-East Frontier Agency (NEFA).

(*) Excludes population of that portion of NEFA where All India Census Schedule was not canvassed.

Note: Literacy rates for 1951, 1961 and 1971 are not comparable with 1981 census as these rates have been worked out on the then jurisdiction which was in existence.

NEWSPAPERS AND PERIODICALS

This section presents information in respect of newspapers and periodicals which is based on the data collected under the authority of the Press and Registration of Books Act and are available in the Annual Report of the Registrar of Newspapers for India namely "Press in India". The definitions of the terms used in the tables in this section are given below:

Newspaper	Newspaper means any printed (including cyclostyled) periodical work containing public news or comments on public news.
Periodical	A newspaper appearing at an interval of a week or more.
Other Periodical	Periodicals other than daily, tri-weekly, bi-weekly, weekly, fortnightly, monthly, quarterly and annual.
Periodicity	Time gap between two issues of newspaper (daily, weekly, fortnightly, monthly, etc.)
Daily	A newspaper issued at least four times a week.
Circulation	Average number of copies sold and distributed free per publishing day.
Other languages	Languages other than the printed languages included in the 8th Schedule of the Constitution of India and English.

PUBLIC HEALTH STATISTICS

Available information concerning public health statistics in India, is shown in the tables under this section. Data in greater detail are published by Ministry of Health and Family Welfare, Government of India and the various state authorities in the form of periodical reports. The information relates to all the Indian Union, unless otherwise specified. The figures for the latest available year are shown in greater detail. Corresponding figures for the earlier years are shown in totals only.

Table 226

This table shows the number of hospitals and dispensaries and the number of beds available.

Table 227

This table gives the actual number of medical practitioners in 'Allopathy', registered with the 'Medical Councils' in the states. Information relating to states, where there are no 'Medical Councils', has not been included.

Table 228

This table gives the actual number of nursing personnel registered with 'Nursing Councils or Boards' according to different categories.

Table 229

Data concerning number of mental hospitals, beds, patients admitted and discharged, etc (state-wise) are shown in this table. For the column on patients discharged, only total number is given and the break-up by cured and otherwise is not shown.

Table 230

The figures of Family Welfare Statistics, given in the table are based on the information received from the various States/Union Territories and as compiled by the Department of Family Welfare. While working out the rates per thousand population by methods, the population has been estimated in the light of 1961 and 1971 census for the year 1965-66 and 1970-71. From 1975-76 onwards, estimates of population were arrived at by taking into account 1971 and 1981 census figures.

Number of conventional contraceptive users is worked out by dividing the off-take of contraceptives by the average number necessary for a couple for use in any year (Condoms: 72, Diaphragms: 2, Jelly/Cream Tubes: 7 (3 in case of Delfin Cream tube of increased capacity and efficacy i.e 100 gms with a dosage of 2.5ml. for one year 1987-88) and Foam Tablets 72-Oral Pills: 13 cycles.

(a) January 1965 to March 1966.

(b) Relates to conventional contraceptive users and oral pill-Users from 1975-76 onwards.

(c) Includes 720556 c.c. users under full cost commercial sales of condoms.

HOUSING

This section contains information on housing in India. Tables 231, 232 and 236 are based on data collected in the National Buildings Organisation, Ministry of Urban Development. Table 233 is based on National Sample Survey, 22nd round (July 1967-June 1968), Report No. 171 and 23rd round (July 1968-June 1969), Table 235 is based on NSS 18th round (February '63-Jan. '64), Report No.170 and 15th round (July 1959-June 1960) and Report No.146 issued by the Department of Statistics, Government of India. Table 234 is based on data collected at the house listing operation of the Population Census of India 1971 and National Sample Survey 19th round (July 1964-June 1965) Report No.195.

Table 231A and 231B

These tables give data on 'Investment in residential and non-residential buildings' during 1980-81 by various Central and State Public Sector agencies including Public Undertakings for each State and Union Territory.

The data relate to 50 Divisions out of 77 construction divisions of C.P.W.D., Central Public Sector Undertakings including nationalised banks, RBI and Port Trusts, etc. 2 manufacturing units and 8 zonal railways. The coverage in M.E.S. was about 4/5th and in P & T about 37%. In regard to State sector, data relate to 12 states and 2 Union Territories, whose coverage is too, not full.

Railways and some other Central agencies do not provide statewise break-up of the investment on construction and, therefore, the total investment by these agencies shown separately under the head 'Buildings by other agencies'.

Table 232

The table presents for each State and Union Territory the construction of dwellings of different types 'completed' during 1980-81 and 'in progress' at the end of 1980-81 for various Central and State Public Sector agencies including Public Undertakings. The coverage of data is the same as in table 231A and 231B.

Table 233

The table presents for each State and Union Territory the construction rate of estimated number of pucca houses completed per thousand of rural population according to size of the village.

A pucca house is one whose walls and roof are at least made either of oven-burnt bricks, stone, cement, concrete or timber. Tiles, galvanised iron and/or asbestos cement used in the construction of roof were regarded as pucca material. In some states, such materials as cement plastered reeds, called jack board are used for construction of wall, roof etc. These materials were also regarded as pucca materials.

The table is based on data collected by the National Sample Survey Organisation in its 22nd and 23rd round in NBO's sponsored scheme on 'Survey of dwellings in rural areas'.

Table 234

The table provides number and average size of households, number of dwellings, number of room per household, distribution of households according to the size of dwellings and number of persons per room.

This table is based on 20% sample of data collected at the house listing operation of 1971 census. The density of occupation is based on the National Sample Survey Report No.195 (July '64-June'65).

Table 235

The table gives data about housing condition and amenities available to urban and rural house hold and condition of structure, age of structure, facilities of piped water, electricity, bathroom and toilet. The table is based on data collected by National Sample Survey in fifteenth and eighteenth rounds for age of structure and bathroom facilities and 28th round for other.

Table 236

The table indicates number of building permits and completion certificates issued in municipal areas in private sector. The series have been built up from 1961 onwards. For the years 1961 and 1966 data relate to private construction in municipal towns with population of 75,000 and above as per 1961 census. From 1971 onwards, data relate to all municipal towns with population of 1,00,000 and above as per 1971 census. For the towns for which data were not available, the number of building permits/completion certificates issued have been estimated by applying the average rate of the last three years relating to the concerned state.

Table 237

The table indicates percentage share of classes of towns in Housing and Building projects completed in private sectors during 1980-81.

* For 1961 to 1965, data for Haryana and Chandigarh are included in Punjab.

Notes:

1. Upto the end of year 1970, data relate to private construction in municipal towns with population of 75,000 and above as per 1961 Census. From 1971, data pertain to all municipal towns with population of 1,00,000 and above as per 1971 Census.
2. There is no major town coming under the coverage given above in Himachal Pradesh, Meghalaya, Nagaland, Tripura, A. & N. Islands, Arunachal Pradesh, Dadra & Nagar Haveli, Goa, Daman & Diu, Lakshadweep, Mizoram and Pondicherry. Hence these States/Union Territories are not included in the above table.
3. Estimates are based on replies to a main questionnaire issued to the municipalities. In case of non-responding municipalities, estimates have been arrived at by applying the average rate for the last three years relating to the concerned state.

HOUSING

Table 237- PERCENTAGE SHARE OF CLASSES OF TOWNS IN HOUSING AND BUILDING PROJECTS COMPLETED IN PRIVATE SECTOR DURING 1980-81

Serial number	Class of towns	Number of buildings completed	Floor area	Dwellings added
1	2	3	4	5
1.	I	54.9	75.5	72.3
2.	II	13.7	7.9	10.0
3.	III	16.9	5.9	9.2
4.	IV	7.5	7.1	4.1
5.	*	7.0	3.6	4.4
Total		100.0	100.0	100.0

Source: National Buildings Organisation, Ministry of Urban Development

* Unclassified.

Note: Percentages are worked out from estimates prepared on the basis of data received from some of the local bodies.

LOCAL BODIES

The term 'Local Bodies' refers to such institutions of Government which carry on the local affairs viz., Corporations, Municipalities, Notified Area Committees, Town Area Committees, District Boards, Panchayats etc. This section, however, presents data regarding income and expenditure of municipal corporations only. The information has been supplied by the individual corporations.

Municipal Corporations are relatively the most developed form of local Self Government and have generally been established in metropolitan areas or big cities. By and large these have been constituted under specific legislative enactment. With growth of cities, corporations have been established in number of towns. They have wider powers and they enjoy more autonomy than the other local bodies. The chief executive authority of a corporation is the Commissioner who is independent of the elected body. The corporation elects its Mayor and Deputy Mayor out of the elected members.

Table 238

This table provides data regarding income of municipal corporations by financial resources, namely (a) tax revenue and (b) non-tax revenue. The tax revenue, by and large, consists of the taxes on:

- (i) Property
- (ii) Service
- (iii) Octroi
- (iv) Terminal
- (v) Trade & Callings
- (vi) Animals and Vehicles
- (vii) Toll
- (viii) Miscellaneous

The Non-tax revenue generally comprises the following items:

- (i) Government grants
- (ii) Rents from municipal properties
- (iii) Revenue from municipal utilities and undertakings
- (iv) Licence and various other fees including those from municipal institutions
- (v) Interest on municipal investments, and
- (vi) Fines.

Table 239

This table presents data about the expenditure of municipal corporations which generally comprises the following items:

- (i) General Administration ■ Collection of Revenue
- (ii) Public Health
- (iii) Safety and Convenience
- (iv) Education
- (v) Public Works
- (vi) Miscellaneous

Table 240

This table gives the number of panchayats, panchayat samities, zila parishads and villages covered under Panchayati Raj as on 31st March of the year stated. The rural population covered by these local bodies has also been shown.

- (1) There are no Panchayat Raj Institutions. However, there are traditional councils of village elders in these states/UT, out of which 622 are in Mizoram and 980 are in Nagaland.
- (2) Figures relate to 1981-82. (3) Figures relate to 1982-83.
- (a) Excludes 8373 Gram Panchayats of Karnataka, which are under Administrators control, 107 Panchayats of Manipur, which have been dissolved and 13097 Panchayats of Tamil Nadu, which have been superseded.
- (b) Excludes 175 Panchayats samities of Karnataka, which are under Administrator's control, 5 Panchayat samities of Manipur, which have been dissolved, 118 Panchayat samities of Punjab, which have been superseded and 378 Panchayat samities of Tamil Nadu, which have also been superseded.
- (c) Excludes 12 Zila Parishads of Punjab which are under supersession.
- (d) At sub-divisional level. (e) Non-statutory body.
- (f) Under supersession. However Administrators have been appointed to look after functioning of these

ELECTORAL STATISTICS

This section provides results of the election to both Houses of the Parliament and to the State Legislative Assemblies and Councils, bringing out broadly the salient features of the electorate in the country.

Under the Indian Constitution there shall be a Parliament for the Union of India consisting of the President and two houses to be known respectively as the Council of States (Rajya Sabha) and the House of People (Lok Sabha). Similarly in each State there shall be a legislature consisting of either one House known as the Legislative Assembly (Vidhan Sabha) or two houses known as the Legislative Council (Vidhan Parishad) and the Legislative Assembly (Vidhan Sabha). The election to the House of People and to the Legislative Assemblies of every State shall be on the basis of Universal adult suffrage; that is to say every person who is a citizen of India and has attained the age of 18 years, if not otherwise disqualified, shall be entitled to be a voter at any such election.

The Legislative Assembly of each State is to be composed of members chosen by direct election. The total number of members in the legislative Assembly of State shall not in any case be more than 500 or less than 60. While Special Provisions have been made to provide for 40 seats in the Legislative Assemblies of the states of Goa and Mizoram respectively. Similarly for the Union Territory of Pondicherry provision has been made in the constitution to provide for 30 seats in the Legislative Assembly. The strength of the electoral college of the Union Territories is laid down in the provisions of the Representation of the People Act, 1950.

Representation in the Legislative Council of each State, where there is such a Council will be confined to Local Authorities, University Graduates and Teachers, Nominees of the Government and elected representatives of the Legislative Assembly.

Tables 241 and 243

These two tables show the number of voters and seats in each State for the purpose of election to the House of People and the Legislative Assemblies respectively.

In these two tables, column 3 shows total number of electors (voters) in all constituencies whereas column 4 shows the number of votes polled. The percentage of votes polled to total votes in contested constituencies is shown in column 6. This indicates the extent to which the voters exercised their franchise. The difference between "votes polled" and "valid votes polled" shows the number of votes which were polled either wrongly or were rejected.

Table 242

This table is being introduced to depict the composition/allocation of seats in the Rajya Sabha.

Table 244

This table shows the number of seats in the Legislative Councils and the number of constituencies in the State Legislative Council for the purpose of the election.

Table 245

This table shows Statewise number of valid votes polled, percentage of valid votes polled and seats won according to parties for the Election to the Lok Sabha in 1984.

Table 246

This table gives the Statewise expenditure incurred on (i) preparation of electoral rolls and (ii) conduct of election for Election to the Lok Sabha in 1984.

Source: Election Commission of India

(a) The first General Election in the country was held from October, 1951 to March, 1952. At that time there were three types of constituencies, single member, two member and three member, number of votes polled are not available for General Election 1952, and as such number of valid votes have been indicated in column (4).

(b) In the second General Election, there were two types of constituencies- single member and two member. The figure 123,461,815 includes number of votes polled in two member constituencies.

(c) In the third and subsequent General Elections, all constituencies are single member.

(d) Excluding one seat for North East Frontier Tract filled by nomination.

@ Out of 542 seats only 527 seats were filled. Poll was not held in 12 constituencies in Assam, 1 constituency each of Meghalaya, Ladakh (J. & K.) and Mandi (Himachal Pradesh).

DV- Votes in contested constituencies including two/three votes for each elector in two/three member constituencies. CE- Electors in the contested constituencies only. TE-Total Electors.

ELECTORAL STATISTICS

Table 243-ELECTIONS TO THE VIDHAN SABHAS-contd.
(State Legislative Assemblies)

- (a) The first General Election in the country was held from October, 1951 to March, 1952. At that time, there were three types of constituencies, single member, two member and three member.
- (b) In Second General Election 1957, there were two types of constituencies- single member and two member. Figure 116,244,689 includes number of votes polled in two member constituencies.
- (c) Including three seats allotted to Naga Hills District where the constituencies failed to elect any member.
- (d) Figures relate to mid-term General Election to the Legislative Assembly of Haryana which went to poll in 1968 and Bihar, Nagaland, Punjab, Uttar Pradesh, West Bengal and Pondicherry which went to poll in 1969.
- (e) This includes figures for Orissa, Tamil Nadu and West Bengal which went to poll in 1971.
- (f) This includes figures for Andhra Pradesh, Assam, Bihar, Gujarat, Haryana, Himachal Pradesh, J. & K., Karnataka, Madhya Pradesh, Maharashtra, Manipur, Meghalaya, Punjab, Rajasthan, Tripura, West Bengal, Delhi, Goa, Daman & Diu and Mizoram.
- (g) This includes figures for Manipur, Nagaland, Orissa, Uttar Pradesh and Pondicherry which went to poll in 1974.
- (h) This includes figures for Bihar, Haryana, Himachal Pradesh, Jammu & Kashmir, Kerala, Madhya Pradesh, Nagaland, Orissa, Punjab, Rajasthan, Tamil Nadu, Tripura, Uttar Pradesh, West Bengal, Delhi (Metro), Goa, Daman & Diu and Pondicherry, which went to poll in 1977.
- (i) This includes figures for Andhra Pradesh, Assam, Karnataka, Maharashtra, Meghalaya, Arunachal Pradesh and Mizoram which went to poll in 1978.
- (j) In 1979-80, 16 States/Union Territories went to poll i.e. Bihar, Gujarat, Kerala, Madhya Pradesh, Maharashtra, Manipur, Orissa, Punjab, Rajasthan, Sikkim, Tamil Nadu, Uttar Pradesh, Arunachal Pradesh, Goa, Daman & Diu, Mizoram and Pondicherry.
- (k) This includes figures for Haryana, Himachal Pradesh, Kerala, Nagaland and West Bengal which went to poll in 1982.
- (l) This includes figures for Andhra Pradesh, Karnataka, Meghalaya, Tripura and Delhi which went to poll in 1983.
- (m) The figures are exclusive of figures in respect of one Assembly Constituency where the poll was countermanded and 16 Assembly Constituencies where poll was adjourned.
- (n) The figures are excluding figures for 48-Doda Assembly Constituency.
- (o) Figures in respect of all 18 states (Andhra Pradesh, Assam, Bihar, Gujarat, Himachal Pradesh, Madhya Pradesh, Maharashtra, Manipur, Orissa, Punjab, Rajasthan, Sikkim, Tamil Nadu, Uttar Pradesh, Arunachal Pradesh and Goa, Daman and Diu, Karnataka, and Pondicherry).
- (p) The General Election to the Haryana, Jammu and Kashmir, Kerala, Mizoram, Nagaland and West Bengal Legislative Assemblies held in 1987.
- (q) This includes figures for Meghalaya and Tripura which went to poll in 1988.

CE-Total Electors for 105 Contested Constituencies. TE-Total Electors for all 109 Constituencies including 4 uncontested constituencies.

DV- Votes in contested constituencies including 2/3 votes for each elector in 2/3 member constituencies.

CE- Electors in the contested constituencies only.

TE- Total electors.
